

ROAD DEFECT - JET PATCHING

Do you want to reduce your labour costs and avoid potential manual handling injuries? Then maybe you should consider hiring our road defect Paveline Jet Patcher.

Historically patching works have required a number of staff, traffic management, and has been labour intensive, however this machine completes patching works with a single operator.

Let our Jet Patching truck repair those nuisance pot holes undertake minor rut corrections or even seal or re-seal lengths of road that need renewal.

Shire of Narrogin LG2LG Technical & Rural Services can provide:

- Modern Isuzu Truck;
- 2,000 litre heated emulsion tank;
- 4-5 tonne aggregate holding capacity;
- One person operator;
- Can accommodate 5mm, 7mm and 10mm aggregate;
- 2.4m broad boom emulsion spray at the rear of the unit for road sealing;
- Rear sweeper broom for road edge break preparation;
- Full safety lighting beacons front and back as well as rear flashing directional board.

Limitations & Exclusions:

- Emulsion and aggregate to be supplied by the hirer or is additional at cost plus 20%;
- Wet hire of the machine only;
- Minimum hire – 8 hours;
- Refuelling after the first 8 hours is the responsibility of the hirer.
