3. ELECTION OF DEPUTY PRESIDENT

The Deputy Shire President needs to be elected from within Council for a two-year term, as the first course of business, with the appointment expiring at the October 2023 Ordinary Election.

As the electors of the Shire of Narrogin have elected the Shire President, it is the Elected Members who are required to elect the Deputy President after each ordinary election. The Shire President is required to receive nominations for the position of Deputy Shire President at or before the first available Ordinary Council Meeting in writing to president@narrogin.wa.gov.au or by completing the nomination form sent separately.

The process for determining the result of any election for the position (in the event of there being more than one accepted nomination) will be in accordance with Schedule 2.3 of the Local Government Act 1995. Voting for the position will be by secret ballot and all Councillors in attendance must vote.

If, when the votes cast are counted, there is an equality of votes between two or more candidates who are the only candidates in, or remaining in, the count, the count is to be discontinued and, not more than seven days later, a special meeting of the Council is to be held. Any nomination for the office may be withdrawn and further nominations may be made, before or when the special meeting is held. When the special meeting is held, the Councillors are to vote again on the matter by secret ballot as if they were voting at an election.

The Councillor elected as the Deputy Shire President is to assume the role upon being declared elected and having made the Declaration of Office.

cr was nominated for the position of Deputy Shire President.
There being no further nominations at the close of the election, the Shire President declared or Deputy Shire President, for a two year term expiring in October 2023.

Summary

Council's consideration is requested in regard to the Application for Planning Consent for a proposed dance studio at Lot 45 (No. 52) Fortune Street, Narrogin.

Background

On 24 September 2021, the Shire received an Application for Planning Consent from Narrogin Dance Centre to utilise Lot 45 (No. 52) Fortune Street Narrogin, for a Dance Studio.

The purpose of the business is to teach dance and run fitness classes to students of all ages.

The business is run by two people and no other employees. Class sizes vary from 5 to 25 people.

The subject lot has a total area of 1,108m² and has been a TAFE and showroom in recent years. The proposed dance studio will be located in the main office/showroom section of the lot which is approximately 220m².

Consultation

A site visit was undertaken by the Planning Officer on 15 October 2021.

Under Clause 6.3 of the Former Town of Narrogin Town Planning Scheme No. 2 (FTPS2) for 'PS' uses, Council may give notice of the Application, but is not required to do so.

It is requested that the Council dispense of public advertising as per Clause 6.3 on the basis that similar approvals for businesses that run fitness classes have not attracted any negative feedback.

Statutory Environment

The following statutory documents relate to the proposal:

- Environmental Protection Act 1986
- Environmental Protection (Noise) Regulations 1997
- Planning and Development Act 2005
- Former Town of Narrogin Town Planning Scheme No. 2
 - Clause 6.3 Special Approval.

Policy Implications

Outcome:	1.1	Growth in revenue opportunities		
Strategy:	1.1.1	Attract new industry, business, investment and encourage diversity whilst encouraging growth of local business		
Strategy:	1.1.2	Promote Narrogin and the Region		
Objective	2.	Social Objective (To provide community facilities and promote social interaction)		
Outcome:	2.1	Provision of youth services		
Strategy:	2.1.1	Develop and implement a youth strategy		
Outcome:	2.2	Build a healthier and safer community		

Comment/Conclusion

Zoning

Lot 45 (No. 52) Fortune Street, Narrogin is zoned "Central Business" under the FTPS2. The Policy Statement for the zoning states:

"To provide for the function and development of the town centre primarily for retail shops and offices, Council will control the development of other uses and co-ordinate such uses to ensure that compatible development occurs in like areas."

The proposed Dance Studio falls under the definition of 'Public Amusement', which:

"means land and buildings used as a theatre cinema, dance hall, skating rink, squash court, swimming pool, meeting hall or non-residential club or for the playing of active indoor sports."

Such use is listed as a PS use under the 'Central Business Zone', which means:

"Use not permitted unless special approval given by Council and conditions complied with."

Clause 6.3 – Application for Special Approval of the FTPS2 states as follows:

"6.3.1 The Council shall in the case of an application for permission to carry on a use marked AP in the Development Table and may in the case of an application for permission to carry on a use marked PS in the Development Table or in any other case in which application is made for its approval give notice of the application in accordance with the provisions of this Clause.

6.3.2 Where the Council is required or decides to give notice of an application the Council shall cause:

- a) notice of the proposed use and development to be sent by post or delivered to the owners and occupiers of land within an area determined by the Council as likely to be affected by the granting of the application;
- b) notice of the proposed use and development to be published in a newspaper circulating in the Scheme Area and in the State of Western Australia stating that submissions may be made to the Council within 21 days from the publication thereof; and
- c) a sign displaying notice of the proposed use and development to be erected in a conspicuous position on the land for a period of 21 days from the date of publication of the notice referred to in paragraph (b) hereof."

Given that there have been a number of fitness class businesses established in the 'Central Business Zone' with no negative submissions received during those previous public advertising periods, it is recommended that Council waive the requirement for public advertising as the application is unlikely to attract negative feedback based on previous applications.

Clause 6.3.5 further states:

"6.3.5 A resolution to grant special approval must be passed by an absolute majority of the Council."

Car parking

Under FTPS2, Public Amusement Uses are required to have 1 car bay per seat. This is not a practical way to assess carparking for this development as classes will be conducted standing and will vary in numbers. Instead, the more appropriate requirement in calculating the carparking in the Central Business Zone, is 1 car bay per 33m² of gross floor area.

Using this method, the 220m² Dance Studio needs to provide seven (7) parking bays. Aerial Imagery shows that there is sufficient space on site to meet this requirement.

Landscaping

The Zoning Table of FTPS2 requires that Central Business zoned lots are to dedicate 7% of the lot to landscaping. There is currently no landscaping on site so this will need to be included in the conditions if approved.

It is noted that in the scheme, in clause 3.3.3, it states:

"3.3.3 LANDSCAPING

Notwithstanding any other provisions of this Scheme, the minimum landscaping required within the Town Centre Area may be a paved area in the form of a courtyard, plaza, arcade or walkway and shall contain such trees, other planting, seating and other furniture as may be determined by the Council."

Noise

The type of use and activities to be carried out at the premises may generate noise, however the nearest residences are 130m away and noise may be blocked by the police station that sits between the proposed dance centre and residences. The applicant has stated in their cover letter that music will be played during classes which run from 3pm to 8pm most days, however it would be played at a respectable level for the surrounding businesses and nearby residential areas. The building has a double brick wall on the eastern side to prevent noise from disrupting adjoining businesses.

Should complaints be received, it is the applicant's responsibility to manage noise levels in accordance with the Environmental Protection Act 1986 and the Environmental Protection (Noise) Regulations 1997.

Voting Requirements

Part 1 of 2 – Simple Majority

Part 2 of 2 – Absolute Majority

OFFICERS' RECOMMENDATION PART 1 OF 2

That, with respect to the Application for Planning Consent: Public Amusement (Proposed Dance Studio), Council dispenses of the requirement to advertise the Application in accordance with Clause 6.3 of the Former Town of Narrogin – Town Planning Scheme No. 2.

OFFICERS' RECOMMENDATION PART 2 OF 2

That, with respect to the Application for Planning Consent: Public Amusement (Proposed Dance Studio), Council approves the Application subject to the following conditions:

- 1. The approval shall expire if the development permitted is not completed within two years of approval, or within any extension of that time which, upon written application (made before or within 21 days after the expiry of the approval) to the Shire is granted by it in writing.
- The development approved shall be in accordance with the plans and specifications submitted with the application and these shall not be altered or modified without the prior written approval of the Chief Executive Officer.
- 3. Any use, additions to and further intensification of any part of the development or land which is not in accordance with the original application or conditions of approval shall be subject to a further development application and consent for that use.
- 4. All drainage run-off associated with the development shall be contained on site or connected to the Shire's storm water drainage system to the satisfaction of the Chief Executive Officer.
- 5. All signage is to be in accordance with the Shire of Narrogin's local laws unless further approval is granted by the Shire of Narrogin.

- 6. Additional landscaping of 75m² shall be provided in accordance with a submitted and approved landscape plan, and implemented within three months of occupancy, to be maintained for the duration of the development, to the satisfaction of the Chief Executive Officer.
- 7. The use permitted shall not cause injury to or prejudicially affect the amenity of the locality by reason or appearance or the emission of noise.
- 8. Any outside lighting to comply with Australian Standard AS4282-1997 for the control of obstructive effects of outdoor lighting and not spill into any residential premises.

Advice Note:

1. The applicant is advised that the Council has adopted a Colour Palette and Sign Guide recommending preferred finishes to buildings within the CBD and, indeed, has matching grant funding which could facilitate this, upon successful application, which the applicant is encouraged to consider.

- 2. Extract from 2019 Heritage Survey

Summary

Council is requested to consider the Application for Planning Consent for a new dwelling above an existing commercial premise at Lot 43 (No. 88) Federal Street, Narrogin.

Background

On 9 September 2021, the Shire received an Application for Planning Consent from Oaklands Investments for a new dwelling above an existing commercial premise at Lot 43 (No. 88) Federal Street, Narrogin.

The subject lot has a total area of 1,012m². The existing building occupies 415m². The proposed works are largely interior with the exception of private open space which is required by the provisions of the scheme.

The proposal is to refurbish the first floor into a self-contained dwelling comprising of three bedrooms, a study, kitchen and kitchenette, laundry and dining and living area. The internal stairs will be removed and sealed.

The proposal will install an external entrance via an external staircase at the rear of the property.

The ground floor of the building is to continue being used for Commercial purposes.

Consultation

As the proposal which is classed as a 'Commercial Use with Dwelling/Group Dwelling above' is marked as an 'AP' use in the scheme, the proposal must be advertised in accordance with Clause 6.3 of FTPS2.

Clause 6.3 has been quoted in the comments section.

A site visit was undertaken by:

- Executive Manager Development & Regulatory Services
- Building Surveyor.

Statutory Environment

The following statutory documents relate to the proposal:

- Former Town of Narrogin Town Planning Scheme No. 2
- Shire of Narrogin Local Heritage Survey 2019.

Policy Implications

Nil

Financial Implications

An Application for Planning Consent fee of \$480 has been paid to the Shire of Narrogin.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027			
Objective	1.	Economic Objective (Support growth and progress, locally and regionally)	
Objective	3.	Environment Objective (Conserve, protect and enhance our natural and built environment)	
Outcome:	3.4	A well maintained built environment	
Strategy:	3.4.1	Improve and maintain built environment	

Another strategic advantage of this proposal is that activation of the central business district will contribute to keeping it safe outside normal business hours. The Shire should encourage similar projects that improve passive security and improve housing choice.

Comment/Conclusion

Zoning

Lot 43 (No. 88) Federal Street, Narrogin is zoned "Central Business" under the FTPS2. The Policy Statement for the zoning states:

"To provide for the function and development of the town centre primarily for retail shops and offices, Council will control the development of other uses and co-ordinate such uses to ensure that compatible development occurs in like areas."

The proposed dwelling falls under the use class definition of 'Commercial use with Dwelling/Group dwelling above'.

Such use is listed as an 'AP' use under the 'Central Business Zone', which means:

"a use that is not permitted unless special approval is given by the Council after the proposal has been advertised in accordance with Clause 6.3 and it complies with –

(a) the relevant development standards contained in the Scheme; and

(b) all conditions (if any) imposed by the Council in granting planning consent to commence development."

Clause 6.3 – Application for Special Approval of the FTPS2 states as follows:

- "6.3.1 The Council shall in the case of an application for permission to carry on a use marked AP in the Development Table and may in the case of an application for permission to carry on a use marked PS in the Development Table or in any other case in which application is made for its approval give notice of the application in accordance with the provisions of this Clause.
- 6.3.2 Where the Council is required or decides to give notice of an application the Council shall cause:
 - a) notice of the proposed use and development to be sent by post or delivered to the owners and occupiers of land within an area determined by the Council as likely to be affected by the granting of the application;
 - b) notice of the proposed use and development to be published in a newspaper circulating in the Scheme Area and in the State of Western Australia stating that submissions may be made to the Council within 21 days from the publication thereof; and
 - c) a sign displaying notice of the proposed use and development to be erected in a conspicuous position on the land for a period of 21 days from the date of publication of the notice referred to in paragraph (b) hereof.
- 6.3.4 If notices have been given, after the expiration of 21 days from the publication of the notice and after the expiration of 21 days from the posting or delivery of the notices to the owners and occupiers whichever is the later, the Council shall consider the application and decide whether to grant or refuse its special approval or to grant approval upon conditions.
- 6.3.5 A resolution to grant special approval must be passed by an absolute majority of the Council."

Residential Design Codes (R-Codes)

While the FTPS2 does not require Central Business Zoned properties to be assessed against the R-Codes, the Administration deemed it suitable to assess it against the R-Codes to ensure that the proposal provides a good level of amenity for future residents. Currently there is no Residential Density Coding applicable to the Central Business zoned area.

