Narrogin

MINUTES

ORDINARY COUNCIL MEETING

22 November 2023

The Chief Executive Officer recommends the endorsement of these minutes at the next Ordinary Meeting of Council.

Signed:

..... Date: 23 November 2023

These minutes were confirmed at the Ordinary Council Meeting held on 13 December 2023.

Signed:

(Presiding Person at the meeting at which minutes were confirmed)

Acknowledgement of Noongar People

The Shire of Narrogin acknowledges the Noongar people as traditional custodians of this land and their continuing connection to land and community. We pay our respect to them, to their culture and to their Elders past and present.

STRATEGIC COMMUNITY

SNAPSHOT

PLAN
2017-27

VISION

To be a leading regional economic driver and a socially interactive and inclusive community.

MISSION

Provide leadership, direction and opportunities for the community.

KEY PRINCIPLES

In achieving the Vision and Mission, we will set achievable goals and work with the community to maintain a reputation of openness, honesty and accountability. In doing so we will:

- Respect the points of view of individuals and groups;
- Build on existing community involvement;
- Encourage community leadership;
- Promote self-reliance and initiative;
- Recognise and celebrate achievement;
- Support the principles of social justice; and
- Acknowledge the value of staff and volunteers.

OUR VALUES

Care with Trust & Teamwork

Caring - We display kindness and concern for one another and our community

Accountability - We accept responsibility for our actions and outcomes

Respect - We treat everyone how we would like to be treated

Excellence - We go the extra mile to deliver outstanding services

Trust - We share without fear of consequences

Team Work - We work together for a common goal

ECONOMIC

Support growth and progress, locally and regionally...

Growth in revenue opportunities

- Attract new industry, business, investment and encourage diversity whilst encouraging growth of local business
- Promote Narrogin and the Region
- Promote Narrogin's health and aged services including aged housing

Increased Tourism

- Promote, develop tourism and maintain local attractions

An effective well maintained transport network

- Maintain and improve road network in line with resource capacity
- Review and implement the Airport Master Plan

Agriculture opportunities maintained and developed

- Support development of agricultural services

SOCIAL

Provide community facilities and promote social interaction...

Provision of youth services

- Develop and implement a youth strategy

Build a healthier and safer community

- Support the provision of community security services and facilities
- Advocate for mental health and social support services
- Continue and improve provision of in-home care services

Existing strong community spirit and pride is fostered, promoted and encouraged

- Develop and activate Sport and Recreation Master Plan
- Engage and support community groups and volunteers
- Facilitate and support community events
- Provide improved community facilities (eg library/recreation)
- Encourage and support continued development of arts and culture

Cultural and heritage diversity is recognised

- Maintain and enhance heritage assets
- Support our Narrogin cultural and indigenous community

A broad range of quality education services and facilities servicing the region

- Advocate for increased education facilities for the region
- Advocate for and support increased education services

ENVIRONMENT

Conserve, protect and enhance our natural and built environment...

A preserved natural environment

- Conserve, enhance, promote and rehabilitate the natural environment

Effective waste services

- Support the provision of waste services

Efficient use of resources

- Increase resource usage efficiency

A well maintained built environment

- Improve and maintain built environment

CIVIC

Continually enhance the Shire's organisational capacity to service the needs of a growing community...

An efficient and effective organisation

- Continually improve operational efficiencies and provide effective services
- Continue to enhance communication and transparency

An employer of choice

- Provide a positive, desirable workplace

DISCLAIMER

Council and Committee agendas, recommendations, minutes and resolutions are subject to confirmation by the Council or Committee and therefore, prior to relying on them, one should refer to the subsequent meeting of Council or the Committee with respect to their accuracy.

No responsibility whatsoever is implied or accepted by the Shire of Narrogin for any act, omission or statement or intimation occurring during Council/Committee meetings or during formal/informal conversations with staff.

The Shire of Narrogin disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council/Committee meetings or discussions. Any person or legal entity who acts or fails to act in reliance upon any statement does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a license, any statement or limitation or approval made by a member or officer of the Shire of Narrogin during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Narrogin. The Shire of Narrogin warns that anyone who has an application lodged with the Shire of Narrogin must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application, and any conditions attached to the decision made by the Shire of Narrogin in respect of the application.

Please note that meetings may be audio recorded for minute taking purposes and if applicable, in compliance with legislation.

Graham Broad	10.4.1	Impartiality	Spouse is a nominated Committee Member
Murray Fisher	12.1	Financial	Owner of Coles Shares

4. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Nil

5. PUBLIC QUESTION TIME

5.1 Dot Trefort on behalf of the Narrogin Senior Citizens Centre Inc

Submitted the following question prior to the November Ordinary Council Meeting:

1. *“Have they come to a decision on the taking over of the Narrogin Seniors Citizen Centre for the use of Homecare, after the lease has expired at the end of February, 2024 or has the council decided to renew our lease. Please bear in mind that the Senior Citizens Centre provides a variety of services to the Community especially the Seniors for which the Centre was built including surrounding districts.”*

5.2 Sandra Tenni on behalf of the Narrogin Senior Citizens Centre Inc

1. Ms Tenni asked the following question:

Has Council had made a decision in relation to the renewal of the lease at the Centre?

The Chief Executive Officer responded in relation to both question that the Council had not made a decision yet and the matter would be referred to the Council Meeting of 13 December 2023.

5.3 Dianne Ferguson

Submitted the following question prior to the November Ordinary Council Meeting

1. *“I am writing to yourself and the Councillor's to propose a suggestion and for the Shire's consideration, and possibly my letter put forward at the next Council meeting. My suggestion is, that Sydney Hall Way needs a footpath. I am a resident of the Street, and there is a very much needed footpath. The street is busy with vehicles that are coming and going. The Nursing Home, Rear entrance to the Narrogin Motel, Service Vehicles, and residents going to and from work.*
 - *Main reason for the Footpath is -**There are children going to and from school, they are walking all over the road, not really paying attention, as they do. These children are just walking in the middle of the road, and some have scooters and bikes. The children are all of Primary School*

age. The corner of Lock and Sydney Hall Way, is dangerous as one comes around the corner and sometimes can be fronted with children in the middle of the road.

• We are also fortunate to have a park and this is very much used after school by families, they too walk down on the road and at times when the street is busy with workers returning home, to visit the park to play outdoor games. Hence my letter to the Narrogin Shire. I would like to bring this to your attention so when Government funding is available to upgrade our roads or streets this may be considered.

I also would like to comment that the park is immaculately garden and pruned. A big Thankyou.

Thanking you for your consideration in reading my letter.”

The Shire President advised that this request would be forwarded to the Road Reference Group for their consideration.

5.4 Brian Seale

Submitted the following question prior to the November Ordinary Council Meeting:

“1 Will council consider my request to be an owner-builder to be responsible for the unit for seven years for a ready built three-bedroom unit to be delivered Thursday, (23/11/23) despite not having a builders License for this unit.?”

Background.

- My application for planning consent has been approved by the Shire and permission to have the unit relocated from Perth to the Motel has also been approved.
- However, my Building application is held in abeyance pending details of the “Builder” to be included in the application.
- Despite the unit is already constructed and doesn’t need building per se, nevertheless the requirement with the Shire is to provide the details of the Building to be included.
- Having contacted seven builders, none of them will provide the detail required as there isn’t anything for them to build!!.
- As such, the Shire suggested I apply to become an owner builder to circumvent this matter, which I did and satisfied the video of my applying the protective equipment and completed the Zoom course to answer all the safety questions and was issued with a certificate of compliance as a result.
- This certificate enabled me to apply to the Dept. of Minerals, Industry, Regulations and Safety for the Owner Builder license, where I applied and where the officer phoned me questioning to confirm that the application applied to a Commercial purpose (Motel) , as there was a greater fee for a Commercial facility than for a residential property. I acknowledged my application clearly highlighted the commercial purpose in the application, which they acknowledged and just wanted confirmation of the greater fee to apply.
- The DMIRS then declined my application because it was for a commercial purpose and confirming the fee was non-refundable.
- The application would have been approved, if it was to be relocated onto a residential property, as it seems the “Owner-Builder” license only applies to residential properties.
- Accordingly, as I already have a detail of what the Shire requires in this matter as a result of the planning consent, where I am keen to be compliant but decidedly in a cleft stick in this matter which has already cost me \$150,000 in lost revenue in the last few years and seek the Shire approval to make this unit functional under

your Building Surveyors scrutiny so as to ensure compliance with your requirements, as would normally apply for a standard Building application.

- Please be assured, I am not critical of the Shire guidance received in this matter, as the suggestion to apply to be an owner builder was graciously provided to assist me and where the State Government (DMIRS) requirements are not the mandate of Local Government, where your office is not expected to have familiar with their requirements.*
- It seems the purpose of a “Normal “building license (i.e.) if a construction was required) is to ensure an indemnity applies for seven years from the date of completion in case of defects emerging during that time. Clearly, I am already responsible for every building on the Motel site and will indeed be responsible for this unit as well, but reluctant to proceed without the Shire knowledge and awareness of this unusual matter.*
- I am anxious to be compliant and keen to work co-operatively with your office to satisfy your requirements of – Waste Water disposal, Pitched roof, aspect, fire-protective walls, smoke alarms, landscaping, car-parking (etc).”*

5.5 Mr Seale

Submitted the following question prior to the November Ordinary Council Meeting

- “1) Will Council, in future meetings present reports so the Voting requirement is clear when only one type is required in order to give clear instructions to the reader as to the recommendation calling for a Simple Majority or an Absolute majority. When both are presented, it gives doubt as to the voting requirement.
Refer item 11.4.4 from the October minutes.*
- 2. Will council consider modifying slightly the October minutes to reflect the resolution by “Absolute Majority” at the voting block, which is customary.
Refer item 11.4.5 from the October minutes.*
- 3. Has Council progressed an explanatory advertisement as to the Electoral process, as raised last month?
As raised in Public Question Time”*
- 4. Will Council consider providing me with a Building License as an owner builder for an existing building.?
A substantial submission was raised recently explaining the anomaly in the position.*
- 5. Will council note there does not seem to be a voting panel recorded in the report for item 10.4.4 of this agenda for the November O.C.M.
I suspect this will be a Simple Majority.*
- 6. Will council receive a note of thanks of considering the modification of the Wastewater fee as proposed in this agenda.
Whilst not addressed by Council yet, nevertheless it is most encouraging that Council responded with a willingness to consider the modification of the budget to reflect reasonableness in this matter.”*

The Chief Executive Officer advised that these questions due to their administrative nature would be taken on notice and a written response provided to Mr Seale in due course.