It is noted however that the Draft Local Planning Scheme No. 3, is proposing to designate the Town Centre area to R50.

As the proposal is to refurbish the existing first floor for residential purposes, most of the assessment requirements are not applicable, such as boundary setbacks, building heights, street walls and fences. Some of the other items that require assessment are listed below:

Carparking

The minimum permitted parking within the 'Central Business' zoning for a 'commercial use with dwelling above' is one (1) bay per 33m² of gross floor area.

As the ground floor commercial space is not undergoing any changes, carparking for the residence has been assessed separately. The R-Codes have been judged by the Administration to be the best

document for assessing amenities such as carparking for the proposed dwelling. Part 5, Clause C3.1 of the R-Codes provides the minimum number of on-site car parking spaces for each single house.

As the proposed dwelling has three bedrooms and is not located within a walkable catchment of public transport, two car bays are required.

The applicant has proposed a garage with space for one car. If approved, a condition of approval will be that the applicant submit an amended site plan showing the location of the second parking bay.

The subject lot has potential to park a total of 14 car parking bays. Considering that the bottom floor is for Commercial use and that the car parking requirement is 1 car bay for every $33m^2$ of gross floor area, the total Commercial area is approximately $(21m \times 21m) 441m^2$. This means a total of 13 car bays will be set aside for the Commercial use. On this basis the total number of car bays (13 commercial use and two (2) Residential use) can be adequately provided on site.

It is recommended that the applicant provided a car parking plan of the site.

Outdoor living area

The scheme requires 40m^2 of private open space to be created for the development of the dwelling. It is proposed that this area can be allocated at the rear of the building with a minimum width and length of 4m. It is recommended that the applicant provided a plan showing the location of the private open space.

Heritage

Under the Shire of Narrogin Local Heritage Survey 2019, Lot 43 (No. 88) Federal Street, Narrogin is heritage listed as Place No. 57. The building is an example of a dominant two-storey Federation building and it contributes to the historical townscape of Narrogin's CBD area.

The place has been listed as a Category B in the Local Heritage Survey. This means:

"A place of considerable cultural heritage significance to Town of Narrogin that is worthy of recognition and protection through provisions of the Town of Narrogin Town Planning Scheme. Planning Application needs to be submitted to Town of Narrogin for any proposed development and referred to Regional Wheatbelt Heritage Adviser for comment. Recommend: Retain and conserve the place. Document the place per HCWA Archive recommendations if retention is not possible."

Clause 2.6.1 'Development Standards' states:

- 1. No person shall without the special approval of the Council at or on a Significant and Historic Place:
 - a. carry out any development;
 - b. demolish a building or structure or damage the significant and historic place;
- 2. Without affecting the generality of any other provision of the Scheme specifying the manner in which the Council is obliged or permitted to deal with an application for development approval, the Council in dealing with any application for development approval may for reasons related to the conservation of a place of cultural heritage significance:
 - a. refuse approval;
 - b. grant approval without conditions; or

- c. grant approval with conditions including conditions aimed at the conservation of the place.
- 3. The provisions of Clause 6.3.2 of the Scheme shall with the necessary modifications having been made, apply to applications under paragraph 1 a) and 1 b) for the special approval of the Council in respect to Significant and Historic Places.
- 4. The Council may give its special approval to the restoration of a Significant and Historic Place notwithstanding that the work involved does not comply with the Building Code of Australia 1990 (as amended), or with the provisions of the Development Table for the Zone or Area in which the Place is situated.
- 5. Any person whose land or property is injuriously affected by a decision of the Council refusing an application for its consent to do any of the things mentioned in paragraph 1 above or granting its consent subject to conditions not acceptable to the applicant may if such refusal or conditions relate to the preservation of the place and if the claim is made within six months of the decision of the Council claim compensation from the Council.
- 6. The purpose and intent of this area is to ensure that any places of value are conserved and that all new development or redevelopment respects in its design and finishes (but not necessarily reproduces) the prevailing character and style of construction, especially those existing elements that best demonstrate historical and architectural integrity and history of the Town.
- 7. In considering any application to commence development the Council shall have due regard for any policy statement of the Council and to the published views of the Heritage Council of Western Australia, the Australian Heritage Commission, the National Trust of Australia (WA) and to the views of those or any other relevant bodies, which views the Council may solicit."

The majority of the proposed works are on the interior of the building. A site visit, undertaken by the Executive Manager Development and Regulatory Services and the Building Surveyor, confirmed there is little heritage value on the interior of the building. The exterior of the building especially at the top half is fairly close to the original with the exception of the bright blue paint.

The attached plans show that the only exterior changes will be located at the rear of the building. These include:

- Removal of roller door and replacement with self-closing door on first level.
- New staircase from first floor to garage.
- 40m² or more private open space on ground level behind existing building.

Voting Requirements

Part 1 of 2 – Simple Majority Part 2 of 2 – Absolute Majority

OFFICERS' RECOMMENDATION - PART 1 OF 2

That, with respect to the proposed dwelling above commercial premise at Lot 43 (No. 88) Federal Street, Narrogin, Council publicly advertise the proposal for a period of 21 days in accordance with Clause 6.3 of the Former Town of Narrogin – Town Planning Scheme No. 2.

OFFICERS' RECOMMENDATION - PART 2 OF 2

That, with respect to the proposed dwelling above commercial premise at Lot 43 (No. 88) Federal Street, Narrogin, if there are no negative comments received at the close of advertising, Council approve the application subject to the following conditions:

- 1. The approval shall expire if the development permitted is not completed within two years of approval, or within any extension of that time which, upon written application (made before or within 21 days after the expiry of the approval) to the Shire is granted by it in writing.
- The development approved shall be in accordance with the plans and specifications submitted with the application and these shall not be altered or modified without the prior written approval of the Chief Executive Officer.
- 3. Any use, additions to and further intensification of any part of the development or land which is not in accordance with the original application or conditions of approval shall be subject to a further development application and consent for that use.
- 4. All drainage run-off associated with the development shall be contained on site or connected to the Shire's storm water drainage system to the satisfaction of the Chief Executive Officer.
- 5. A minimum of 40m² of Private Open Space with a minimum width and length of 4m be provided and maintained at all times to the satisfaction of the Chief Executive Officer.
- 6. The proposed self-closing door on the first level shall be kept locked with a child proof lock when not in use.
- 7. All signage is to be in accordance with the Shire of Narrogin's local laws, unless further approval is granted by the Shire of Narrogin.
- 8. The proposed dwelling requires a total of two car bays. The applicant is requested to provide an amended site plan showing the location of one additional parking bay for the approved dwelling and 13 bays for the existing commercial use to the satisfaction of the Chief Executive Officer.
- 9. Bins and storage areas shall be screened from public view to the satisfaction of the Chief Executive Officer.

Advice Note:

 The applicant is advised that the Council has adopted a Colour Palette and Sign Guide recommending preferred finishes to buildings within the CBD and, indeed, has matching grant funding which could facilitate this, upon successful application, which the applicant is encouraged to consider.

PLACE No. 57

FEDERAL STREET GROUP

Narrogin Town Centre Heritage Protection Area

GRADE B: High level of cultural heritage significance to Shire of Narrogin 'Heritage List.'

TPS: Development Application. Retain & conserve.

CONTRIBUTION to HPA: Moderate

DESCRIPTION:

The double-storey building presents a symmetrical frontage with a simple parapet. The front wall has 5 equally spaced single double-hung windows at the first floor, below which at ground-floor wall-height are moulded triangular pediments. The suspended canopy across the front of the building partially obscures the pediments. The original 5 shop fronts have been removed and are now an entire intervention of expansive blank frontages and aluminium framed shop front windows.

Summary

Council is requested to consider an Application for Planning Consent for an Oversize Outbuilding at Lot 923 (No. 21) Argus Street, Narrogin.

Background

On 4 August 2021, the Shire of Narrogin received an Application for Planning Consent for an Oversize Outbuilding at Lot 923 (No. 21) Argus Street, Narrogin. The proposal is necessary to house a light rigid (LR) commercial vehicle and for the repair of vintage motorcycles. The proposed outbuilding includes a hoist for conducting repair works.

The proposed outbuilding is to be constructed of steel frame, with Colorbond roof and external cladding. The total area of the outbuilding is 5m wide and 15m in length with a wall height of 5m and ridge height of 5.4m.

Consultation

The applicant was instructed by the Shire that, given the reduced setback and increased height of the proposal, the neighbours on the north side of the proposal would need to be consulted.

The owners of the two neighbouring properties have provided their comments to the Shire. One owner indicated no concerns, while the other listed aspects of the design, that would negatively impact them. The latter comment can be summarised as follows:

- The wall height is significantly higher than other outbuildings in the area
- The plans do not provide details on the finished floor level and the site is on a hill
- The decreased setback and height would create a build up of heat near the respondent's chook pen.

The full comments are included in the schedule of submissions (Attachment 2).

Statutory Environment

Sections of the Acts, Regulations and/or Local Laws that apply to this item include:

• Former Town of Narrogin, Town Planning Scheme No. 2.

Policy Implications

The following policies relate to this item:

- State Planning Policy 7.3 R-Codes Volume 1;
- Local Planning Policy D8 Oversize Outbuildings;
- Local Planning Policy D9 Commercial Vehicle Parking.

Financial Implications

An Application for Planning Consent Fee of \$147 was paid to the Shire of Narrogin on 6 August 2021.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027				
Objective	3.	Environment Objective (Conserve, protect and enhance our natural and built environment)		
Outcome:	3.4	A well maintained built environment		
Strategy:	3.4.1	Improve and maintain built environment		

Comment/Conclusion

Zoning

Lot 923 (No. 21) Argus Street, Narrogin is zoned Single Residential R 12.5 with a total site area of 2017m².

Residential Design Codes (R-Codes)

Part 5.4.3 C3 of the R-Codes states the following Outbuildings are Deemed to Comply:

"Outbuildings that:

- i. Are not attached to a dwelling;
- ii. Are non-habitable;
- iii. Collectively do not exceed 60m² in area or 10 percent in aggregate of the site area, whichever is the lesser:
- iv. Do not exceed a wall height of 2.4m;
- v. Do not exceed ridge height of 4.2m;
- vi. Are not within the primary or secondary street setback area;
- vii. Do not reduce the amount of open space required in Table 1; and
- viii. Are setback in accordance with Tables 2a and 2b."

The proposed outbuilding is compliant with i, ii, vi and vii. It is not compliant with iii, iv, v and viii.

Clause iii has been modified by Local Planning Policy D8 and so an assessment against the Local Planning Policy D8 is required.

Notwithstanding the above 'Deemed to Comply' provisions, the Design Principles, part 5.4.3 P3 of the R-Codes allows "Outbuildings that do not detract from the streetscape or the visual amenity of residents or neighbouring properties."

D8 – Oversize Outbuildings Policy

The Oversize Outbuilding Policy allows for outbuilding sizes that exceed the R-Codes requirements to be approved under delegated authority. The requirements of the Oversize Outbuildings Policy states that in the Single Residential Zone, the following maximum sizes shall apply: "10% of the lot size or 60m² whichever is the great."

Using this to assess the proposal, the maximum outbuilding coverage able to be approved under delegated authority at Lot 923 is $202m^2$. The proposal seeks a total outbuilding coverage of $155m^2$. This is compliant with D8 – Oversize Outbuilding Policy.

Compliance table

The following table summarises each non-compliance and the officer's comment on each:

	Proposed	Required	Officer's Comment
Side Setback 1	1.0m	1.7m	There is no justification for the reduced side
			setback. The reduced impact will negatively
			affect neighbours on the north side.
			Recommend increasing setback to 1.7m
			through the use of planning conditions.
Side Setback 2	23m	1.7m	Compliant
Front setback	37m	7.5m	Compliant
Rear setback	15.3m	6m	Compliant
Wall height	5m	Council discretion	An increased setback to 1.7m and screening
		required above 2.4m.	can mitigate this issue.
Ridge height	5.47m	Council discretion	An increased setback to 1.7m and screening
		required above 4.2m	can mitigate this issue. The ridge height is only
			0.47m above the wall height so is unlikely to
			cause any additional concerns over the wall
			height.
Colour	Cream	Cream is compliant.	Applicant has stated that red could be used
	walls,	Zincalume is not	instead of zincalume. This would be compliant.
	zincalume	compliant.	However, given the increased wall height, it is
	roof		recommended that the applicant select a green
			colour which would help the outbuilding to
			better blend in with the surroundings.
Maximum	155m ²	Max of 202m ²	Compliant
outbuilding			
coverage			

D9 - Commercial Vehicle Parking

The reason for the Outbuilding's increased wall and ridge height is due to the owner needing to store a commercial vehicle on site. The vehicle is a 3.5 tonne Light Rigid vehicle. It is owned by the owner's employer. The owner anticipates that the vehicle will be parked on the property for nine weeks of the year.

The applicant will be advised that the parking of commercial vehicles in residential areas requires planning approval in accordance with Clause 3.6 of FTPS2, Parking and Repair of Commercial Vehicles and Local Planning Policy D9.

It should be noted that whilst approval for the oversize Outbuilding is being recommended, the subsequent use of it, by the applicant, or any other occupier into the future, for parking of a Commercial vehicle, requires a separate Planning Application, as it this is tied to the applicant, and not the land.

Voting Requirements

Simple Majority

OFFICERS' RECOMMENDATION

That, with respect to the Application for Planning Consent: Oversize Outbuilding at Lot 923 (No. 21) Argus Street, Narrogin, Council approve the application subject to the following conditions;

- 1. The approval shall expire if the development permitted is not completed within two years of approval, or within any extension of that time which, upon written application (made before or within 21 days after the expiry of the approval) to the Shire is granted by it in writing.
- The development approved shall be in accordance with the plans and specifications submitted with the application and these shall not be altered or modified without the prior written approval of the Chief Executive Officer.
- 3. Any use, additions to and further intensification of any part of the development or land which is not in accordance with the original application or conditions of approval shall be subject to a further development application and consent for that use.
- 4. All drainage run-off associated with the development shall be contained on site or connected to the Shire's storm water drainage system to the satisfaction of the Chief Executive Officer.
- 5. The north side setback of the outbuilding is to be increased to 1.7m from the boundary line.
- 6. Screening in the form of a fast and tall growing tree species is to be planted in the north side setback area within three (3) months of completing the outbuilding and maintained at all times to the satisfaction of the Chief Executive Officer.
- 7. The outbuilding is to be a green colour in order to blend in with surrounding vegetation and the similar outbuilding at 23 Argus Street. The use of Zincalume and other reflective materials are not permitted.
- 8. The proposed outbuilding is for domestic purposes only and shall not be used for commercial or habitation purposes.
- Construction of the outbuilding shall be kept clear from all service connections.

Advice Note:

The applicant is advised that the parking of commercial vehicles in residential areas requires
planning approval in accordance with Clause 3.6 of Former Town of Narrogin, Town Planning
Scheme No. 2, Parking and Repair of Commercial Vehicles and Local Planning Policy, number
D9 - Commercial Vehicle Parking.

Submissions	Comment	Officer Comment	Recommendation No change.	
Public 1	To whom it may concern, I have no objection to the proposal for the erecting of an outbuilding on the property of 21 Argus Street, Narrogin, WA as identified on Annex A.	Noted.		
Public 2	 The wall height of the shed (5.0m) is significantly higher than all of the outbuildings on this, and adjacent, properties, and will not be in keeping with the relatively low-profile structures for this area. There are no details for the proposed floor level of the building relative to the natural surface i.e. is the building at natural surface at the eastern end, or in cut to allow the building to be at natural surface at the western end? The block has a significant slope and the floor levels will be critical in assessing how high the building is relative to my property. 	There are no outbuildings in the surrounding area that reach 5m tall. A site visit found that the slopes do increase slightly towards the east. With the increased slopes, the top of the outbuilding would still be in line with existing roof heights when viewed from Argus Street and Homer Street. There would be a large wall height near the	Height should be reduced or screening and increased setback provided It is recommended that the outbuilding be further setback to 1.7m	
	There is no information about the colour of the north facing wall.	respondent's property. The applicants have stated that the shed will be classic cream and roof is to be zincalume although red is also being considered for the roof.	Zincalume is highly reflective. A darker red option would be more appropriate; however, the applicant will be encouraged to choose a leafy green colour. This would be more in line with existing outbuildings and would blend in better with surrounding trees.	

Submissions	Comment	Officer Comment	Recommendation
	4. I am concerned that the proposed height of the structure, the proposed 1.0m offset proximity to the fence, and the colour will cause an excessive build up of heat in the south west corner of my block – this is the location of my chook yard.	The cream colour is unlikely to cause a heat build up but could be somewhat reflective. Given the height and a lack of structures on the south side of the proposed shed, the reduced setback cannot be	The reduced setback should not be allowed. It is unlikely there would be a significant heat effect.
	5. The removal of trees, and the height of the shed will be visually intrusive compared to the current situation.	justified. Agreed.	The shire has no planning policy in relation to retaining trees. The decreased setback cannot be justified and it is recommended that trees be planted to reduce the visual impact of the outbuilding.
	6. There doesn't seem to be any obvious reason for permitting such a high (5.0m) sided shed in a residential area. I note that this is 60% higher than the pre-approved guidelines for outbuildings in residential areas and seems excessive for an outbuilding on a residential property.	The height of the outbuilding is to allow for the parking of a commercial vehicle with antennae. Council has the ability to vary the heights prescribed in the scheme.	The impacts of the increased height can be overcome by an increased setback and screening.
	I would like to request that floor levels of the shed be determined and shown relative to the current property levels before any further considerations are given for the shed to proceed. I would like the structure height reduced to approx. 3.0m wall heights typical of adjacent properties.	The Shire may allow larger outbuilding heights where it does not have an impact on adjoining properties, if it is	Floor level details will be required in the assessment of a building application. Conditions for an increased setback and screening can mitigate some concerns about height.

- 2. FLOCON Specifications and Information
- 3. Picture of Current 29 Year-Old Truck Mounted Flocon unit

Summary

Council is requested to consider awarding the purchase of a new Road Maintenance Truck with a mounted Flocon unit, pursuant to RFQ 21/22-04 to Truck Centre WA, for the sum of \$349,881 ex GST, as per their quotation.

Background

The purchase of a new replacement truck mounted Flocon unit, was identified in the 2020/21 Budget as well as the adopted Plant Replacement Program (2017 to 2027). As the purchase amount for a new Flocon was expected to be in excess of \$150,000, a Request for Quotation (RFQ) was prepared and advertised through the WALGA Preferred Supplier eQuotes Portal, consistent with Council's Purchasing Policy.

Consultation

The RFQ was considered and evaluated by:

- Executive Manager Technical and Rural Services;
- Manager Operations Technical & Rural Services; and
- Maintenance Foreman Technical & Rural Services.

Consultation was also entered into with the Road Reference Group when considering the 2017-2027 Plant Replacement Program which was adopted by Council.

Statutory Environment

Local Government Act 1995 S3.57 – Tenders for Providing Goods or Services.

Local Government (Functions and General) Regulations 1996 Part 4 – Provisions of Goods and Services, Division 2 – Tenders for Providing Goods and Services (s.3.57).

Policy Implications

Policy 3.1 – Purchasing Framework, is applicable.

Financial Implications

The purchase of the new truck with a mounted Flocon unit is wholly contained within the 2021-2022 adopted Budget with an amount of \$350,000 ex GST (PA8215) allocated for the purchase.

The disposal of the current truck and Flocon unit is estimated at \$5,000 (PD8125) and will be disposed of during the year, possibly by public auction.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027					
Outcome:	1.3 An effective well maintained transport network				
Strategy:	1.3.1	Maintain and improve road network in line with resource capacity			

Comment/Conclusion

As previously mentioned, the purchase of new truck with a mounted Flocon unit is identified in the 2021 – 2022 adopted Budget and the adopted 2017 – 2027 Plant Replacement Program.

The purchase of the new Flocon unit is to replace the current Flocon unit which is 29 years old, built in 1992, with the current unit well past its useful lifecycle. Parts for the current unit are increasingly difficult to obtain and sometimes cannot be sourced.

The new Flocon unit is a purpose built road maintenance plant, capable of spraying bitumen emulsion from the rear of the truck and spreading aggregate via a spreader box, for the repair of existing bitumen seals as well as sealing newly constructed gravel road pavements for minor projects.

The plant can also perform surface corrections in pavement using hot asphalt or cold mix asphalt which can be utilised for asphalt footpath or road repairs reducing the need to engage contractors.

The Flocon unit can also repair edge breaks in the road seal on the shoulder of a road and in addition, can be used for crack sealing, pot-hole repairs, spreading of lime sand/cement for surface failure stabilisation works and hand spraying tasks with bitumen emulsion. For further details about the Flocon unit, please see Attachment 2.

The new Flocon unit is basically a one plant solution for the vast majority of the Shire's road maintenance tasks and can carry out all functions of the current Flocon unit and the Jet Patcher which are both identified in the adopted 2021-2022 Budget and the 2017-2027 Plant Replacement Program for disposal this financial year. They will both be disposed of during the financial year.

The truck that is identified in Truck Centre WA's submission, that will accommodate the mounting of the Flocon unit is a UD Croner PK 18 280. The Shire currently has UD trucks within its plant fleet for heavy duty road construction and these trucks have proven to be successful over a number of years.

The purchase of the new truck mounted Flocon unit was advertised through the WALGA Preferred Supplier eQuotes Portal to four suppliers from 24 September 2021 to 8 October 2021. The WALGA suppliers that were invited to quote were:

- Truck Centre WA;
- Hino Motor Sales Australia;
- South West Isuzu; and
- Daimler Trucks Perth.

The RFQ was evaluated on 60% price, 25% specification and 15% warranty with Truck Centre WA presenting the best and highest scoring evaluation for their submission.

Flocon is an Australian company, that manufactures that particular type of plant, used by many local governments and private enterprises nation-wide, (see Attachment 2 for referees) within their plant fleet for road maintenance. All suppliers were asked to supply a quotation for an item of plant matching the specifications of a Flocon and a suitable truck for it to be mounted on.

Voting Requirements

Simple Majority

OFFICERS' RECOMMENDATION

That Council award the purchase of a new Road Maintenance Truck with mounted Flocon unit, pursuant to RFQ 21/22-04 to Truck Centre WA, for the sum of \$349,881 ex GST, as per their quotation.

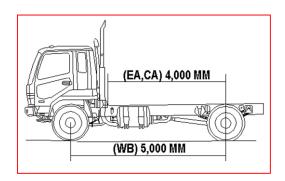

ACN 006 129 040 ABN 19 006 129 040 29 - 31 Apollo Drive, Hallam, Victoria, 3803.

Phone: (03) 9703 2777 Fax: (03) 9703 2933

LONG WHEELBASE MODEL WITH OR 1,000-1,500 LITRE FORWARD EMULSION TANK

4X2 VEHICLE APPROXIMATE DIMENSIONS:

Wheelbase: 5,000 mm.
Cab-Axle: 4,000 mm.
Length of Body: 4,500 mm.
Width of Body: 2,400 mm.
Height of Body: 1,000 mm.
Body Capacity; 4.80 m3.

VEHICLE APPROXIMATE WEIGHTS:

Cab Chassis Legal GVM: 16,000 kgs. Cab Chassis GCM: 32,000 kgs. Front Axle Capacity: 6,000 kgs. Rear Axle Capacity: 10,000 kgs. Tare Weight of 16,000 KG Cab Chassis: 4,650 kgs. **Tare Weight of Body HDCC9:** 2,600 kgs. **Tare Weight of Emulsion Tank:** 500 kgs. Tare Weight of 16T Cab Chassis & Body: 7,750 kgs. 1,000 kgs. **Payload of Emulsion Tank: Approximate Payload 16T Unit:** 6,750 kgs.

1 Body Capacity.

The body unit is of **4.80 m3 / 7-8 tonne** capacity and is capable of receiving and discharging a range of products including hot and cold asphalt, sands, soils, gravel, crushed rock, lime, cement up to 75 mm particle size.

1.1 Body Access Ladder.

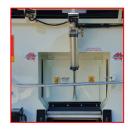

A 3 point contact access ladder will be installed on theleft or right front sides of the body.

1.2 Air Tailgate.

The unit is fitted with an air cylinder to open and close the tailgate at the rear of the body. The air cylinder opens and closes automatically when the cabin or rear discharge switches are activated on or off. A isolation switch is also fitted at the rear of the body to disengage the air cylinder if the tailboard is required to be open manually.

2 Inbuilt Hydraulic Conveyor.

Our offer includes the supply of an inbuilt hydraulic driven slat conveyor operated from a push pull switch situated in the cabin of the truck and also from the rear of the body buy a push button. The conveyor speed is varied by adjustment of a manual speed control lever located in an accessible area on the body. The conveyor is capable of discharging material whether the vehicle is stationary or mobile. The conveyor is able to unload its legal capacity in an even flow without stalling or jamming. The material can be discharged

horizontally into any one of the following standard attachments supplied with the body:

2.1 Directly to the Ground.

Directly to the ground from the rear of the body via the slat conveyor system with an approximate spreading width of 850mm.

2.2 Shovel Bin.

The shovel bin provides the operator with access to shovel material at a comfortable shovelling height of **500 mm**.