6. APPLICATIONS FOR LEAVE OF ABSENCE

The next Council meeting is scheduled for 13 December 2023.

Attachments	1. Draft Local Planning Policy – Wind Farms/Turbines

Summary

The purpose of this agenda report is to propose the adoption of a Local Planning Policy on Wind Farms/Turbines within the jurisdiction of the Shire of Narrogin. This policy aims to provide clear guidelines for the establishment and operation of wind farms and turbines, ensuring sustainable development, while addressing community concerns.

Background

The Western Australian Government, in alignment with the national and international sustainability goals, has been actively encouraging the development of renewable energy projects, including wind farms. With an increasing awareness of climate change and the need to reduce reliance on traditional fossil fuels, wind power has gained prominence as a clean and viable alternative.

As interest in renewable energy, specifically wind energy, continues to rise, there is a compelling need for a comprehensive local planning policy to navigate the development and implementation of wind farms and turbines within the Shire of Narrogin. The absence of a tailored policy introduces uncertainties and the potential for inconsistent decision-making, highlighting the importance of establishing clear guidelines.

Recent presentations to the Elected Members by local farmers and property owners, who stand to be directly affected, have concerns related to the proposed wind farm development in the Shire. These concerns, articulated by the group, encompass various aspects, including the impact on existing farm practices such as aerial spraying, potential noise disturbances, setbacks from property boundaries, considerations of amenity and visual impact (including tower height), implications for the local airport, and the effects on the flight paths of flying and gliding clubs. Additionally, queries have been raised about the decommissioning process and future use of wind towers after they have served their useful life.

This multifaceted dialogue highlights the complexities associated with wind farm development within the Shire of Narrogin, emphasising the necessity for a well-defined local planning policy to address both the community's concerns and the broader objectives of sustainable and responsible development.

Consultation

Consultation has occurred with the following officers:

- Chief Executive Officer;
- Executive Manager Technical and Rural Services;
- Executive Manager Corporate and Community Services;
- Elected Members; and
- Planning Assistant.

Clause 3 and 4 under Part 2, Schedule 2 of the Deemed Provisions contained in the Planning and Development (Local Planning Schemes) Regulations 2015, set out the power for local government to make a local planning policy and the procedure for making a local planning policy, including a requirement to advertise a Draft Local Planning Policy for a period not less than 21 days.

“4. Procedure for making local planning policy

(1) If the local government resolves to prepare a local planning policy the local government must, unless the Commission otherwise agrees, advertise the proposed policy as follows —

(a) publish in accordance with clause 87 the proposed policy and a notice giving details of —

(i) the subject and nature of the proposed policy; and

(ii) the objectives of the proposed policy; and

(iii) how the proposed policy is made available to the public in accordance with clause 87; and

(iv) the manner and form in which submissions may be made; and

(v) the period for making submissions and the last day of that period;

(b) if, in the opinion of the local government, the policy is inconsistent with any State planning policy, give notice of the proposed policy to the Commission;

(c) give notice of the proposed policy in any other way and carry out any other consultation the local government considers appropriate.

(2) The period for making submissions specified in a notice under subclause (1)(a)(v) must not be less than the period of 21 days after the day on which the notice is first published under subclause (1)(a).

(3) After the expiry of the period within which submissions may be made, the local government must —

(a) review the proposed policy in the light of any submissions made; and

(b) resolve to —

(i) proceed with the policy without modification; or

(ii) proceed with the policy with modification; or

(iii) not to proceed with the policy.”

If the Council supports advertising of the Draft Local Planning Policy for public comments and considering that the advertising will occur during the Christmas break and School Holiday, it is suggested that the Council extends the advertising period to the end of January 2024.

Statutory Environment

- Shire of Narrogin Local Planning Scheme No. 3: The Wind farm is classified as “Renewable Energy Facility”, which is defined as:
“means premises used to generate energy from a renewable energy source and includes any building or other structure used in, or relating to, the generation of energy by a renewable resource. It does not include renewable energy electricity generation where the energy produced principally supplies a domestic and/or business premises and any on selling to the grid is secondary.”
- Planning and Development (Local Planning Schemes) Regulations 2015:
Clause 3 and 4 under Part 2, Schedule 2 of the Deemed Provisions contained in the Regulations set out the power for local government to make a local planning policy and the procedure for making a local planning policy, including a requirement to advertise a Draft Local Planning Policy for a period not less than 21 days. The Shire is required to refer the Local Planning Policy to the Western Australian Planning Commission, where there is a potential inconsistency with State Planning Policy.

Policy Implications

The proposed policy is influenced by the Western Australian Planning Commission's (WAPC) Position Statement on Renewable Energy Facilities. It takes into account the guidelines and recommendations set forth by WAPC to promote the responsible and sustainable development of wind energy projects.

The WAPC Position Statement on Renewable Energy Facilities provides the following guidelines:

- Outlines key environmental and planning considerations for renewable energy proposals.
- Encourages early consultation with the community and local government.
- Recommends any application address specific matters such as environmental impact, visual impact, noise, aviation safety and construction impact.
- Recommends that any turbine be a minimum of 1.5 kilometres from any dwelling or sensitive land use.

The proposed advertising period has been lengthened from the minimum in keeping with the principles of the Council’s Community Engagement Policy 1.14.

Financial Implications

Adoption and implementation of the Local Planning Policy on Wind Farms/Turbines may incur minor administrative, and advertising initial costs related to policy development and public consultation.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027		
Objective:	1.	Economic Objective (Support growth and progress, locally and regionally)
Outcome:	1.1	Growth in revenue opportunities
Strategy:	1.1.1	Attract new industry, business, investment and encourage diversity whilst encouraging growth of local business
Strategy:	1.1.2	Promote Narrogin and the Region
Outcome:	1.2	Increased Tourism
Strategy:	1.2.1	Promote, develop tourism and maintain local attractions
Objective:	3.	Environment Objective (Conserve, protect and enhance our natural and built environment)
Outcome:	3.1	A preserved natural environment
Strategy:	3.1.1	Conserve, enhance, promote and rehabilitate the natural environment

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
The absence of a specific policy exposes the Shire to potential unregulated development of wind farms, leading to uncertainties, community dissatisfaction, and inconsistent decision-making. Adopting a clear policy mitigates these risks and ensures responsible development.	Likely (4)	Minor (2)	Medium (5-9)	Compliance Requirements	Control through conditions of approval and compliance.

Risk Matrix

Consequence \ Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of eight (8) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The Draft Local Planning Policy for Wind Farms and Turbines has been formulated based on the experiences of neighbouring Local Governments, specifically the Shire of West Arthur and Williams. These Shires have encountered comparable pressures and concerns voiced by affected property owners, contributing to the development of the policy.

The Draft Local Planning Policy outlines the policy purpose, objectives, expectations for community consultation, and matters to be considered such as noise, environmental impact, visual impact, other potential impacts and traffic management.

Some of these issues are outlined in the Western Australian Planning Commission Position Statement: Renewable Energy Facilities - March 2020.

The Draft Local Planning Policy complements and expands on the guidelines that are already outlined in the WAPC Position Statement.

Key new considerations in the Draft Local Policy include:

- Setting a high expectation that any proponent undertakes pre-lodgement consultation with nearby landowners, key stakeholders and government agencies; and
- Introducing a minimum set back from property boundary, taking into consideration the total height of the structure including the propellor blades plus an additional 20 metre setback, unless otherwise agreed to by the affected property owners.

It is recommended that Council adopts the Draft Local Planning Policy on Wind Farms for the purpose of conducting public advertising.

Following the closing date of public advertising period, a report will be referred to a future Council Meeting to consider submissions, and whether to adopt the Policy with, or without, modifications.

Due to the public advertising period coinciding with Christmas and school holidays, it is recommended to extend the advertising period until the end of January 2024.

Voting Requirements

Simple Majority

OFFICERS' ORIGINAL RECOMMENDATION

That with respect to the proposed Draft Local Planning Policy Wind Farm/Turbines, Council:

1. Resolve to adopt the Draft Local Planning Policy on Wind Farms (Attachment 1) pursuant to Schedule 2, Part 2, Division 2, Clause 3(1) of the Deemed Provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 for the purpose of conducting public advertising;
2. Authorise the Chief Executive Officer to advertise the Draft Local Planning Policy on Wind Farms/Turbines in accordance with the Planning and Development (Local Planning Schemes) Regulations 2015 to 31 January 2024; and
3. Any submissions received during the public advertising period will be referred to a future Council Meeting for further consideration.