2.3 Rhyll Maker.

Alternatively, the base of the shovel bin can be removed. This allows the material to fall directly through the shovel bin creating a Rhyll spread

2.4 Side Delivery Chute.

A kerb side basic delivery chute is supplied for placing material behind the kerb side wheels only.

(Not outside the vehicle wheel line)

A driver sides basic delivery chute is available as an additional option.

2.5 Full Width Spreading Plate.

The plate is used for basic full width vehicle spreading.

The shovel bin, side chutes and spreading plate are easily removable from the rear of the body.

2 Inbuilt Hydraulic Conveyor. (continued)

2.6 Shovel Cleaning Bin.

Our shovel bin has a capacity for up to two medium sized shovels. The shovels are cleaned by placing 10-15 litres of cleaning fluid in the bin. A hinged splash proof lid minimises spills, and a drainage plug in the base of the bin allows for easy cleaning.

2.7 Witches Hat Stand.

A witch's hat spike is installed to the body with easy access To most common witches' hats

3 Body Heating and Insulation.

3.1 Body Exhaust Heating.

The body floor is channelled and sealed to receive the exhaust gases for the heating of the body direct from the truck engine.

3.2 Exhaust Heating Isolation Valve.

The exhaust system to incorporate a valve to allow the body to be heated or left cold, at the discretion of the operator.

3.3 Body Insulation.

The body sides & floor are fully insulated by a fibre-wool material of a minimum 25 mm thick at 80 Kg/m3 density.

4 Body Hydraulic Operating Systems Available.

4.1 Vehicle Engine Drives and Hydraulic Piston Compensator Pumps. (Only if the live drive outlet is available on the relevant cab chassis)

Our offer includes the supply and installation of a piston compensator pump to fit the already installed live drive engine outlet. The size of the pump or pumps can vary depending on the hydraulic systems requirements for optional body accessories.

Or;

4 Body Hydraulic Operating Systems Available. (continued)

4.2 Allison 3000/3200/3500 Series Automatic Transmission Power Take Off,s with Single or Dual Hydraulic Gear Pumps.

Our offer includes the supply and installation of a transmission power take off with single or dual hydraulic gear pumps.

The size of the pump or pumps can vary on the units hydraulic requirements.

The automatic transmission PTO, pump or pumps combination provides an approximate flow of 37 lpm at 1000 engine revs and a working pressure up to 210 bar is available. Electric Cabin controlled.

The above automatic transmission models are similar to the live drive engine system where the PTO can be selected either in neutral or in gear with the engine running.

NOTE:

The Allison 2500 series automatic transmissions are only suitable for vehicle stop, start patching tasks if the PTO and pump combination are directly fitted to either of these transmissions. They are not suitable for vehicle moving spreading applications.

4.3 Hydraulic System Specifications.

60-100 litre capacity hydraulic oil tanks are fitted depending on the hydraulic system requirements for optional body accessories. The hydraulic oil filter is replaceable.

12/24 VDC fan forced hydraulic oil coolers can be supplied depending on the hydraulic system requirements for optional body accessories.

The 12/24vdc hydraulic solenoid body operational control valve supplied on the Flocon unit is our standard "twin system valve". This allows the hydraulic oil to be supplied and operate two separates body hydraulic functions simultaneously via electric switches. Typical of this is we can run the main conveyor and one other hydraulic function together.

4.4 Reverse Main Body Conveyor System.

The main body conveyor system can be reversed enabling the tailboard to be positively locked, avoiding product spillage. Operation via a electric reverse conveyor push button switch and simultaneously depressing the electric rear discharge button.

5 Storage Compartments.

5.1 1000 mm Storage Locker.

A lockable storage tray constructed on the **left side with gravity emulsion tank fitted. Right side with air emulsion tank fitted.**The locker is a minimum of 1 metre in length. The locker is fitted with a gas strut to assist opening the lid and 'T" bar type locking handle. The storage locker is fitted with stainless steel weather-proof hinge.

5.2 2000 mm Storage Locker.

A lockable storage tray constructed on the **right** side of the body. The locker is a minimum of 2 metres in length. The locker is fitted with gas Struts to assist opening the lid and 'T" bar type locking handles. The storage locker is fitted with stainless steel weather-proof hinge.

5.3 Sign Storage Tray.

Our offer includes the supply of a 3-500mm wide sign storage tray positioned between the front of the body and the rear of the cabin for the full width of the truck.

Our sign storage tray provides a proper storage of the basic road sign.

5.4 Left & Right Rear Corner Body Lockers.

Left and right rear corner lockers are supplied, for minor storage items, when rear emulsion and water tanks are not fitted.

Left locker normally stores the emulsion reel and the right can store the water reel and or chemical reel.

Fitted with key lockable handles. The storage lockers are weather-proof.

5.5 0.25 - 0.5m3 Side Grit/Sand Bin.

A grit or sand bin fitted in the side of the body located on the **right** side of the body.

The bin is loaded by shovel and unloaded via a single shovel tray.

5.6 0.25 – 0.5m3 Side Gravity Unloading Spoil Bin.

A spoil bin is built onto the **left** side of the body. The floor of bin is constructed from 3 mm steel and angled at approximately 40 degrees to allow material to run out when the gate is opened.

6 Tarpaulins.

6.1 Bow Tarp Hand Wind.

Our offer includes a ground operational hand wind front to rear PVC body cover with side skirts to correctly fit the body to assist in maintaining product temperature.

7 Emulsion Systems Available.

7.1 1000 Litre Gravity Emulsion Tank.

Our offer includes the supply of a OH & S Authority approved **1000 litre emulsion** storage tank fitted between the vehicle cabin and body. Access steps and standing platform to fill from included.

The emulsion tank is supplied with large inspection plates and accessible filler neck for cleaning and inspection requirements.

The tank is not subject to any air pressure to move emulsion.

7.1.1 Connection Integral Cleaning Tank to Emulsion Pump.

Our offer includes valves and hosing from the integral manufactured tank as part of the emulsion tank, for cleaning the emulsion lines, reel and lance.

7.1.2 Level System to Suit Gravity Emulsion Tanks Only.

The level system consists of a 1-litre nitrile accumulator bladder mounted near the bottom of the emulsion tank connected to a plastic pipe which runs up above the height of the tank. The bladder is filled with a non-toxic environmentally safe fluid with specific gravity similar to the emulsion. As the tank is filled, the fluid is displaced from the bladder into the plastic sight gauge. The level on the pipe follows the level of the fluid in the tank.

7.1.3 High Volume Gravity Pump System Suit 15 Nozzle Emulsion Spray Bar.

The high volume gravity pressure pump system features the reliable impeller centrifugal pump with teflon gland packing.

This packing is suitable for use with emulsion, kerosene, etc.

The pump is operated by a hydraulic motor coupled to the pump. High volume open impeller 112 Flocon emulsion pump only.

RPM: 3000.

Pressure: 100 kpa.
Flow: 300 lpm.
Tank to Pump Hose Size: 50.0 mm
Pump to Bar Hose Size: 38.0 mm
Coverage up to: 2.0 lt per m2

7.2 50mm Emulsion Tank Filter Strainer Bottom Fill.

50mm camlock connection with inbuilt removable strainer, including Male and Female Camlock installed onto filter base.

Requires 50mm Camlock connection from your bulk tank supply to your emulsion tank filter Camlock fitting.

7.2.1 Replacement Filters Bottom Fill.

Supply of inbuilt spare removable strainer only.

7 **Emulsion Systems Available. (continued)**

7.3 150mm Nozzle Spacing 2.5 Metre CRS Emulsion Spray Bar. Manual Nozzle Isolation Only.

A 15 nozzle 2.5 metre wide spray bar with an electric/air control operated from the vehicle cabin.

Application for accurate emulsion seals up from 1.0 to 2.0 litres per square metre. The 15 nozzles can be isolated individually, manual nozzle isolation only. Facility to clean spray bar only.

7.4 240 Volt Overnight Emulsion Tank Heating.

Our offer includes 240 volt immersion heater fitted into a thermowell. Designed for overnight heating of emulsion in tanks.

Vehicle immobiliser installed to ensure the vehicle cannot be started while the

240 volt system is powered and heating the emulsion. Also fitted with a RCD for personal protection and safety.

A digital temperature gauge and temperature regulated preset thermostat

of up to 60 degrees Celsius installed. Digital temperature gauge operating only when powered from a 240 volt source. Tank analogue temperature gauge installed for random temperature

checks when the 240 volt heating system is not powered.

7.5 **Emulsion Reel and Lance.**

The emulsion system includes 7 metres of 19mm hose or 11 metres of 13mm which is stored on a heavy duty all steel spring retractable hose reel. The hand lance has a separate control valve used to turn on and off the emulsion and features the new operator friendly curved end for easier application of the emulsion.

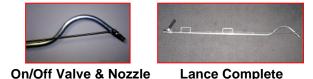

Single Nozzle Emulsion Spray Lance. 7.6

A single nozzle spray lance is available capable of spraying approx 250mm wide, complete with nozzles & shut off/on valves.

Lever Handle

Chemical Spray System and Steel Hose Reel.

A electric chemical pump is fitted below the tank and connected to a 6 metre chemical hose on a self retracting steel hose reel, spray gun.

The spray gun has a adjustable fan nozzle.

7.7

8 Water System.

8.1 Water Tank.

Our offer includes a **100 litre polyurethane water tank** fitted to the **rear of the body cab protector.**

The tank includes a filler neck and cap to top fill or is fitted with a breather to fill from a ground level connection.

A hand tap is supplied on the left and right sides of the body.

8.2 Electric Water Spray System and Plastic Hose Reel.

A electric water pump is fitted below the tank and connected to a 15 metre water hose on a self retracting plastic hose reel, spray gun. The spray gun has a adjustable fan nozzle.

9 Compacting Plate Hydraulic Lifters Available.

9.1 Kerb Side Vibrating Plate, Compacting Plate Raise and Lower Hydraulic Lifter.

Hydraulic operation of the compacting equipment carrier to suit a vibrating plate only.

The hydraulic equipment control moves the stand to the unloading position and also to the correct height for transport. Mechanical locks are provided in the transport position.

Minor manual lifting required onto the carrier while in the down position.

9.2 500 MM Auxiliary Broom.

A auxiliary broom which is fitted to the near side of the vehicle in front of the edge maintenance unit. The broom is fitted with a dust cover. Mounting is in on hydraulic platform, with variable height adjustments and variable broom speed control. If Room permits for fitting on the vehicle only.

10 Safety Warning Equipment.

10.1 'B' Type LED Single Sided Arrow Board 12/24 Volt.

One single sided 1500 mm x 750 mm directional arrow board 12/24 volt. These arrows provide directional information to the rear of the vehicle only and contain 15 LED lights. 8 amp current draw. 12/24 volt solenoid and air cylinder pressure adjustable to raise and lower the board. Front mounted Pictorial 'Workmen Ahead' logo installed on the board. Includes cabin controller, cables, wiring, brackets and Installation.

10.2 Led Amber Lights.

Two or more LED amber lights of the Customers choice are fitted to each side of the body cab protector either with a Pictorial Workman Sign or Arrow Board as required. The beacons are visual from the front and rear of the vehicle.

Controlled by a switch in the Flocon control panel located in the vehicle cabin. Fitted with a tell tale LED indicator to alert the operator the beacons are on.

The lightss can be also fitted with protective cages to avoid Incidental damage from trees etc....

10.3 Colour Dual Rear Vision Camera System.

12-24 volt 5.0" colour monitor fitted in the vehicle cabin and two body mounted cameras. A rear mounted camera enables the driver to sight all operators in a larger arc at the rear of the unit.

The second camera is mounted at the rear of the body cab protector enabling the operator to see into the body hopper to check the amount of product that is present.

The cabin monitor will automatically turn on or switch to the rear camera when reverse gear is selected.

10.4 Marker Plates.

Do Not Over Take Turning Vehicle plates are fitted to the rear of the body on applicable size vehicles only.

10.5 12/24 Volt Reverse Alarm.

(In lieu of standard truck reverse alarm) 77-102 dba self adjusting reverse alarm.

10.6 LED ADR Vehicle Lighting.

Led ADR, taillights, no plate, reverse and side lights.

10.7 Intercom.

Intercom module fitted in the vehicle cabin with external speaker fitted to the rear of the unit. Enabling the rear operators to communicate with the vehicle driver.

11 Spreading Equipment.

11.1 2.5 Metre Automatic Operation Hotmix/Premix Augured Paving Unit.

The paving units function is to spread material to a maximum depth of 150 mm and width from 0.5 metres to 2.5 metres. The paver is forced to the ground via dual adjustable air pressure cylinders. The material is fed to the outer edges of the paver by hydraulically operated left and right augers.

Manual controllable left and right blade height adjustments, rear discharge and auger control. 3.0 metre left and right adjustable cast iron travel wheels Material is fed to the paver via the conveyor rear discharge, cabin or remote controlled.