Prior to the putting of the above Officers Recommendation, Officers advised the Council was they had a suggested amendment to the Policy (Amended Attachment 1) and hence also an amended Officer Recommendation to include the following additional paragraph:

Road Contributions for Wind Energy Facility Developments

The Shire of Narrogin recognises that the development of wind energy facilities may have significant impacts on the condition and serviceability of the local road network, especially during the construction phase. The Shire of Narrogin requires proponents of wind energy facilities to be assessed for any road contributions for repairs or upgrades to sealed and/or unsealed roads managed by the Shire of Narrogin as a result of construction or ongoing activities associated with the development beyond those considered normal day to day access and egress.

The road contributions will be calculated based on the Western Australia Local Government Association's (WALGA) Heavy Vehicle Cost Recovery Policy Guideline for Sealed Roads, which provides a fair and transparent method for determining the additional maintenance and reconstruction costs attributable to the increased heavy vehicle traffic generated by the wind energy facility development.

The road contributions will be negotiated and agreed upon between the Shire of Narrogin and the proponent prior to the approval of the development application. The road contributions will be paid by the proponent to the Shire of Narrogin in accordance with the terms and conditions of the agreement. The Shire of Narrogin will use the road contributions to fund the necessary road works to maintain and improve the safety and functionality of the local road network.

OFFICERS' AMENDED RECOMMENDATION AND COUNCIL RESOLUTION 221123.03

D11 - Local Planning Policy – Wind Farm/Turbines

Statutory context Shire of Narrogin Local Planning Scheme No 3 (LPS 3)
 Planning and Development Act 2005
 Planning and Development (Local Planning Schemes) Regulations 2015
 (Regulations)

Corporate context

History Nil

Background

This local planning policy is formulated within the framework of the Shire of Narrogin Local Planning Scheme No. 3, guided by the Planning and Development Act 2005 and the Planning and Development (Local Planning Schemes) Regulations 2015. It aims to provide clear guidelines for the establishment and operation of wind farms and turbines within the Shire of Narrogin while adhering to the legislative requirements.

Wind energy represents a clean and sustainable source of power, contributing to the reduction of greenhouse gas emissions. In recognising the potential benefits of wind farms and turbines, the Shire of Narrogin acknowledges the need to strike a balance between promoting renewable energy and safeguarding the interests and well-being of the community.

Purpose

The purpose of this policy is to provide a framework for the assessment, approval, and regulation of wind farms and turbines within the Shire of Narrogin. This policy seeks to ensure that any proposed wind energy projects are developed in a manner that minimises negative impacts and maximises the benefits to the community and the environment.

Policy Basis

This Policy has been prepared in accordance with the Planning and Development (Local Planning Schemes) Regulations 2015 Deemed provisions Schedule 2 Part 2 Division 2 – Local Planning Policies. This Policy may be cited as Local Planning Policy No. D11 – Wind Farm/Turbines.

The Policy does not bind the local government in respect of any application for development approval but the local government is to have due regard to the provisions of this Policy and the objectives which the Policy is designed to achieve before making its determination.

Objective

The objectives of the Wind farms/Turbines Local Planning Policy are:

- To promote the responsible development of wind farms and turbines, supporting renewable energy generation within the Shire.
- To protect the health, safety, and amenity of the community and the environment.
- To provide clear guidelines for assessing and approving wind energy projects.
- To facilitate community consultation and engagement throughout the development process.
- To address potential impacts, including environmental, visual and landscape, noise, and other relevant factors.
- To set out minimum standards and requirements.

Definitions

Renewable Energy Facility:

The Shire of Narrogin Local Planning Scheme No 3 defines Renewable Energy Facility as - *Premises used to generate energy from a renewable energy source and includes any buildings or other structure used in, or relating to, the generation of energy by a renewable source. It does not include renewable energy electricity generation where the energy produced principally supplies a domestic and/or business premises and any on selling to the grid is secondary.*

Sensitive Land Use:

Means land uses that are residential or institutional in nature where people live or regularly spend extended periods of time. These include, but are not limited to dwellings, short stay accommodation, hospitals, educational establishments, childcare centres, corrective institutions and places of worship.

Shadow Flicker:

This is a result from the sun's position in relation to the wind turbine blades as they rotate. This occurs under certain combinations of geographical position and time of day. The seasonal duration of this effect can be calculated from the machine's geometry and the site's latitude. Shadow Flicker can be modelled in advance and siting and design can mitigate the problem. This is more likely to be an issue for turbines located to the east or west of a dwelling.

Policy Provisions

General Requirements

In accordance with the Shire of Narrogin Local Planning Scheme No. 3, "Renewable Energy Facility" is listed as an "A" use under "Rural" and "General Industry" zones, which is defined as:

"Means that the use is not permitted unless the local government has exercised its discretion by granting development approval after advertising the application in accordance with clause 64 of the deemed provisions."

Planning Approval is required for all Wind Farms/Turbines under the respective zones. In addition to the completed application form and relevant fee, applicants must submit a location plan, site plan, elevations and manufacturer's specifications, decommissioning and end of life plan, and details demonstrating compliance with the Shire of Narrogin Local Planning Scheme No. 3 and relevant legislation including the Environmental Protection (Noise) Regulations 1997.

Applications for Wind Turbines located on properties/buildings identified on the Shire's Heritage List or Municipal Inventory of Heritage Places, will require submission of written justification by a suitably qualified person (e.g. a qualified Heritage Advisor), unless determined otherwise by the Shire's Planning Services in consultation with the State Heritage Office.

Wind farms and turbines shall be sited and designed to minimise adverse impacts on the environment and the community.

Adequate setbacks and safety measures shall be incorporated to protect public health and safety. The minimum recommended setback from property boundaries shall be a minimum of the total height of the structure including, the propellor blades at the highest point, plus additional 20m.

Decommissioning plans must be submitted and approved as part of the development application demonstrating principles of recycling, repurposing and rehabilitation.

Community Consultation

Developers must engage in meaningful community consultation throughout the project's lifecycle, ensuring that residents and stakeholders are informed and have opportunities to provide feedback. Consultation shall include public meetings, information sessions, and other appropriate methods to engage with the community.

Developers should also liaise with relevant key stakeholders early in the process, including the Shire, Main Roads WA, Western Power, Civil Aviation Safety Authority (CASA), Air Services Australia, Royal Flying Doctor Service (RFDS), Department of Fire and Emergency Services (DFES), Department of Planning, Lands and Heritage (DPLH), Department of Water and Environmental Regulation (DWER), Department of Biodiversity, Conservation and Attractions (DBCA), Department of Primary Industries and Regional Development (DPIRD), Environmental Protection Authority (EPA), Local aerial spraying contractors, unlicensed airstrip owners (within a 5km radius of a turbine) and any relevant incorporated local aeronautical associations.

Environmental Impact

A comprehensive environmental impact assessment by a suitably qualified environmental consultants, including flora and fauna studies, shall be conducted and submitted as part of the development application.

Developers must implement measures to mitigate and manage potential environmental impacts, including habitat protection and rehabilitation, such as:

- Stopover sites, local bird species roosting and nesting sites;
- Location of bird colonies;
- Areas of high raptor activity; and
- The accumulative impact of wind turbines on migration routes.

Visual and Landscape Impact

Wind farms and turbines shall be designed to blend with the natural landscape, minimising visual disruption. A visual and Landscape Impact Assessment is required that addresses the following:

- landscape significance and sensitivity to change, site earthworks, topography, extent of cut and fill, the extent and type of vegetation, clearing and rehabilitation areas, land use patterns, built form character, public amenity and community values.
- likely impact on views including the visibility of the facility using view shed analysis and simulations of views from significant viewing locations including residential areas, major scenic drives and lookouts.
- layout of the facility including the number, height, scale, spacing, colour, surface reflectivity and design of components, including any ancillary buildings, signage, access roads, and incidental facilities.
- measures proposed to minimise unwanted, unacceptable or adverse visual impacts.

Noise Impact

Wind turbines shall be designed and operated to minimise noise emissions.

Noise Impact Assessments shall be conducted to determine potential impacts on nearby residents and any sensitive land use, and mitigation measures shall be implemented as necessary to demonstrate that it can meet the standards under the Environmental Protection (Noise) Regulations 2017.

It is recommended that any wind farm/turbine be located a minimum of 1.5 kilometres from any dwelling or sensitive land use, unless an agreement is entered into with impacted landowners.

Other Potential Impacts

Developers must assess and address any other potential impacts, such as electromagnetic interference or shadow flicker.

All potential impacts shall be identified and mitigated to protect the interests of the community.

Developers are required to take into consideration the Narrogin Airport and the Airport Master Plan's future planning, when developing wind farm/turbines within close proximity to the area, so as not to impact the operation and activities of the Airport users including any aeronautical, gliding and flying associations operating within the Shire. Consultation with relevant government authorities and airport operators will be required.

All wind farm and turbine developments must adhere to and comply with the regulations, specifications, and requirements outlined by the Civil Aviation Safety Authority (CASA) as though the Narrogin Airport and Airstrips were registered. This ensures that the development does not impede the potential future upgrade of the Narrogin Airport from its current unregistered CASA status to that of a Registered CASA Airport.

Wind farm proposals should not have negatively impact through interference with normal agricultural or farming activities of nearby rural properties, such as aerial spraying. An aviation assessment by a suitable qualified aviation consultant may be required to demonstrate turbines will not impact on aerial spraying activities of surrounding farms or unlicensed airstrips.

This local planning policy on Wind Farms/Turbines is designed to guide future development while ensuring the preservation of the Shire of Narrogin's unique character and the well-being of its residents. Developers and relevant authorities are encouraged to adhere to these guidelines for the responsible and sustainable development of wind energy projects within the Shire.