Adjustable to varying spreading widths.

12/24 Volt Ultrasonic Sensor to Control Body Conveyor System.

An Ultrasonic Sensor is fitted to the rear EMU back plate with a adjustable maximum sense range of up to 300mm and minimum sense range of 60mm.

The sensor when fitted and adjusted to the required material height in the Paver will automatically stop and start the body conveyor system feeding the Paver, eliminating the manual need to push the rear discharge solenoid button. Easily adjustable sensor heights if required.

Electric & Air Connections Dual Pressure Adjustable Air Cylinders

Left & Right Augers

Hydraulic Manifold Block

11 Spreading Equipment. (Continued)

11.2 300mm Side Conveyor On Road Edge Maintenance Unit.

This unit places the truck wheels on the road edge to enable spreading, onto the road shoulder of up to 300mm or 500mm wide, with emulsion spraying and sweeping available. Operation of the system is via the vehicle cabin and auto controlled filling of the conveyor.

A Cabin Control Panel Operation of Edging Unit Functions.

B Remote Control Operation of EMU Conveyor Feed System.

C Side Conveyor.

D 300mm Or 500 mm Side Conveyor Edging Attachment.

E Pneumatic Emulsion Spray.

F Hydraulic Operated Transverse Rotating Jib.

G 500 MM Auxiliary Broom.

H Hydraulic Raise and Lower Broom Platform Suit Broom.

I 12/24 Volt Hydraulic Dual Solenoid Valve .

J 12/24 Volt Hydraulic Oil Cooler.

11 Spreading Equipment. (Continued)

11.3 Auto Aggregate Spreader with Hydraulic Augers With Two Auto Pneumatic Cylinder Door Openers.

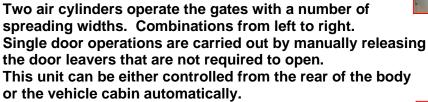

A aggregate spreader is fitted to the rear of the unit. The aggregate spreader accurately places 5-14mm aggregates at a chosen preset rate over the emulsion seal.

Spreader width is 2.4 metres with 2 x 600 mm centre doors, 2×300 mm left doors and 2×100 mm doors fitted. All the doors can be independently operated. The unit is supplied with two (2) rear shovel points.

The aggregate is fed to the aggregate spreader by the body horizontal conveyor system.

The aggregate spreader is fitted with a split auger, driven by two independent left and right hydraulic motors. The augers move the material from the centre of the spreader to the left and right outer edges.

Each auger is fitted with a material sensor switch, which allows the augers to move material independently and automatically, to the outer edges of the spreader ensuring material is kept up to the spreading sequence over the emulsion seal and in the other hand ensuring the spreader is not overfilled. The augers are covered by steel mesh allowing contact with the augers directly.

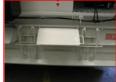

A limit switch is also provided at the rear of the body tailboard, to control the flow of varying materials into the spreader.

All the functions of the aggregate spreader, body Horizontal conveyor system are controlled by a PLC, which allows the complete system to operate automatically in the correct timings from the vehicle cabin.

12 Surface Treatment of Body.

Our units and associated equipment are prepared and painted in colour conforming to Australian Standards.

The unit will be painted as follows.

The complete body will be de-slagged from all welding processes by hand. The complete body will be de-slagged from all welding processes by grinder buffing.

The complete body will be degreased.

The complete body will be etch primed by 2-3 coats.

The body then will be painted in 2K CV Autothane paint to match the vehicle cabin or painted to suit the Customers fleet colours.

The rear surface of the body will be painted in 2K CV white to match the vehicle cabin or to a Customer preference white if the main unit is painted a colour other than white.

13 Controls.

All controls for the body inside and outside of the vehicle cabin will be clearly labelled.

Cabin controls will be clearly labelled and within reach by the driver/operator.

14 Installation.

Our offer includes fitting of the completed unit to the cab-chassis including electrical and hydraulic works.

Accurate testing and calibration of the completed unit are carried out. Our completed unit will conform to State and Federal standards including registration requirements.

15 Noise Levels.

Noise levels of the body and associated equipment except for breakers Comply with OH&S current noise regulations.

16 Instruction Books, Workshop Manuals.

Two copies of workshop manuals and spare parts manuals will be supplied for body, via hard copy, CD format & Usb.

17 Warranty.

Flocon Road Maintenance Equipment is protected by a **2 year unlimited** warranty for new units.

Flocon guarantee that it will either repair or replace free of charge any part that it manufactures and found to be defective in material or workmanship. This warranty is valid from the date Customer takes possession of the unit.

Product Warranty

18 Parts and Service.

Service and spare parts are available from Flocon Engineering P/L outlets as follows:

Victoria: Head Office, 29-31 Apollo Drive, Hallam, Vic,

3803.

Queensland: 2 Kapyong Rd Caboolture, QLD, 4510.
 Western Australia: Unit 4/27 Truganina Road, Malaga, 6062.
 Tasmania: Briar Banks Engineering P/L, Tea Tree.
 New South Wales: HTE Maintenance and Spares. Riverstone.

Spare parts within 24 hours.

19 Delivery.

Delivery for the above is **38-42 weeks** from the receipt of the Customer Official Written Order.

This delivery is based on our present workload and material supply conditions. These may vary by the time the order is placed and therefore you should confirm this delivery at the time of order placement. Please discuss this delivery with the writer should it present you with a problem.

Completed Delivery Price to Customer Destination

Delivery of the completed units are included in the Total Contract Figure specified at \$4,000.00 per unit plus GST.

Ex Melbourne to Customer destination.

Please discuss the delivery charges to your nominated destination with the under writer, should you require to pick up the units yourselves, if so the above figure would be a price reduction from the Total Contract Figure specified.

20 Australian Content.

The Australia content of our Road Maintenance unit is 85%. All manufacturing processes are carried out in our Victoria workshops to adhere to our strict quality procedures.

21 Operator Instruction and Training.

Every Flocon unit is demonstrated to the Customer employees by a fully qualified and experienced representative.

The time allowed for the operators instruction is approximately 1 day. We have, however, instructed our representative that he should not leave your premises until Customers operators are confident of the operations.

We also provide information for the mechanics and supervisors on body maintenance.

22 Customer Inspection.

Customers are welcome to inspect the progress of the unit at any time.

23 VSB6 Compliant.

The Flocon body is compliant in all facets to VSB6.

24 Research and Design.

Please Note:

All Manufacturing, Design, Research and Development is produced to suit our Customers individual requirements for their required road maintenance objectives. Flocon Manufacture equipment to exact Customer requirements.

25 Manufacturer Risk Assessment.

The Flocon body will be supplied with a manufacturer Risk Assessment before delivery.

FLOCON UNIT MAINTENANCE COSTS

DAILY MAINTENANCE:

Check water / kero tank level.

Check emulsion tank level.

Check all body lighting and switches.

Check hydraulic oil level.

Clean nozzle on emulsion lance and spray rings.

Labour approximate 30 minutes.

WEEKLY MAINTENANCE:

Check water filter strainer.

Check and adjust main conveyor tension.

Check water / kero tank level.

Check emulsion tank level.

Check all body lighting and switches.

Check hydraulic oil level.

Clean nozzle on emulsion lance and spray rings.

Labour approximate 60 minutes.

MONTHLY MAINTENANCE:

Grease front body shaft bearings.

Grease rear body shaft bearings.

Check water filter strainer.

Check and adjust main conveyor tension.

Check water / kero tank level.

Check emulsion tank level.

Check all body lighting and switches.

Check hydraulic oil level.

Clean nozzle on emulsion lance and spray rings.

Labour approximate 120 minutes.

ANNUAL MAINTENANCE:

Remove and replace hydraulic oil.

Change hydraulic oil filter.

Clean out emulsion tank.

Labour approximate 240 minutes.

Costs hydraulic oil \$3.94 per litre x 50 litres: \$ 197.00 Hydraulic Oil Filter: \$ 164.32

First Year operational costs approximate Parts only: \$500.00
Second Year operational costs approximate Parts only: \$800.00
Third Year operational costs approximate Parts only: \$1,300.00
Fourth Year operational costs approximate Parts only: \$2,800.00
Five Year operational costs approximate Parts only: \$4,318.00

Note:

If the machine is maintained and operated correctly the unit should be free of of damage other than fair wear and tear.

1. Monthly Financial Report for the period ended 30 September 2021.			

Summary

In accordance with the Local Government Financial Management Regulations (1996), Regulation 34, the Shire is to prepare a monthly Statement of Financial Activity for notation by Council.

Background

Council is requested to review the September 2021 Monthly Financial Report.

Consultation

Consultation has been undertaken with Executive Manager Corporate and Community Services.

Statutory Environment

Local Government (Financial Management) Regulations 1996, Regulation 34 applies.

Policy Implications

Nil

Financial Implications

All expenditure has been approved via adoption of the 2021/22 Annual Budget or resulting from a Council resolution.

Strategic Implications

Shire of Narrogi	n Strategic Community Plan 2017-2027
Objective	4. Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1 An efficient and effective organisation

Comment/Conclusion

The September 2021 Monthly Financial Report is presented for review.

Voting Requirements

Simple Majority.

OFFICERS' RECOMMENDATION

That with respect to the Monthly Financial Report for September 2021, Council note the Report as presented.

MONTHLY FINANCIAL REPORT

(Containing the Statement of Financial Activity)

KEY INFORMATION

▲▼ Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.

Refer to Note 2 for an explanation of the reasons for the variance.

The material variance adopted by Council for the current year is \$15,000 or 10% whichever is the greater.

This statement is to be read in conjunction with the accompanying Financial Statements and notes.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 30 SEPTEMBER 2021

EXPLANATION OF MATERIAL VARIANCES

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date The material variance adopted by Council for the current year is an Actual Variance exceding 10% and a value greater than \$15,000.

Reporting Program	Var. \$	Var. %	Var.	Timing/ Permanent	Explanation of Variance
	\$	%			
Revenue from operating activities					
General Purpose Funding - Other	96,955	31%	A	Timing	Variance due to timing of receipt of Financial Assistance Grant for first quarter.
Law, Order and Public Safety	(152,710)	(96%)	•	Timing	Timing of Receipt of \$135k fire; and timing of bushfire subsidy under Emergency Service Levy.
Education and Welfare	89,879	17%	A	Timing	Variance of 90k due to timing of the CHCP Govt revenue.
Community Amenities	147,432	19%	A	Timing	Variance due to timing of income commercial collection charges (sanitation-other) of 165k.
Transport	115,196	166%	A	Timing	Variance due to receipt of Direct Road Grant (operational) of 154k from MRWA earlier than envisaged in budget.
Expenditure from operating activities					
General Purpose Funding	41,100	50%	A	Timing	Variance due to timing of expenses related to debt collection and rates administration.
Governance	85,099	48%	A	Timing	Variance due to timing of various overhead allocations admin allocated, audit fees, insurance & consulting fees.
Health	22,999	28%	_	Timing	Timing of health inspection and admin costs.
Education and Welfare	(51,799)	(12%)	•	Timing	Variance due to timing of Homecare expenses- CHSP and CHCP.
Community Amenities	128,270	32%	A	Timing	Variance due to timing of expenditure related to waste management 85k, town planning and other community expenses of 10k, other community expenses of 20k such as maintenance of public toilets, buildings.
Recreation and Culture	252,364	30%	A	Timing	Variance due to timing of NRLC utility expense of 50k; public hall and civic centre of 20k; 110k variance in parks and gardens maintenance expense and variance of 68k due to the timing of expenses related to other cultural events and activities.
Transport	3,103,550	80%	A	Timing	Variance due to timing of maintenance expenses on roads, streets, bridges.
Economic Services	672,244	81%	A	Timing	Variance mainly due to timing of expenses related to building control and maintenance of 40k; tourism promotion activities (mainly caravan park) of 10k.
Other Property and Services	(176,181)	(153%)	•	Timing	Variance mainly due to the payment of annual software license and insurance costs early in the financial year.
Investing Activities					
Non-operating Grants, Subsidies and Contributions	(72,073)	(25%)	•	Timing	Variance due to timing of MRWA Maintenance grant received earlier than budgeted.
Capital Acquisitions	268,331	59%	A	Timing	Various capital expenditure (eg Railway Station project) progressing slower than expected and road plant purchases have been affected by global shortages.
Financing Activities					
Repayment of Debentures	18,814	201%	A	Timing	Variance due to timing of loan repayments for NRLC, Halls and TOUR activities.

KEY INFORMATION

- Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.
- ▲ Favourable variance
- ▼ Unfavourable variance

This statement is to be read in conjunction with the accompanying Financial Statements and notes.

MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDED 30 SEPTEMBER 2021

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to reporting period.