Road Contributions for Wind Energy Facility Developments

The Shire of Narrogin recognises that the development of wind energy facilities may have significant impacts on the condition and serviceability of the local road network, especially during the construction phase. The Shire of Narrogin requires proponents of wind energy facilities to be assessed for any road contributions for repairs or upgrades to sealed and/or unsealed roads managed by the Shire of Narrogin as a result of construction or ongoing activities associated with the development beyond those considered normal day to day access and egress.

The road contributions will be calculated based on the Western Australia Local Government Association's (WALGA) Heavy Vehicle Cost Recovery Policy Guideline for Sealed Roads, which provides a fair and transparent method for determining the additional maintenance and reconstruction costs attributable to the increased heavy vehicle traffic generated by the wind energy facility development.

The road contributions will be negotiated and agreed upon between the Shire of Narrogin and the proponent prior to the approval of the development application. The road contributions will be paid by the proponent to the Shire of Narrogin in accordance with the terms and conditions of the agreement. The Shire of Narrogin will use the road contributions to fund the necessary road works to maintain and improve the safety and functionality of the local road network.

– End of Policy

10.2 TECHNICAL AND RURAL SERVICES

There are no reports requiring a Council decision for the current month.

10.3 CORPORATE AND COMMUNITY SERVICES

10.3.1 SCHEDULE OF ACCOUNTS PAID – OCTOBER 2023

File Reference	12.1.1
Disclosure of Interest	Neither the Author nor Authorising Officer have any Impartiality, Financial or Proximity Interest that requires disclosure.
Applicant	Nil
Previous Item Numbers	Nil
Date	08 November 2023
Author	Angel Mickle – Trainee Finance Officer
Authorising Officer	Mark Furr – Executive Manager Corporate & Community Services
Attachments	1. Schedule of Accounts Paid – October 2023

Summary

Council is requested to note the payments as presented in the Schedule of Accounts Paid for October 2023.

Background

Pursuant to Local Government Act 1995, Section 6.8 (2)(b), where expenditure has been incurred by a local government, it is to be reported to the next Ordinary Meeting of Council.

Consultation

Consultation has been undertaken with the Manager Corporate Services.

Statutory Environment

Local Government Act 1995, Section 6.8 (2)(b) and Local Government (Financial Management) Regulations 1996, clause 13 relates.

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Financial Implications

All expenditure has been approved via adoption of the 2023/24 Annual Budget or resulting from a Council resolution.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027	
Objective	4. Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1 An efficient and effective organisation

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to present a detailed listing of payments in the prescribed form would result in non-compliance with the Local Government (Financial Management) Regulations 1996, clause 13, which may result in a qualified audit.	Rare (1)	Minor (2)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; work health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of two (2) has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The Schedule of Accounts Paid – October 2023 is presented to Council for notation. Below is a summary of activity.

<i>October 2023 Payments</i>		
Payment Type	\$	%
Cheque	538.00	0.03

Attachments	<ol style="list-style-type: none">1. Monthly Financial Reports for October 2023; - to be sent out Monday 20 November 20232. Capital Projects Tracker – as at 14 Nov 2023.

Summary

In accordance with the Local Government Financial Management Regulations (1996), Regulation 34, the Shire is to prepare a monthly Statement of Financial Activity for notation by Council.

Background

Nil

Consultation

Consultation has been undertaken with the Chief Executive Officer and Manager Corporate Services.

Statutory Environment

Local Government (Financial Management) Regulations 1996, Regulation 34 applies.

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Financial Implications

All expenditure has been approved via adoption of the 2023/24 Annual Budget or resulting from a Council resolution.

Council is requested to review the October 2023 Monthly Financial Report, noting that Council is advised of the following matters:

- Creditors - A total of 366 invoices were paid in October 2023, of which 76% were paid within 30 days. Average days for invoices to be paid in October was 26 days in comparison to 28 days in September.
- Debtors - 90-day debtors in October was \$195,308. Of this debt 77% is attributed to an invoice for the Narrogin Tennis Club and the recent grant project to upgrade the court surfaces and lighting. The Shire is addressing a point of clarification by the Club, and the Finance Department has investigated. This matter will be resolved by the next reporting period. A further 23% of this

debt (\$44k) is an agreed long term debt with the UGSHA which will carry forward to the end of the financial year. There are a further five (5) other debtors, totalling \$1,019 being followed up by the Finance Department.

- Capital Projects – Of the total of 92 projects, 78 are on track with 14 completed already and a total project completion rate of 15%.
- Rates –The amount received to date is 65% of the total to be collected, and there is still \$2.5M still to be collected from both current and arrears rates. It should be noted that there is approximately \$204k related to Pensioner Rate Deferments.
- Liquid Waste Fees and Charges – It was identified that there was an error in the adoption of these fees in the 2023/24 Budget Fees and Charge resolution in April 2023. All related fees were inadvertently rounded to 50 cents per litre, which resulted in a significant discrepancy when recently applied. It is recommended that these fees are amended as follows:
 - Liquid waste (mineral oil) recyclable (not cooking oil) non-commercial dollars per litre from 50c to 25c (20c in financial year 2022/23);
 - Liquid waste (mineral oil) recyclable (not cooking oil) commercial dollars per litre, from 50c to 25c (20c in financial year 2022/23); and
 - Liquid waste (excludes oils) per litre (dollars per litre), from 50c to 15c (10c in financial year 2022/23).

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027	
Objective	4. Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1 An efficient and effective organisation

Comment/Conclusion

The October 2023 Monthly Financial Report is presented for review.

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to monitor the Shire's ongoing financial performance would increase the risk of a negative impact on the Shire's Financial position. As the monthly report is a legislative requirement, non-compliance may result in a qualified audit.	Rare (1)	Moderate (3)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; work health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of three (3) has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Voting Requirements

Simple Majority – Part 1

Absolute Majority – Part 2 (due to item pertaining to Budget Amendment to Fees and Charges 2023/24)

OFFICERS' RECOMMENDATION AND COUNCIL RESOLUTION 221123.05 – Part 1 of 2

Moved: Cr Bartron

Seconded: Cr McNab

That with respect to the Monthly Financial Reports for October 2023, Council note the Reports as presented.

CARRIED 7/0

For: President Ballard, Cr Broad, Cr Fisher, Cr Bartron, Cr Pomykala, Cr Wiese, Cr McNab.

Against: Nil

OFFICERS' RECOMMENDATION AND COUNCIL RESOLUTION 221123.06 – Part 2 of 2

Moved: Cr Pomykala

Seconded: Cr Wiese

That with respect to the Fees and Charges adopted as part of the 2023/24 Budget, Council:

1. Advertise via local Public Notice, pursuant to sections 1.7, 6.16 and 6.19 of the Local Government Act 1995, to take effect from the date of advertisement, the following amended 2023/24 Fees and Charges:
 - a. Liquid waste (mineral oil) recyclable (not cooking oil) non-commercial dollars per litre from 50c to 25c;
 - b. Liquid waste (mineral oil) recyclable (not cooking oil) commercial dollars per litre, from 50c to 25c; and
 - c. Liquid waste (excludes oils) per litre (dollars per litre), from 50c to 15c.
2. Request the Chief Executive Officer to issue credit notes to the impacted Contractor, affected by the above amended Fees and Charges with effect from 1 July 2023.

**CARRIED 7/0
BY ABSOLUTE MAJORITY**

For: President Ballard, Cr Broad, Cr Fisher, Cr Bartron, Cr Pomykala, Cr Wiese, Cr McNab.
Against: Nil

KEY INFORMATION

▲▼ Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.

Refer to Note 2 for an explanation of the reasons for the variance.

The material variance adopted by Council for the current year is \$15,000 or 10% whichever is the greater.

This statement is to be read in conjunction with the accompanying Financial Statements and notes.

**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 OCTOBER 2023**

**EXPLANATION OF
MATERIAL VARIANCES**

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date budget. The material variance adopted by Council for the current year is an Actual Variance exceeding 10% and a value greater than \$15,000.

Reporting Program	Var. \$	Var. %	Var.	Timing/ Permanent	Explanation of Variance
Opening Funding Surplus	\$ (66,764)	(2%)	▼	Timing	This Opening Funding Surplus variance is unaudited and, therefore, subject to change.
Revenue from operating activities					
General Purpose Funding - Other	42,882	27%	▲	Permanent	Income higher due to receipt of more Financial Assistance Grants(FAGS) over and above what was received in advance for 2023/24.
Law, Order and Public Safety	17,626	16%	▲	Timing	Income higher due to timing of receipt of Bush Fire Mitigation Activity Grant funding received from DFES \$101k.
Recreation and Culture	(120,267)	(73%)	▼	Timing	Income lower due to amendment to NRLC budget after transition back to Shire on 26/10/23 and adjustment to schedule to reflect correct budget amounts for Nov onwards. This matter is also applicable to increased expenditure variance.
Transport	138,892	163%	▲	Timing	Income higher mainly due to receipt of the Main Roads WA operational grant funding slightly earlier than envisaged in budget \$181k.
Economic Services	(62,886)	(30%)	▼	Timing	Lower income due to timing of caravan park fees and other tourist and area promotion income.
Other Property and Services	(17,994)	(33%)	▼	Timing	Income lower due to timing of private works activity and receipt of fuel tax credits.
Expenditure from operating activities					
General Purpose Funding	19,707	14%	▲	Timing	Expenditure lower mainly due to variation to rates admin costs and timing of debt collection and valuation expenses
Law, Order and Public Safety	93,505	28%	▲	Timing	Expenditure lower mainly due to timing bushfire risk mitigation activities.
Health	26,423	21%	▲	Timing	Expenditure lower due to Health Officer vacancy at the beginning of the financial year resulting in lower salary and wage costs. Vacancy now filled.
Education and Welfare	256,084	29%	▲	Timing	Lower expenditure mainly due to timing of implementation of budgeted salaries, and other expenditure under CHCP and CHSP activities.
Community Amenities	70,048	13%	▲	Timing	Expenditure lower mainly due to timing of invoices from the waste collection contractor.
Recreation and Culture	376,766	22%	▲	Timing	Expenditure lower due to timing of parks maintenance activities and NRLC operating expenditure, including the Shire's operational subsidy.
Economic Services	87,798	23%	▲	Timing	Expenditure lower mainly due to timing of building control wages, as the vacancy for the surveyor has yet to be filled.
Other Property and Services	(23,085)	(14%)	▼	Timing	Variance mainly due to timing of admin overhead allocations and absorption of plant operating costs.
Investing Activities					
Capital Acquisitions	184,435	12%	▲	Timing	Project expenditure lower than predicted budget for July, as most capital projects only started after budget adoption in July.
Financing Activities					
					Expenditure for capital projects below actual. Timing issue as purchase