Prepared by: Manager Corporate Services

Reviewed by: Executive Manager Corporate & Community Services

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996*, *Regulation 34*. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities and to the extent they are not in-consistent with the *Local Government Act 1995* and accompanying regulations), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the *Local Government Act 1995* and accompanying regulations. Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

SIGNIFICANT ACCOUNTING POLICIES

GOODS AND SERVICES TAX

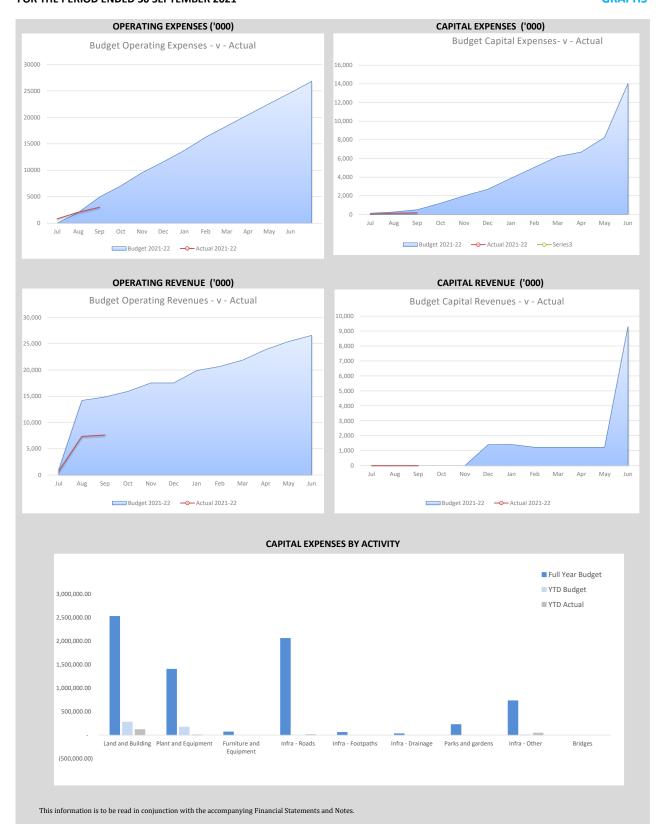

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

NET CURRENT ASSETS

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 30 SEPTEMBER 2021

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

EMPLOYEE BENEFITS

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the City has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the City expects to pay and includes related on-costs. (ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method.

Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the City does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

PROVISIONS

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

INVENTORIES

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

KEY INFORMATION

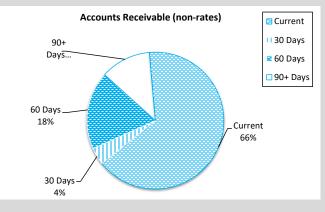

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Collected	Rates Due
18%	\$4,952,225

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

Attachments 1. Draft Terms of Reference Council Committees and Reference Groups					

Summary

Council's consideration of the needs for various Committees and Working Groups, together with their Terms of Reference, is requested.

Background

The Local Government Act 1995 and Emergency Management Act 2005 requires the establishment of the following committees:

- Audit Committee; and
- Local Emergency Management Committee.

The legislation specifies various roles and duties of these committees which have been incorporated into the Terms of Reference previously resolved.

Legislation permits, but does not require, the establishment of committees for other purposes.

The Local Government Act 1995 also specifies the requirements for establishment of committees, appointment of members and deputies, tenure etc.

Comment

The draft document attached, incorporates the changes to composition, roles and scope of the committees and reference groups since the last full review considered at the October 2019 Council Meeting.

Other than the two committees noted, all others are at Council's discretion with the exception of the OSH Workplace Committee which reports to the CEO.

Committees under the Local Government Act may be delegated powers from Council, in which case, additional requirements are imposed on the committee and the members of the committee. The Terms of Reference for Committees and Reference Groups have been developed on the basis that no

delegation of powers are to be made to any committee. Delegations to Reference Groups are not permitted by the Act.

The Act does not specifically require that committee's establishment and terms of reference(s) are reviewed. Once established, the committee continues until disbanded by resolution of Council, and the committee's terms of reference continue until amended by resolution of Council.

However, as tenure for the members of a committee (including community members) (Section 5.11 of the Local Government Act 1995) is for a maximum of two years, concluding at each ordinary local government election, it is opportune to review the committees and working groups and their associated Terms of Reference for relevance and purpose(s).

The Local Government Act 1995 allows for committees to comprise a mix of;

- Elected members
- Employees
- Other persons.

Depending on the intended purpose of the committee, its composition may be restricted or have other rights, impacts and obligations.

The committees and reference groups proposed comprise of elected members and other persons as voting members only. The attendance of certain staff may be required for advice and support etc, but they generally should not have voting membership (in the opinion of the Administration).

The Terms of Reference provide for participation in the committee or reference group:

- by a representative of a specified organisation, and
- by members of the community at large, upon their application, and appointed by name by Council.

It is not uncommon to have members of the public with relevant experience as a member of the Audit Committee, but it is not required.

There is no legislative power for any committee or reference group to "co-opt" a person as a voting member, but may invite a person to speak or present to a meeting on a matter.

Only those members of a committee or reference group as appointed by Council may move, second, vote or have a right to speak. Only a deputy appointed by Council may act as a member of a committee, if the person they are the appointed deputy for is absent for the whole of the meeting.

Legislation generally provides that:

- the Shire President may exercise a right to be a member of any committee, ex-officio
- the committee itself is to elect its presiding person and deputy
- if an employee is to be a voting member of a Committee the CEO has the right to be that employee, ex-officio, or to nominate a specific employee to be a member.

Establishment of a committee, determination of membership and terms of reference is required to be by absolute majority.

Changes to a committee or reference group terms of reference or establishment may be made at any time by Council resolution.

The Administration proposes retaining all current existing advisory committees and reference groups and altering, slightly, the terms of reference of the Townscape Advisory Committee (to meet every three months, as opposed to every six weeks), the Australia Day & Honours Advisory Committee (replacing reference of the non-operating Ratepayers & Residents Association with the Narrogin Chamber of Commerce) and Community Chest Reference Group (dealing with guiding the Community Chest Grant Guidelines), as detailed in the attachment.

Review of the previous two years' agendas for the Townscape Advisory Committee, would indicate that the volume or timing of items only requires committee consideration or recommendation to warrant a frequency of quarterly, or more often, if required.

Consultation

The Executive Management Team was consulted as to the make-up, functionality and frequency of the various Committees and Reference Groups.

Statutory Environment

Local Government Act 1995:

- Sections 5.8, 5.9, 5.10 and 5.11 establishment and composition of committees
- Section 7.1A requirement to establish an audit committee.

Emergency Management Act 2005 Section 38.

Unlike the requirement for the Council to appoint an Audit Committee and Emergency Management Committee, the Bushfires Act 1954, Section 67, provides that a Council may appoint a Bushfire Advisory Committee. Continuation of this important committee is recommended.

Policy Implications

Nil

Financial Implications

There are no relevant financial implications other than administrative.

This Council in its Annual Budget has elected to pay Elected Members an allowance annuity (paid quarterly in arrears) for attending Council and Committee Meetings (regardless of how many).

It should be noted however, that community members are not entitled to a meeting fee under the Local Government Act 1995 or Local Government Chief Executive Officers and Elected Members Determination No 1 of 2021.

Strategic Implications

Shire of Narro	Shire of Narrogin Strategic Community Plan 2017-2027						
Objective	2.	Social Objective (To provide community facilities and promote social interaction)					
Outcome:	2.3	Existing strong community spirit and pride is fostered, promoted and encouraged					
Strategy:	2.3.2	Engage and support community groups and volunteers					

Objective	4.	Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1	An efficient and effective organisation
Strategy:	4.1.1	Continually improve operational efficiencies and provide effective services
Strategy:	4.1.2	Continue to enhance communication and transparency

Voting Requirements

Absolute Majority

OFFICERS' RECOMMENDATION

That with respect to Council Committees, Reference Groups, and dealing with Council Member, Committee Member or Candidate Code of Conduct Complaints, Council establish the following Committee and Working Groups and adopt the Terms of Reference and Standard Conditions as presented in Attachment 1.

- 1. Advisory Committees
 - a. Audit Advisory Committee;
 - b. Airport Advisory Committee;
 - c. Local Emergency Management Committee;
 - d. Australia Day and Honours Advisory Committee;
 - e. Bush Fire Advisory Committee; and
 - f. Townscape Advisory Committee.
- 2. Reference Groups
 - a. Community Assisted Transport (CATS) Stakeholder Reference Group;
 - b. Community Chest Grants Reference Group; and
 - c. Roads Reference Group.
- 3. Council Member, Committee Member and Candidate Code of Conduct Complaints Authorisations.

BY ABSOLUTE MAJORITY

COUNCIL COMMITTEES and REFERENCE GROUPS

Establishment & Terms of Reference

Re-established 23 October 2019

(as at 11 March 2021)

Proposed amendments October 2021

History Summary

Item	Date	Action	Description

Establishment

Objectives

To exercise responsibility for the annual external audit and liaise with the local government's auditor so that Council can be satisfied with the performance of the local government in managing its financial affairs.

To assist Council in discharging its legislative responsibilities of controlling the local government's affairs, determining the local government's policies and overseeing the allocation of the local government's finances and resources.

To ensure openness in the local government's financial reporting and will liaise with the CEO to ensure the effective and efficient management of local government's financial accounting systems and compliance with legislation.

To facilitate –

- the enhancement and objectivity of internal and external financial reporting;
- effective management of financial and other risks and the protection of assets;
- compliance with laws and regulations as well as best practice in auditing;
- the coordination of the internal audit function with the external audit;
- the effective communication between the auditor, the CEO and the Council.

Role and Scope of Committee

1. Audit -

- a) Provide guidance and assistance to Council as to the carrying out the functions of the local government in relation to audits.
- b) Develop and recommend to Council an appropriate process for the selection and appointment of a person as the local government's auditor.
- c) Develop and recommend to Council -
 - a list of those matters to be audited; and
 - the scope of the audit to be undertaken.
- d) Recommend to Council the person or persons to be appointed as auditor.
- e) Develop and recommend to Council a written agreement for the appointment of the auditor, which is to include
 - the objectives of the audit;
 - the scope of the audit;
 - a plan of the audit;
 - details of the remuneration and expenses to be paid to the auditor; and
 - method/s to be used by the local government to communicate with, and supply information to, the auditor.
- f) Meet with the auditor once in each year and provide a report to Council on the matters discussed and outcome of those discussions.
- g) Liaise with the CEO to ensure that the local government does everything in its power to -
 - assist the auditor to conduct the audit and carry out his or her other duties under the Local Government Act 1995; and
 - ensure that audits are conducted successfully and expeditiously.
- h) Examine the reports of the auditor after receiving a report from the CEO on the matters and -
 - determine if any matters raised require action to be taken by the local government; and
 - ensure that appropriate action is taken in respect of those matters.
- i) Review the report prepared by the CEO on any actions taken in respect of any matters raised in the report of the auditor and presenting the report to Council for adoption prior to the end of the next financial year or 6 months after the last report prepared by the auditor is received, whichever is the latest in time.
- i) Review the scope of the audit plan and program and its effectiveness.
- k) Review the local government's draft annual financial report, focusing on:
 - accounting policies and practices;
 - changes to accounting policies and practices;
 - the process used in making significant accounting estimates;
 - significant adjustments to the financial report (if any) arising from the audit process;
 - compliance with accounting standards and other reporting requirements;
 - significant variances from prior years.

- Consider and recommend adoption of the annual financial report to Council. Review any significant changes that may arise subsequent to any such recommendation but before the annual financial report is signed.
- m) Address issues brought to the attention of the committee, including responding to requests from Council for advice that are within the parameters of the committee's terms of reference.
- n) Seek information or obtain expert advice through the CEO on matters of concern within the scope of the committee's terms of reference following authorisation from the Council.
- o) Review the Statutory Compliance Return and make a recommendation on its adoption to Council.

2. Risk Management -

- a) Oversight in the areas of risk management, internal control and legislative compliance in accordance with the Local Government (Audit) Regulations 1996 r.17.
- b) Consider, approve and review the annual Internal Audit Plan
- c) Advise Council on performance against the adopted Internal Audit Plan.

3. CEO support and advice -

a) Provide the CEO with interim advice of a complex or confidential nature on request by the CEO.

- End of TOR

TOR Schedule 1.1 - Risk Management

AUDIT ADVISORY COMMITTEE INTERNAL RISK MANAGEMENT REVIEW REPORT

Report prepared by Executive Manager Corporate & Community Service

Rating key: A: Acceptable I: Improvement required. U: Unacceptable, requires attention.