MONTHLY FINANCIAL REPORT
FOR THE PERIOD ENDED 31 OCTOBER 2023

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to reporting period.
Prepared by: Manager Corporate Services
Reviewed by: Executive Manager Corporate & Community Services

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of the *Local Government (Financial Management) Regulations 1996, Regulation 34*. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities and to the extent they are not in-consistent with the *Local Government Act 1995* and accompanying regulations), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the *Local Government Act 1995* and accompanying regulations. Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Local Government controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

SIGNIFICANT ACCOUNTING POLICIES

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

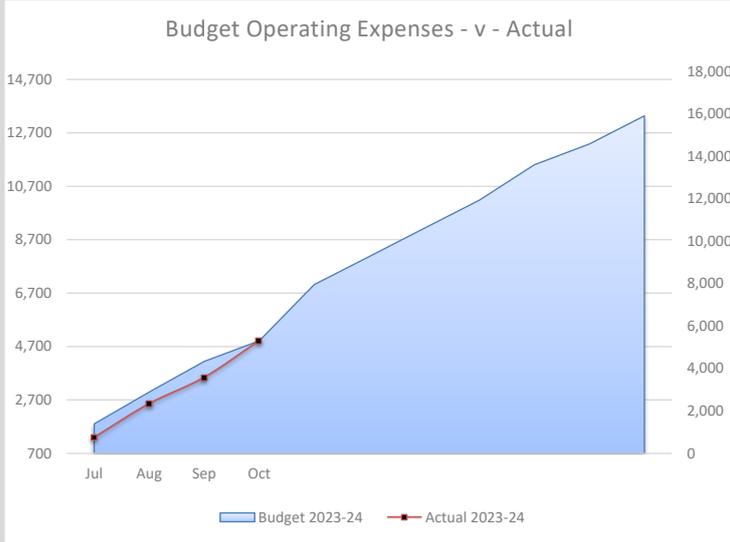

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

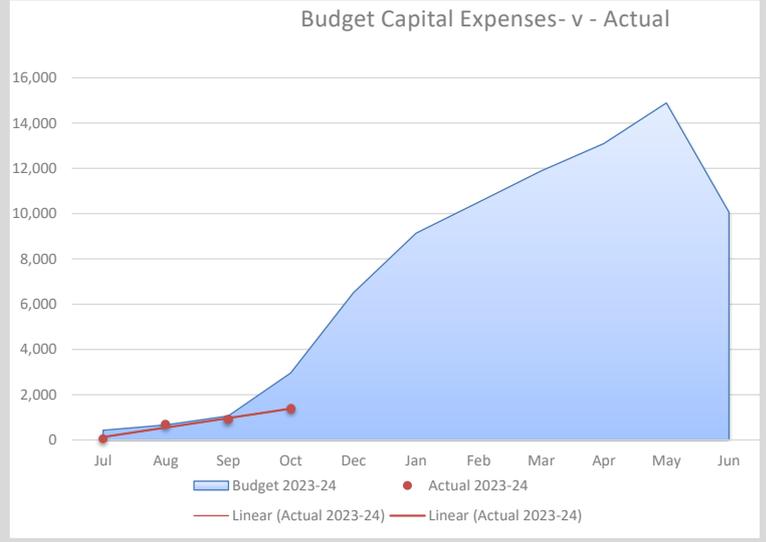

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

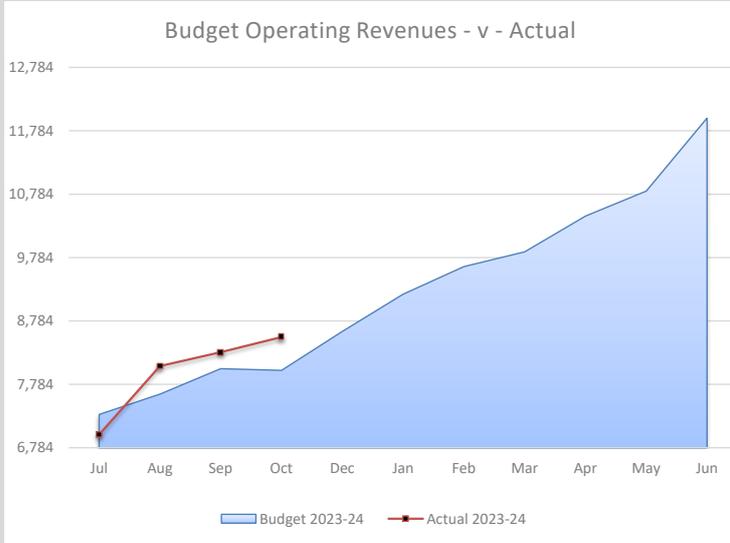

OPERATING EXPENSES ('000)

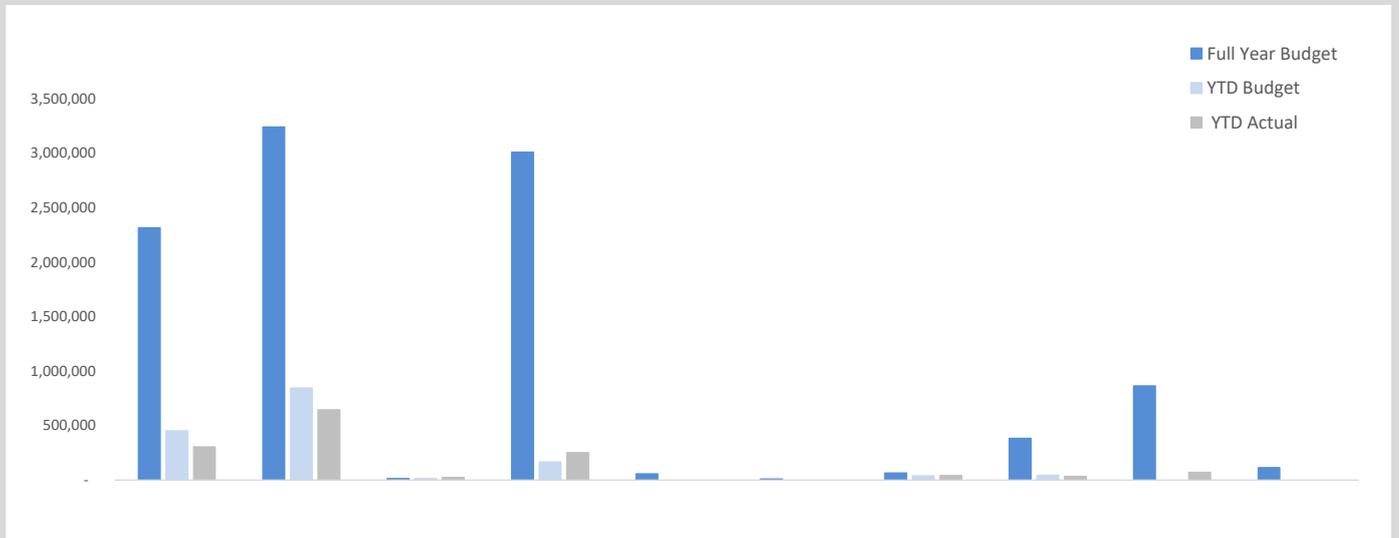

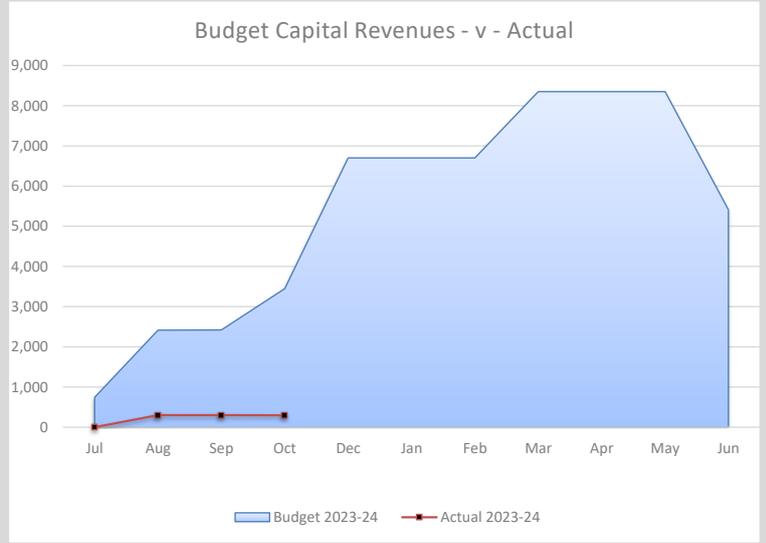

CAPITAL EXPENSES ('000)

OPERATING REVENUE ('000)

CAPITAL REVENUE ('000)

This information is to be read in conjunction with the accompanying Financial Statements and Notes.