 RISK MANAGEMENT The following considerations were based on the Department of Local Government & Communitie Operational Guideline, No.09 dated September 2013: 			
Considerations	Rating	Observation	Strategies
 Reviewing whether the local government has an effective risk management system and that material operating risks to the local government are appropriately considered. 		•	Action required: •
 Reviewing whether the local government has a current and effective business continuity plan (including disaster recovery) which is tested from time to time. 		•	Action required: •
 Assessing the internal processes for determining and managing material operating risks in accordance with the local government's identified tolerance for risk, particularly in the following areas: potential non-compliance with legislation, regulations and standards and local government's policies; important accounting judgements or estimates that prove to be wrong; litigation and claims misconduct, fraud and theft significant business risks, recognising responsibility for general or specific risk areas, for example, environmentarisk, occupational health and safety, and how they are managed by the local government. 		•	Action required: •
4) Obtaining regular risk reports, which identify key risks, the status and the effectiveness of the risk management systems, to ensure that identified risks are monitored and new risks are identified, mitigated and reported.		•	Action required: •
5) Assessing the adequacy of local government processes to manage insurable risks and ensure the adequacy of insurance cover, and if applicable, the level of self-insurance.		•	Action required: •
6) Reviewing the effectiveness of the local government's internal control system with management and the internal and external auditors.		•	Action required: •

(7) Assessing whether management has controls in place for unusual types of transactions and/or any potential transactions that might carry more than an acceptable degree of risk.	•	Action required: •
(8) Assessing the local government's procurement framework with a focus on the probity and transparency of policies, procedures & processes and whether these are being applied.	•	Action required:
(9) Should the need arise, meeting periodically with key management, internal and external auditors, and compliance staff, to understand and discuss any changes in the local government's control environment.	•	Action required: •
(10) Ascertaining whether fraud and misconduct risks have been identified, analysed, evaluated, have an appropriate treatment plan which has been implemented, communicated, monitored and there is regular reporting and ongoing management of fraud and misconduct risks.	•	Action required: •]

INTERNAL CONTROL

- Internal Control is a key component of a sound governance framework, in addition to leadership, long-term planning, compliance, resource allocation, accountability and transparency.
- Internal control systems involve policies and procedures that safeguard assets, ensure accurate and reliable financial reporting, promote compliance with legislation and achieve effective and efficient operations and may vary depending on the size and nature of the local government.

	Strategies to maintain sound internal co of a local government.	ntrols are based	on risk analysis	of the internal operations
(1) (a)	Management Practices: Separation of roles and functions, processing and authorisation: (i) integrity and ethics; (ii) documented policies & procedures, delegated authority, levels of responsibilities and authorities;	•		Action required: •
(b) (c)	 (iii) audit practices; Management operating style. Human Resource management and practices: (i) volunteer management (ii) trained and qualified employees; and (iii) aguity and diversity leadership. 			
(d)	 (iii) equity and diversity leadership. HR Systems Control: Induction Programs Recruitment Training Performance Management 			

 (a) Information Management: (a) Data Management: Comparison of internal data with other or external sources of information, for example: (i) Geographical Information Systems (GIS); and (ii) Public Works Engineering Data (e.g.: As constructed data). (b) Control of approval of correspondence (documents, letters); and (c) Systems control: Security access, approval, version control. 	•	Action required: •
 (3) Physical and Information Security: information system access and security, for example: (a) limitations on direct physical access to assets and records; (b) control of computer applications and information system standards; (c) limitations on access to make changes in data files and systems; 	•	Action required: •
and(d) testing the arithmetical accuracy and content of records.		
 (4) Financial Management: integrity of financial systems, processes, controls, auditing, for example: (a) approval of financial transactions (records); (b) regular maintenance and review of financial control accounts and trial balances; (c) comparison and analysis of financial results with budgeted amounts; (d) report, review and approval of financial payments and reconciliations; and (e) comparison of the result of physical cash and inventory counts with accounting records. 		Action required: •

3. LEGISLATIVE COMPLIANCE

Local governments are required by legislation to complete a statutory compliance return (Compliance Audit Return or CAR) annually and have the return adopted by Council. The return is a checklist of a local government's compliance with the requirements of the Act and its Regulations, concentrating on areas of compliance considered "high risk

Legislative Compliance:	•	Action required:
(a) Statutory reporting timeframes are met;		•
(b) Council and Executive Policy Positions		
are relevant and can be complied with;		
(c) Delegations are legislatively compliant,		
understood and complied with.

1.7 Code of Conduct Complaints Committee Authorisations & Panel

Statutory context Local Government (Model Code of Conduct) Regulations 2021; Clause 11 (3), authorise the following persons to receive Division 3 complaints and withdrawals of same, relating to Council Members, Committee Members and Candidates (that become Council Members)

Appendix 1 – Standard conditions for establishment of Council Committees

Council context Appendix 1 – Standard conditions for establishment of Council Committees

History Established 24 February 2021

Establishment

Objectives

Complaints regarding alleged breaches of the Model Code in Division 3 are managed by the local council as the decision-making body of the local governments. The division also provides a process for responding to alleged breaches. The emphasis is on education and development, rather than punitive sanctions, with the aim of establishing or restoring positive working relationships and avoiding further breaches. Failure to comply with this Division may give rise to a complaint regarding the conduct of a council member, committee member or candidate, which may lead to the council making a formal finding of a breach and requiring remedial action by the individual.

Section 2 - Reference Groups

Reference Groups are not Committees of Council and exist as a forum to -

- advise staff,
- facilitate exchange of ideas and
- discuss the matters assigned.

Establishment of each Reference Group is similar to Council Committees for the sake of consistency, butconsistency but are not subject to the legislative constraints of a Committee. Where possible and appropriate, the Standard Conditions for Committees should be followed.

A Reference Group has no decision making authority whatsoever. Action may only be initiated within the scope of responsibility given to an officer of Council, or by a staff member following Council decision.

2.1 Community Assisted Transport Service (CATS) Stakeholder Reference Group

Notes

The CATS Stakeholder Reference Group membership was originally formed from the ongoing financial contributors and service providers to the CATS program. Membership was dependent on –

- continuing financial contributions of over \$1,000 per annum, and/or
- the provision of services to facilitate the service.

At Council meeting 25 October 2016, it was clarified that as foundation members, Narrogin Revheads and Narrogin Lions should remain permanent members of the Reference Group, without obligation to meet the contribution criteria.

 - f) Consider requirements of Work Crew to implement road programs (plant).
- End of TOR

Appendices

Appendix 1 – Standard conditions for establishment of Council Committees

Unless otherwise specified in the establishment of a Committee or Reference Group, the following standard conditions apply to all.

Matters will only be listed if varying from these Standard Conditions

Statutory context

The majority of Committees are established under the Local Government Act 1995 -

- s.5.8 to s.5.18 Committees and their meetings.
- s.5.19 to s.5.25 Matters affecting Council and Committee meetings.
- s.5.59 to s.5.90 Financial interests, declarations, gifts etc.

Also refer to Local Government (Administration) Regulations 1996 –

- r.4 to r.14B – Committees and committee meetings.

Shire of Narrogin Meeting Procedures Local Law 2016, unless otherwise provided for by the Act or Regulations.

Some committees, but not all, have statutory functions. If so, general references to legislative requirements are given.

Council context

From time to time, Council may adopt specific policies that affect the Committee or provide direction.

Compliance with the Shire of Narrogin Code of Conduct for Council Members, Committee Members and Candidates is mandatory, as required by the Act and Regulations.

History

First established Last amended

Establishment

Objectives

Brief outline of Council's objectives for the Committee.

Authority

Unless provided for by the Act or Regulations, the Committee has an advisory role only, and has no delegated authority to implement actions or activity unless authorised by Council.

Financial Interests

The Act requires all members of the Committee comply with the interest provisions of the Act –

- financial both direct and indirect interests which impact the member;
- proximity development adjoining or affecting the member;
- declarations written declaration to be made to CEO or presiding members;
- gifts to be notified to CEO within 10 days of receipt or promise of gift.

Working Parties

The Act does not permit the establishment of a sub-Committee, however, the Committee may request that a member or several members consider a particular matter.

Code of Conduct

The Act requires compliance with the Code of Conduct for Council Members, Committee Members and Candidates adopted by the Shire of Narrogin.

Membership

Composition

The Act requires that a Committee have a membership of at least 3 people.

A vacancy does not reduce the number of positions on the Committee, unless Council resolves by absolute majority. The number of members must be stipulated by Council, and cannot be varied by the Committee. Should there be less members than the number resolved by Council, the position is considered vacant, however, the quorum required is not affected.

The Committee is to comprise of -

- Council members, including ex-officio as permitted by the Act.
- Employees, as resolved by Council, including ex-officio as permitted by the Act.
 The role of member includes the obligation to vote and is separate from the administrative support function of the Committee.
- Other persons, i.e. community members, either named or by position within an external organisation.

If notified to Council when Committee is established, the President and CEO may exercise separate rights to be a member or nominate another elected member or employee to be a member of the Committee.

The TOR for a Committee does not over-ride a Council resolution.

Members

Council members As stipulated in the resolution establishing the Committee by

absolute majority, or subsequent decision, and including any ex-

officio member.

Employees As stipulated in the resolution establishing the Committee by

absolute majority, or subsequent decision, and including any ex-

officio member.

Other persons From the community or specific organisation, as stipulated in the

resolution establishing the Committee by absolute majority, or

subsequent decision.

Only appointed members of a Committee may vote. Generally, staff will not be voting members of a Committee, but have an advisory and support role only. However, there may be exceptions and these will be noted in the individual Committee's Terms of Reference.

Nomination of a member may be -

- by name, in which case the person holds membership until removed, whether a resident, employee or not; or
- by position, in which case the person holding the specific position.

Where a member is appointed by position, a person acting in that position automatically has membership. If the person chooses to delegate the membership to another person within their organisation, this must be notified to the CEO. The person delegated does not automatically become the deputy member.

Deputy members

The Act defines "deputy member" as a person appointed by Council authorised to act for a Committee member in that person's unavailability.

Only the person initially present at the meeting may participate, i.e. "tag teaming" by leaving a meeting, allowing the other to participate and vote, is not permitted.

Where a deputy member is appointed by position, a person acting in that position automatically has membership. Where the person chooses to delegate the membership to another person within their organisation, this must be notified to the CEO.

Vacancies

The Act requires that members and deputy members be approved by absolute majority of Council.

The Committee is not permitted to co-opt members, butmembers but may invite a person or organisation to make a presentation or deputation.

Tenure

The Act stipulates membership of the Committee is until -

- the person no longer holds the office by virtue of which they were appointed,
- the person resigns by notice in writing to the presiding member or the CEO,
- the person's term of appointment expires or is removed by Council, or otherwise become vacant,
- the committee is disbanded or term for which it was established expires.

Generally, Council will only appoint an elected member or community member to the same committee for a maximum of 3 consecutive terms (i.e. 6 years).

Consistent with the provisions of the Act s.2.25(4) applying to Council members, Council may remove a Committee member who has been absent for 3 consecutive meetings.

Payments

Meeting fees are not paid. In some instances, reimbursement for actual expenses incurred in attending a Committee meeting may be permitted. Refer to CEO.

Meetings

Frequency May be specified by Council, but generally as required and determined by the

Committee.

Presiding Member The Act requires that the presiding member be selected by the Committee.

Procedures In accordance with Shire of Narrogin Meeting Procedures Local Law.

Deputations In accordance with Shire of Narrogin Meeting Procedures Local Law.

Quorum The Act stipulates 50% of the designated membership of the Committee whether the

position is vacant or not, must be present.

Where the membership is an odd number, the quorum is 50% and rounded up, e.g. quorum for a membership of 9 is 5.

In some circumstances, Council is permitted by absolute majority to give prior approval for a specific meeting to reduce the quorum required.

W:\1 CEO Office\EA\COUNCIL\Ordinary Council Meetings\2021\Agendas 2021\10. Oct\Source Files\TOR -Committees - Att.docx\W:\1 CEO Office\EA\00 GOVERNANCE LIBRARY\4 - TOR - Committees & Reference Groups\TOR -Committees.docx

Voting

All recommendations are to be by simple majority of Committee members present, The Presiding Members should announce the result of the vote, e.g. 3/1, or 4/0 etc..

The Act requires that all Committee members present at the meeting –

- must vote, and
- must vote in such a way that their vote is not secret, i.e. either on the voices or by show of hands.

Therefore the following are not permitted –

- proxy voting submission of a written vote by another person);
- abstaining from voting those present are required by the Act to vote;
- secret ballot or drawing of lots or similar.

In the case of equality of voting, the presiding member is to exercise a casting vote.

Observers do not have a right to speak, but may address the meeting at discretion of the presiding member, and are not permitted to vote.

Agendas To be available 3 days prior to meeting, to Committee members and the public.

Minutes To be available 5 days after the meeting to Committee members and the public.

The Act requires that the minutes of Committee meetings are submitted to Council for

noting and to the following Committee meeting for confirmation.

Recommendations All decisions of the committee are recommendations to Council, and are not to be

actioned until authorised by Council, unless the senior officer has existing authority,

responsibility or discretion to do so.

Administrative Support

Senior Officer Has responsibility for the Committee, overseeing its general operation in accordance

with these standard conditions or specific variation as authorised by Council, and

ensuring the Committee's minutes are presented to Council.

The role does not confer any right to vote.

Contact Provides administrative support for the Committee at the direction of the senior office.

The role does not confer any right to vote.

Role and Scope of Committee

Detailed terms of reference will be given of what is expected of the Committee.

- End of Standard Conditions for TOR

Notes

General notes for guidance, not forming part of the establishment or terms of reference of the Committee.

TOR Schedule 0.1 - Title

Any Schedule will provide detailed instructions or guidance on <u>how</u> the role and responsibilities of the Committee are to be implemented.

- End of Schedule

Appendix 2 - Criteria for community members of Council Committees and Groups

A number of Committees have members from specific community organisations or from the community at large.

For these Committees, Council will seek to appoint community members so that the Committee meetings will consist of members and deputy members having –

- a) demonstrated expertise and knowledge in the particular area of Committee responsibility;
- b) relevant skills and experience to provide independent advice;
- c) current participation with an organisation having similar objectives would be well regarded,
- d) diverse backgrounds and experience, while remaining relevant to the Committee's functions.

Preference will be given to residents who have a detailed knowledge of the district, enabling Committee members to make a positive contribution towards the community.

Non-residents may be appointed by Council, if suitable candidates cannot be established from the community or if it is determined there is specific need or advisability.

Community members of specific organisations will be invited for –

- a) Local Emergency Management Committee
- b) Australia Day and Honours Advisory Committee
- c) Townscape Advisory Committee
- d) Community Assisted Transport Service Stakeholder Reference Group

In addition, community members at large will be sought for -

- a) Australia Day and Honours Advisory Committee
- b) Townscape Advisory Committee

Appendix 3 – Other Shire established groups

Although the following are groups established by the Shire, they do not report to Council but exist to support the function of

Occupational Health and Safety Committee

Responsible to - CEO

Established under the Occupational Safety and Health Act, the Committee is workplace based, with workplace representatives, is responsible to the employer (i.e. CEO), and has statutory obligations.

1. Council Committees and Reference Groups – Participation and Delegates to External Organisations (to Oct 2021)

Summary

Council's consideration for membership of Council established Committees and Reference Groups and delegates to external organisations is requested.

Background

The Local Government Act 1995 and Emergency Management Act 2005 require the establishment of the following committees and specify some membership requirements:

- Audit Committee must have a minimum of three council members, and the majority of the committee must be council members
- Local Emergency Management Committee must include the local emergency management coordinator.

While other legislation does not specify a maximum tenure, the Local Government Act 1995 Section 5.11 stipulates that tenure of committee membership is only to the next local government ordinary elections (ie; a maximum of 2 years).

For consistency, it is suggested that all memberships be reviewed.

Comment

The Local Government Act allows for committees to comprise a mix of:

- Elected members
- Employees
- · Other persons.

Depending on the intended purpose of the committee, its composition may be restricted or have other rights, impacts and obligations.

The committees and reference groups proposed comprise of elected members and other persons as voting members only. The attendance of certain staff may be required for advice and support etc, but they do not have voting membership.

The Terms of Reference provide for participation in several committees and reference groups –

- by a representative of a specified organisation, and
- by members of the community at large, upon their application, and appointed by name by Council.

It is not uncommon to have members of the public with relevant experience as a member of the Audit Committee, but it is not required.

The committees and reference groups proposed to include persons other elected members in their membership are:

- Airport Advisory Committee
 - Specified organisations (3)
- Local Emergency Management Committee (LEMC)
 - Specified organisations (12)
- Australia Day and Honours Advisory Committee
 - Specified organisations (3)
 - o Community at large (3)
- Townscape Advisory Committee
 - Specified organisations (3)
 - Community (4) two at large, two with special focus if possible
- Community Assisted Transport Service Stakeholder Reference Group
 - Specified organisations (6)
- Bush Fire Advisory Committee (BFAC)
 - Bush Fire Control Officers.

There is no legislative power for any committee or reference group to "co-opt" a person as a voting member, but may invite a person to present to a meeting on a matter, or to speak to the matter with the consent of the presiding person.

Only those members of a committee or reference group as appointed by Council may move, second, vote or have a right to speak. Only a deputy appointed by Council may act as a member of a committee, if the person they are the appointed deputy for is absent for the whole of the meeting.

It is suggested that:

- each specified organisation be requested to confirm their representative to the relevant committee or reference group; and
- the community be invited to nominate for the Australia Day and Honours Committee and the Townscape Advisory Committee.

Appointment of members of a committee is required to be by absolute majority.

External organisations are those over which Council does not exercise control (establishment, dissolution etc). Appointment as a Council delegate to these organisations entitles the elected member to claim travel costs etc in accordance with adopted policy. A deputy delegate appointed may only claim travel if attending due to the absence of the delegate.

Appointment of delegates to Council reference groups and external organisations may be made by simple majority.

Changes to committee or reference group membership may be made at any time as a result of resignation, Council resolution etc.

Consultation

The Executive Management Team was consulted in the development of the Report.

Statutory Environment

- Local Government Act 1995
 - Sections 5.8 and 5.9 establishment and composition of committees
 - Section 5.10 appointment of committee members
 - Section 5.11A deputy committee members
 - Section 5.11 committee membership tenure
 - Section 7.1A audit committee membership, excludes employees or representative of CEO
- Emergency Management Act 2005 Section 38 membership to include local emergency coordinator.
- Bush Fires Act 1954 Section 67.

Policy Implications

Nil

Financial Implications

There are no relevant financial implications other than administrative.

This Council in its Annual Budget, has elected to pay Elected Members an allowance annuity (paid quarterly in arrears) for attending Council and Committee Meetings (regardless of how many).

It should be noted however, that community members are not entitled to a meeting fee under the Local Government Act 1995 or Local Government Chief Executive Officers and Elected Members Determination No 1 of 2021.

Strategic Implications

Shire of Narrogi	n Strategic Community Plan 2017-2027
Objective	Social Objective (To provide community facilities and promote social interaction)
Outcome:	2.3 Existing strong community spirit and pride is fostered, promoted and encouraged
Strategy:	2.3.2 Engage and support community groups and volunteers
Objective	4. Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1 An efficient and effective organisation
Strategy:	4.1.1 Continually improve operational efficiencies and provide effective services
Strategy:	4.1.2 Continue to enhance communication and transparency

Voting Requirements

- 1. Simple Majority required for the procedural motions
- 2. Absolute Majority required for the committee delegate appointments.

Summary

Council is presented with the proposed Ordinary Council meeting dates for the 2022 calendar year as per the requirements of the Local Government (Administration) Regulations 1996.

Background

Each year, as per the requirements of the Regulations, Council is presented with the proposed meeting dates for the following calendar year so that advertising can occur to inform the residents and allow Councillors and staff to plan for the meetings.

Council currently meets on the fourth Wednesday of the month with the Ordinary Council meeting commencing at 7:00 pm, with a meal for Elected Members, the Executive Management Team and support staff required, commencing at 6:00 pm.

Consultation

The matter has been discussed with the Shire President and Elected Members prior to 16 October biennial election, however, has not been canvassed with the newly elected members.

The scheduling of dates and times of a regular meeting on a Wednesday, commencing at 7:00pm, and typically concluding at 9:00pm, might not suit everyone, however, is designed to:

- accommodate the majority where practical;
- allow for the greatest participation of both Elected Members and the public, including business owners and those that are employed in 'day jobs';
- have a regular time and date to in order to facilitate scheduling other activities and to maximise
 Elected Members and community participation; and
- not conflict and coordinate in as with local nearby governments, such that regional meetings can be more easily scheduled where required.

The Council is free to set the frequency of meetings, whichever day of the week it prefers and, indeed, the start time it prefers. It should, however, be cognoscente of staff costs associated with non-traditional work hours for support staff required, and set-up and preparation requirements.

Statutory Environment

Sections of the Acts, Regulations and/or Local Laws that apply to this item include:

- Local Government Act 1995, Local Government Act 1995, Sections 5.3 and 5.25 (1)(g); and
- Local Government (Administration) Regulations 1996, Regulation 12.

Regional local governments in WA generally meet on a monthly basis with the exception of January and cannot be more than 3 months apart.

A local government is required to give local public notice of any change to the date, time or place of scheduled Council Meetings pursuant to regulation, and the scheduled times, at least once per calendar year.

Policy Implications

There are no policy implications that relate.

Financial Implications

There are no financial implications, other than advertising expenses contained in the Council's Budget.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027		
Objective	4.	Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1	An efficient and effective organisation
Strategy:	4.1.1	Continually improve operational efficiencies and provide effective services
Strategy:	4.1.2	Continue to enhance communication and transparency

Comment/Conclusion

It is proposed that Council, for the 2022 year, continue to hold its Ordinary Council meetings on the fourth Wednesday of the month commencing at 7:00 pm except for the month of January where no meeting is generally required or facilitated and December, where the meeting be held on the second Wednesday due to its proximity to Christmas.

It is also proposed that Council align the Briefing Session meetings and facilitate these meetings on the second Wednesday of the month at 6:00 pm except for the month of January where no meeting is planned.

Voting Requirements

Simple Majority

OFFICERS' RECOMMENDATION

That with respect to the 2022 Ordinary Council Meeting Schedule, Council:

1. Endorse the following Ordinary Council meeting dates for the 2022 calendar year, being the fourth Wednesday of each month, commencing at 7:00 pm, other than January, where no meeting is held and December, where one meeting is held on the second Wednesday, due to the impact of Christmas.

January (Nil) 27 July
23 February 24 August
23 March 28 September
27 April 26 October
25 May 23 November
22 June 14 December

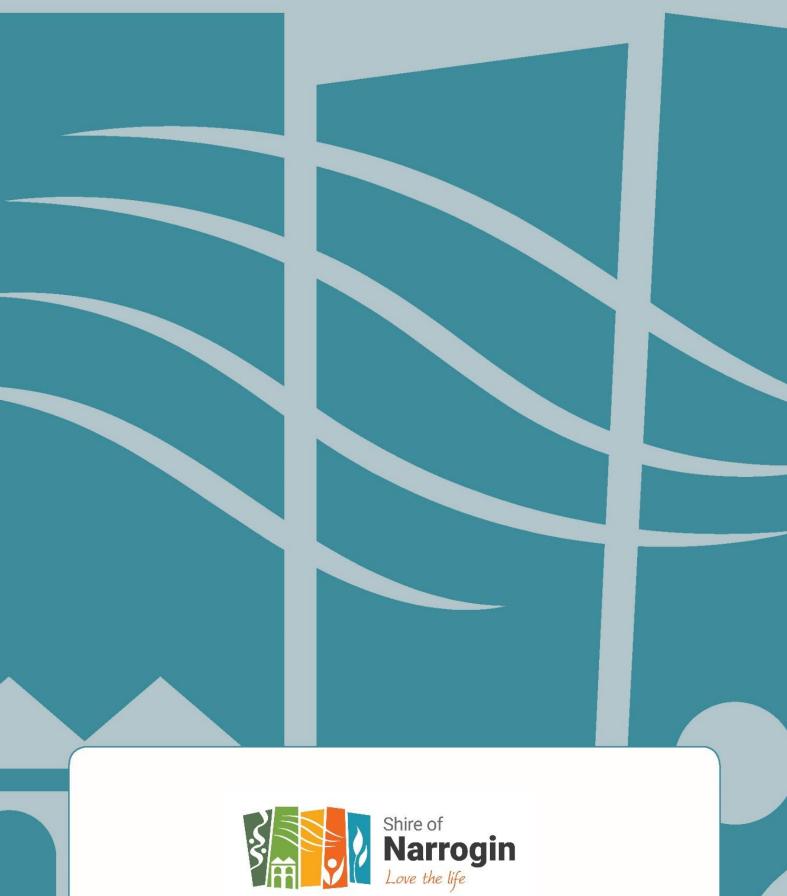

- 2. Advertise the schedule of Council Meeting dates in the Narrogin Observer, prior to the new calendar year, on the Shire of Narrogin website and on social media.
- 3. Request the Chief Executive Officer to convene these meetings, together with Confidential Council Monthly Briefing Sessions, on the second Wednesday evening commencing at 6:00 pm for those months, bar January and December.

11. ELECTED MEMBERS' MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN Nil

12. NEW BUSINESS OF AN URGENT NATURE APPROVED BY THE PERSON PRESIDING OR BY DECISION OF THE MEETING

13. CLOSURE OF MEETING

There being no further business to discuss, the Presiding Member declared the meeting closed at ____ pm and, pursuant to resolution 1020.012 of 27 October 2020, reminded Councillors of the next Ordinary Meeting of the Council, scheduled for 7.00 pm on Wednesday, 24 November 2021, at this same venue.