**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 OCTOBER 2023**

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Local Government's operational cycle. In the case of liabilities where Local Government does not have unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current, even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except, for land held for resale where it is held as non current based on the Local Government's intentions to release for sale.

EMPLOYEE BENEFITS

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) *Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)*

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Local Government has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Local Government expects to pay and includes related on-costs.

(ii) *Annual Leave and Long Service Leave (Long-term Benefits)*

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the Project Unit Credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Local Government does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

PROVISIONS

Provisions are recognised when: The Local Government has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

INVENTORIES

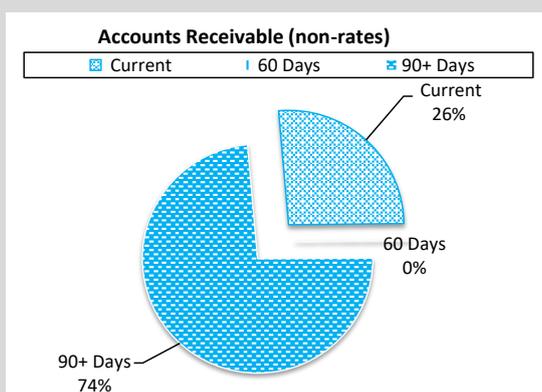

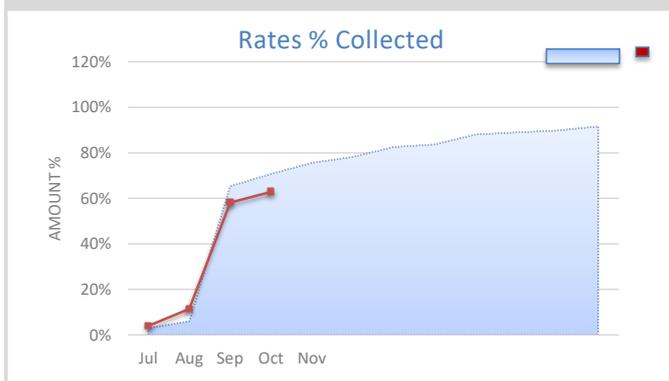

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

Summary

Council is requested to consider the nominations received for the positions of Community Members on the Australia Day and Honours Advisory Committee (Australia Day Committee) and the Townscape Advisory Committee (Townscape Committee).

Background

In accordance with the Local Government Act 1995 and pursuant to the Shire's Terms of References and the Standard Conditions for Establishment, the terms of the former Townscape Advisory Committee and former Australia Day and Honours Committee expired, and the Committees were disbanded, pending the outcome of the Biennial Local Government Election, which was held on 21 October 2023.

At the Ordinary Council Meeting held on 25 October 2023, Council endorsed the establishment of the Australia Day and Honours Advisory Committee and the Townscape Advisory Committee and adopted the Terms of Reference and Standard Conditions for both.

The tenure for the members of a committee (including community members) (Section 5.11 of the Local Government Act 1995) is for a maximum of two years, concluding at each ordinary local government election.

Consultation

The Shire invited nominations to fill the four (4) positions of community members on the Townscape Advisory Committee and the three (3) on the Australia Day and Honours Advisory Committee, with local advertising, direct marketing and through the Shire's website and Facebook. The closing date for submissions was 10 November 2023.

The Shire also wrote to existing Committee Members inviting them to reapply.

Statutory Environment

Local Government Act 1995 –

Sections 5.8, 5.9, 5.10 and 5.11 – establishment and composition of committees.

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Financial Implications

There are no relevant financial implications other than administrative.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027		
Objective	2.	Social Objective (To provide community facilities and promote social interaction)
Outcome:	2.3	Existing strong community spirit and pride is fostered, promoted and encouraged
Strategy:	2.3.2	Engage and support community groups and volunteers
Objective	4.	Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1	An efficient and effective organisation
Strategy:	4.1.1	Continually improve operational efficiencies and provide effective services
Strategy:	4.1.2	Continue to enhance communication and transparency

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to appoint Members appropriately to Council Committees and Reference Groups would result in a breach of the Local Government Act 1995 and/or Council's	Unlikely (2)	Moderate (3)	Medium (5-9)	Compliance Requirements	Accept Officer Recommendation

adopted Resolution Number 251023.10.					
--------------------------------------	--	--	--	--	--

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of six (6) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The Townscape Advisory Committee recommends to Council proposals relating to the adopted Townscape Plans and the physical infrastructure of the Narrogin and Highbury town sites, with a specific focus on: aesthetic presentation; access and facilities for the elderly and people with disabilities; and designing out crime or anti-social behaviour.

The Administration sought four (4) representatives from the community to join representatives from the Highbury District Community Council, Narrogin Chamber of Commerce, Arts Narrogin and two (2) elected members.

Representatives have been received from each of the Community Group positions as follows:

- Highbury District Community Council – Mitch Wray
- Narrogin Chamber of Commerce – Brian Seale
- ArtsNarrogin – Barbara Fletcher

Two (2) representatives were to demonstrate their focus in Aged & Disability and Indigenous community.

At the conclusion of advertising, nominations were received from Debbie Broad and Jaqueline Early, resulting in two (2) continuing vacancies in the focus areas of Aged and Disability and Indigenous communities. An additional nomination from Vicki Chadwick was received after the close of nominations for the focus area of Aged and Disability.

The Australia Day and Honours Advisory Committee recommends to Council proposals relating to: Australia Day WA Citizen of the Year Awards; Shire of Narrogin Australia Day Awards, functions and events; and other Commonwealth, State or local awards or honours.

Council sought three (3) representatives from the community to join representatives from Lions, Rotary, Narrogin Chamber of Commerce and three (3) elected members.

At the conclusion of advertising, nominations were received from Coral Mahoney, Jaqueline Early and Katie Chadwick.

Representatives have been received from each of the Community Group positions as follows:

- Narrogin Lions Club – David Russell
- Rotary Club of Narrogin – Kay Weaver
- Narrogin Chamber of Commerce – Brian Seale

10.4.2 POLICY 1.21 - FREEMAN OF THE SHIRE

File Reference	13.3.8
Disclosure of Interest	Neither the Author nor Authorising Officer have any Impartiality, Financial or Proximity Interests that requires disclosure.
Applicant	Nil
Previous Item Numbers	Nil
Date	10 November 2023
Author	Dale Stewart – Chief Executive Officer
Authorising Officer	Dale Stewart – Chief Executive Officer
Attachments	1. Draft New Policy 1.21 – Freeman of the Shire

Summary

The proposed policy on Freeman of the Shire aims to establish the criteria for Freeman status, nomination process, entitlements, and recognition. It also lists all previous recipients.

Background

Both the former Shire of Narrogin and Town of Narrogin have previously recognised individuals as Freemans of their respective municipalities. The current Shire of Narrogin also continues to recognise outstanding community service through the Freeman of the Shire title. The policy aims to provide clarity on invitations and recognition extended to Freeman', emphasising their special connection and contributions to the Shire.

The term Freeman in the context of this report and policy is gender-neutral designation. Consideration was also given to changing the title of Freeman to Freeperson or similar, however discounted given its historical context.

Consultation

The development of this policy involved consultation between the Chief Executive Officer and the Shire's Executive Leadership Team.

Statutory Environment

In 1965, amendments were made by the Western Australian Parliament to the then Local Government Act 1960, to insert a power for local governments to, by Absolute Majority and with the approval of the Minister, confer upon any person the title of 'Honorary Freeman of the Municipality'.

The title of 'Freeman' has its origins in mediaeval European history when a man who was bound to serve a landowner could, by special decree, be declared a 'free man' and so be freed of former obligations to the landlord. In more modern usage, 'Freeman' is used to describe an honour bestowed on a person by a local government who has made a lasting and exceptional contribution to a district. It does not confer any special entitlements (other than reserved seating at local government events) and is the highest honour that a local government can bestow, and unless otherwise rescinded, is bestowed for life.

With the passage of the 1995 Act, the dedicated legislative power for local government disappeared and was absorbed within the general function under section 3.1 of the Local Government Act 1995 (the Act) to provide for the good government of persons in its district and the executive functions under the Act. While the dedicated legislative power to award the title was repealed, many local governments across the state have continued the practice as a means of recognising exceptional contributions, often but not always, made by long-serving and retired Elected Members. In the absence of a legislative power, the framework for appointing a Freeman is set in a policy.

Policy Implications

The policy outlines criteria, nomination processes, and entitlements for Freeman status. It serves as a guide for acknowledging and involving recipients in civic functions, ensuring the traditional and symbolic significance of Freeman status.

The proposed policy has taken into consideration Council's Policy 8.21 Equal Employment Opportunity & Diversity & Inclusion.

Financial Implications

There are no known meaningful financial implications relative to this matter in excess of officer time and minor administrative costs.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027		
Objective:	2.	Social Objective (To provide community facilities and promote social interaction)
Outcome:	2.3	Existing strong community spirit and pride is fostered, promoted and encouraged

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to adhere to the nomination, invitation and eligibility processes may result in a loss of confidence and prestige in being awarded the title.	Unlikely (2)	Minor (2)	Low (1-4)	Engagement Practices	Adopt a policy in respect to Freeman Awards.

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of four (4) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The Freeman of the Shire policy is a commendable initiative to honour exceptional community service. It provides a structured framework for acknowledgment and involvement, contributing to the Shire's cultural and community development.

Against: Nil

1.1 Freeman of the Shire

Statutory context	Former Local Government Act 1960 (s 157).
Corporate context	Australia Day and Honours Advisory Committee (and Terms of Reference)
History	Adopted

Introduction

The Shire of Narrogin from time to time acknowledges the remarkable contributions of individuals to our community by granting them the honorary title of Freeman of the Shire of Narrogin. This policy provides clarity and guidance on the invitations extended to Freeman that are still living, to various civic functions and events, emphasising their special connection to the Shire. The term Freeman in the context of this policy is a gender-neutral designation.

In 1965, amendments were made by the Western Australian Parliament to the then Local Government Act 1960, to insert a power for local governments to, by Absolute Majority and with the approval of the Minister, confer upon any person the title of 'Honorary Freeman of the Municipality'. The title of 'Freeman' has its origins in mediaeval European history when a man who was bound to serve a landowner could, by special decree, be declared a 'free man' and so be freed of former obligations to the landlord. In more modern usage, 'Freeman' is used to describe an honour bestowed on a person by a local government who has made a lasting and exceptional contribution to a district. It does not confer any special entitlements (other than reserved seating at local government events) and is the highest honour that a local government can bestow, and unless otherwise rescinded, is bestowed for life.

With the passage of the 1995 Act, the dedicated legislative power for local government disappeared and was absorbed within the general function under section 3.1 of the Local Government Act 1995 (the Act) to provide for the good government of persons in its district and the executive functions under the Act. While the dedicated legislative power to award the title was repealed, many local governments across the state have continued the practice as a means of recognising exceptional contributions, often but not always, made by long-serving and retired Elected Members. In the absence of a legislative power, the framework for appointing a Freeman is set out in this policy.

Criteria for Freeman Status

Freeman of the Shire of Narrogin is an esteemed title awarded to individuals who have demonstrated exceptional dedication and service, significantly advancing the Shire's strategic interests and benefiting the greater community.

Each application for Freeman status shall be assessed on its merits, considering the nominee's profound contributions to the Shire of Narrogin.

Nomination Process

The community is encouraged to nominate individuals for consideration as Freemans at any time. Nominations must be submitted in writing, addressing them confidentially to the Chief Executive Officer. Nominees should not be consulted or informed of their nominations.

The Council will deliberate on nominations in a confidential "in-camera" setting in accordance with the following principles established below under the Eligibility & Selection Criteria.

Entitlements of Freeman

Any individual granted the title of Freeman of the Shire of Narrogin may officially use this designation.

Freeman shall be honoured with a special badge and certificate during a ceremony hosted by the Council to acknowledge their Freemanship.

Freeman are invited to all civic functions and events free of charge including to the following the non-exhaustive list :

- Shire of Narrogin's Foundation Day Celebrations.
- Annual Civic Awards Ceremony.

- Swearing-in Ceremonies for Elected Members.
- Opening Ceremonies of Civic Buildings.
- Special Commemorative Events.
- Community (Shire Sponsored) Festivals and Parades.
- Other significant community events as determined by the Shire President, Chief Executive Officer or the Council.

Freeman are recognised on the Shire of Narrogin's Freeman Honour Board in the Chambers and on the Shire's website.

A photograph and plaque of the Freeman should be displayed in a prominent location within the Administration of the Shire of Narrogin to commemorate their invaluable contributions.

Current Awardees

Former Shire of Narrogin

- Mr Kenneth O'Dea (1991) (Deceased)
- Mr Raymond Spouse (1996) (Deceased)
- Mr Darrell Wiese (2014) (Deceased)

Former Town of Narrogin

- Mr William Manning Esq (1974) (Deceased)
- Mr Robert (Bob) Farr (1988) (Deceased)
- Dr John Parry (1996) (Deceased)
- Mr Douglas Fairclough (1998) (Deceased)

Shire of Narrogin (from 1 July 2016)

Nil

Conclusion:

The title of Freeman of the Shire of Narrogin signifies our profound gratitude for the exceptional service provided by extraordinary individuals. This policy serves as a guideline for acknowledging their contributions and ensuring their participation in various civic functions, thus upholding the traditional and symbolic significance of Freeman status in our community.

Eligibility Criteria

1. Minimum service of 15 years to the Narrogin community in any capacity.
2. Resident of the district for all, or most of the period relating to their eligibility.
3. Not a currently serving Elected Member or employee.
4. Nominee's specific achievement/s must be of a nature that would encourage the local government to nominate that person for an honour under the Australian Honours System.
5. The relevant criteria in determining number four being:
 - a. demonstrated achievement at a high level;
 - b. made a contribution over and above what might be reasonably expected through paid employment;
or
 - c. whose voluntary contribution to the community stands out from others who may have also made a valuable contribution.

Selection Criteria

Each criteria to be scored out of 5 (five) (whole numbers only), with 5 (five) being the highest possible score.

Elected Member	Level of commitment to their field of activity (20%)	Outstanding personal leadership qualities and personal integrity (20%)	Benefits to the community of the district (40%)	Special achievements of the nominee (20%)	Total

10.4.3 LEASE OF PORTION OF RESERVE 20939 GRANITE ROAD (ARCHIBALD PARK) TO NARROGIN JETSPRINT CLUB

File Reference	
Disclosure of Interest	Neither the Author nor Authorising Officer have any Impartiality, Financial or Proximity Interests that requires disclosure.
Applicant	Nil
Previous Item Numbers	270923.10
Date	10 November 2023
Author	Dale Stewart – Chief Executive Officer
Authorising Officer	Dale Stewart – Chief Executive Officer
Attachments	<ol style="list-style-type: none">1. Schedule of Submissions2. Vesting Order and Map of Reserve 209393. Map of Proposed Area

Summary

Council's consideration is requested in regard to the proposed lease of Portion of Reserve 20939 Granite Road Narrogin (known as Archibald Park), vested in the Shire of Narrogin for the purposes of 'Parkland & Recreation' and zoned Public Recreation, pursuant to the Shire's Local Planning Scheme No. 3. The proposal comes from the Narrogin Jetsprint Club Incorporated, aiming to revive jet sprint boat racing in Narrogin.

Background

On the 27 September 2023, the Council considered an application from the Narrogin Jetsprint Club to reinvigorate Archibald Park for jet sprint boat racing events.

Consultation

The proposal has been advertised for a period of 21 days in the Narrogin Observer, Shire of Narrogin Website and on the Shire of Narrogin Facebook page. Three (3) submissions were received and are tabled in Attachment 1, together with the Administration's response against each submission and comment.

The Administration has been in regular communication with the proposed lessees regarding progression of the proposal and they have confirmed in writing that their incorporation is now official.

Statutory Environment

The request aligns with the statutory framework for the use of public reserves for recreational purposes, being the Shire of Narrogin's Local Planning Scheme No. 3.

Lease of the land would need to comply with the Management Order issued in favour of the Shire of Narrogin by the Minister for Lands. Approval to lease for periods up to 21 years has been granted, subject to each and every lease being endorsed by the Minister (Attachment 2).

Section 3.58 of the Local Government Act 1995, in relation to 'disposal' (by way of lease) relates.

Disposal by way of lease, to an Incorporated Association is exempt from any advertising or valuation requirements. That notwithstanding, the Council advertised the proposed usage and lease as referenced under Consultation, given the community 'ownership' of the land and by persons that frequent the Archibald Park and Railway Dam sites for recreation purposes.

Policy Implications

The Council's 'Railway Dam (Reserve # 20939) Management Plan' (December 2018), adopted by the Council on 27 February 2019 relates.

Council's Policy No. 1.14 Community Engagement Policy has been complied with and guided the advertising process.

The Shire's standard 'not for profit' lease would apply, if the Council supports the Officers' Recommendation.

Financial Implications

Given the Narrogin Jetsprint Club would be a not for profit incorporated Association, as well as having 'set-up' costs to maintain and 'build up' the recreation facility (over time), the Administration is proposing that the Council's normal 'peppercorn' (\$1pa) lease fee would best be appropriate and apply.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027	
Objective:	2. Social Objective (To provide community facilities and promote social interaction)
Strategy:	2.3.2 Engage and support community groups and volunteers
Strategy:	2.3.3 Facilitate and support community events

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
The activity causes environmental harm to flora, fauna or fish stocks of the broader Railway Dam Reserve.	Possible (3)	Minor (2)	Medium (5-9)	Environment Management	Manage by ensuring all approvals have clauses that protect environmental qualities.

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of six (6) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

Three (3) submissions were received, all of which, raised concerns over the impact the Jet Sprint Boats would have on the water levels and quality which would in turn may negatively impact on the native birds, flora, fauna and / or aquatic fauna. The Administration believe that these concerns can be mitigated and managed through appropriate conditions on the lease and on the conditions relating to any drawing and return of water from Railway Dam (if required) for any event.

The Narrogin Jetsprint Club's proposal to revive jet boat sprint racing in Narrogin at Archibald Park appears to align with the goals of promoting recreational activities and community engagement. The 2020 event, at the time by West Coast Jet Sprint Club, was well received by the public and broader district with the concern relating to environmental management of the water level in Railway Dam to sustain the fauna and fish stocks.

The Council at that time placed conditions on the right to draw water from Railway Dam such that there was an adequate supply retained in Railway Dam to sustain the fauna, fish and bird life, ordinarily resident in the dam. This also entailed monitoring of unintended environmental consequences and limiting the number of days prior and post that the water could be drawn or replenished.

The Shire's Environmental Health Officers and Rangers at the time noted no negative consequences on fauna or fish life, and indeed reported positive benefits to the water quality by increasing its aeration and turbidity with the action of pumping water from and to Railway Dam.

The proposed area for the leased area would be in accordance with the map at Attachment 3.

The Club notes:

"We would like to use the existing boundary fencing as the required area for the Narrogin Jetsprint club. We also would like to use the marked area (which looks to be already clear for tress for spectator parking. Overflow parking to be confirmed. At the previously run event in 2020, we used the access road south of 174 Federal St. We would like consideration to continue to use this access road for events and maintenance and/or works to the track and grounds".

They would ideally run four jet sprint races events at Archibald Park per calendar year, with the option to run two test and tune/sponsor day events per calendar year and to develop the current facilities at Archibald Park to run safe and well-equipped race events that encourage participants and spectators from Perth, Narrogin, and surrounds.

They add:

- *“We would need to pump water from Railway Dam one week prior to the scheduled event and the water will be returned at the conclusion of the event”.*
- *“The scheduling of events would be determined by the availability of water from Railway Dam, unless an alternative water source is found. The events would need to be run at the end of winter when the water supply is at its highest (October/November).*
- *We would require more data of water availability to determine if events could be run in the first five months of the year”.*

The Club notes that they would need to work with local sporting and groups and businesses to undertake future events, such as what the West Coast Jet Sprint Club did in 2020.

To undertake events, they would *“approach local community groups and offer them fundraising opportunities. These could include parking attendants, safety crew and food vendors ie sausage sizzle, popcorn, coffee, cake stall, raffles, sponsorship opportunities ie advertising of signage at track, in programs and during race commentary, local businesses for track maintenance ie earthworks, toilets, bin hire, general maintenance, food/coffee vans, fence repair, etc”.*

The planned improvements proposed include *“...tidy/repair boundary/spectator fences, prepare grounds from possible trip hazards/fallen trees and general safety, general tidy up to make the venue more appealing and inviting”.*

The proposed timeline: *“Any time frame would be manageable, to run a track testing event before Christmas, in the venues current state depending on water availability. We would look at starting the general tidy up as soon as approvals are in place. Major works would happen over the next 6-12 months. The improvements would be ongoing and would not interfere with running a race event in April/May 2024 or October/November 2024. Each event would be run during daylight hours only. We would also consider not clashing with events already scheduled. We would also be opened to working alongside events planned ie if there is a night event at the speedway we could look at running a jet sprint day event. It is important to state that a track of this calibre requires ongoing maintenance, and we will always be looking for ways to improve the event and grounds”.*

The Club emphasises that usage of the water for jet boating would only be on sanctioned and permitted Club events (ie could not be used recreationally on weekends by single users).

Simple Majority

OFFICERS' RECOMMENDATION AND COUNCIL RESOLUTION 221123.09

Moved: Cr Broad

Seconded: Cr Bartron

That with respect to the proposed lease of Portion of Reserve 20939 Granite Road (Archibald Park) to Narrogin Jetsprint Club Incorporated, Council:

1. Determine that the use is not inconsistent with the primary objectives of the Railway Dam Management Plan and notes that it is consistent with the reserves recreational purpose and zoning;
2. Thank the submitters for their submissions and determine them in accordance with the Administration's comments against them and request the Chief Executive Officer implement any actions acknowledged within.
3. Subject to the consent being obtained of the Minister for Lands, authorise the Shire President and Chief Executive Officer to enter into a lease with Narrogin Jetsprint Club Incorporated in accordance with the principles of the Shire's standard proforma community group lease, based on the following additional parameters:
 - a. The purpose being for a Jetsprint track and associated facilities in keeping with their objects of association;
 - b. Annual lease rental being \$1 per annum on demand;
 - c. The lease term commencing from 1 January 2024 and being for an initial term expiring on 31 December 2029, with a 5 year option at the lessor's absolute discretion, however, which will be informed by the lessee's management and activation of the site for the agreed purpose and there being no demonstratable environmental detriment to the quality of water of Railway Dam or flora, fauna or birdlife, caused by the actions of the lessee or jet boats in Archibald Park;
 - d. The lessee paying all outgoings including but not limited to all rates and refuse charges, emergency service levies and utilities on the property;
 - e. Notwithstanding clause (d) above, the lease including a clause noting that the Council will consider waiving the local government's rates each year, pursuant to section 6.47 of the Local Government Act 1995;
 - f. The lessee obtaining and maintaining during the duration of the lease, public liability insurance in its name with respect to the land and the lease of at least \$10m;
 - g. Events being limited to Club managed and no greater than 6 days in any calendar year;
 - h. Events being conducted in accordance with the Shire's event management approval processes and procedures on each occasion, given the broader potential for impact on Railway Dam, nearby Road Reserves and facilities and the public realm;
 - i. Mutual indemnification (hold harmless) clauses ensuring continuing of access by the public, free of charge, to the existing approved Walk Trail around the perimeter of Archibald Dam, other than on event days, for walking, hiking and push bike riding activities;
 - j. Access to the drawing of water from the adjoining Railway Dam to Archibald Park being permissible for approved events, if water levels require it, such that the objectives of retaining amenity of Railway Dam and its environmental attributes for birdlife, flora, fish and

aquatic fauna are not compromised, in the opinion of the Shire's Chief Executive Officer, on the following conditions:

- i. Approval Process: The lessee must seek approval from the Shire before drawing water from the adjoining Railway Dam for events. The Shire's CEO has ultimate authority and complete discretion in granting approval based on the objective of maintaining minimum water levels in the eastern and western water bodies of Railway Dam and after assessing seasonal and climatic conditions, as well as any evidence of negative environmental impacts from preceding draw events.
- ii. Replenishment Timeline: Water volumes agreed to be drawn from Railway Dam must be accessed no earlier than 3 days prior, and returned no more than 2 post, any approved event, in order to maintain amenity and an adequate water supply for birdlife, flora, fish and aquatic fauna in Railway Dam.
- iii. Positive Impact Reporting: Immediately prior and post any extraction approved, both the lessor and lessee are to separately monitor any negative or positive benefits observed in water quality, such as increased aeration and turbidity, and impact on fish, aquatic fauna or bird life resulting from the water extraction and replenishment activities. The Shire's CEO will consider these reports in assessing the overall impact on the environment.
- iv. Responsibility Clause: The Shire of Narrogin, as lessor, accepts no responsibility for the lessee's inability to conduct events in seasons or conditions where the draw of water from Railway Dam is deemed unsustainable. The lessee acknowledges and assumes all risks associated with the feasibility of water usage for events. The Shire's CEO has ultimate authority in determining the feasibility based on prevailing conditions and potential environmental impacts.

Summary of Submissions

Submission	Comment	Officer Comment
Public 1	<p>Have the environmental impacts of transferring water from and back into railway dam been appropriately considered, via a thorough environmental impact assessment? Specifically:</p> <ul style="list-style-type: none"> • What measures will be put in place to ensure that native birds and aquatic fauna will not be injured from the transfer of water from Railway Dam? • What measures will be put in place to minimise sedimentation when pumping water back into Railway Dam, noting that without appropriate management this may cause a deterioration in water quality and oxygen availability, and impact on aquatic fauna and fringing native vegetation? • How have the ‘minimum levels’ of water proposed to be maintained in Railway Dam been determined? What evidence is there to give confidence that such minimum levels will not impact on aquatic fauna and fringing native vegetation? • Have noise and vibration impacts to native fauna utilising Railway Dam and the surrounding Wheatbelt Woodlands threatened ecological community been considered, if so what are they and are they significant? This is noting that multiple races are now proposed. • In case of an accident/rollover of a boat, what measure will be in place the ensure no harmful hydrocarbons are transferred back into the dam? 	<p>Measures will be implemented to minimise the risk of injury to native birds and aquatic fauna during the water transfer process. These measures include the use of wildlife-friendly pump designs, strategically timed pumping schedules to avoid critical periods for breeding and migration, and the installation of physical barriers where necessary.</p> <p>The Shire’s Environmental Health Surveyors with the previous Jet Sprint Event in 2021 and water extraction and return believe improved the water quality at that time by increasing turbidity and aeration which inhibited the outbreak of blue-green algae at that time. The Shire believes that increased activity such as extraction and return (within a short period) (days) would have similar beneficial impacts to water quality. Regular monitoring and maintenance will be conducted to ensure the effectiveness of the process and any control measures to ensure that there are no negative impact on aquatic fauna. There is no evidence to suggest that water usage will negatively impact fringing vegetation and those would appear unlikely given water usage is for only several days before return.</p> <p>The minimum water levels proposed for Railway Dam will be determined to ensure ecological requirements including aquatic habitat needs, and the preservation of fringing native vegetation (if required) is managed. Any agreed levels will be subject to ongoing monitoring to adjust minimum levels if necessary to avoid impacts on aquatic fauna and vegetation.</p> <p>Noise and vibration impacts on native fauna and the Wheatbelt Woodlands threatened ecological community have been thoroughly considered. Specific mitigation strategies, such as restricting construction activities during sensitive periods and utilizing noise barriers, will be implemented to minimize disturbances. Races will be designed and managed to mitigate any potential cumulative impacts on the ecosystem.</p> <p>Contingency plans will be established to address potential accidents or rollovers of boats during the water transfer process. These plans include the deployment of absorbent booms and swift response teams to contain and remediate any hydrocarbon spills promptly. Regular training and drills will be conducted to ensure a swift and effective response in case of emergencies.</p>

Summary of Submissions

<p>Public 2</p>	<p>Thanks for inviting to me to make a submission on this proposal. I am not opposed to the principle of jet boats using the Archibald Park circuit but have grave concerns as to effects of water extraction on wildlife and the visitor appeal of Railway Dam.</p> <p>My chief concern is this condition.</p> <p>f. Access to water from Railway Dam, if necessary, with strict environmental conditions and monitoring in place.</p> <p>In my opinion, council must clearly list the required environmental conditions , describe the associated monitoring methods required, and nominate who is responsible for the monitoring. I also think that recreational and wildlife values of the dam must surpass jet ski activities. For reasons given below I think water should rarely be pumped from Railway dam to Archibald Park.</p> <p>Since the implementation of Railway Dam management plan, the dam has become a very popular place for visitors and RV campers. I counted 4 caravans there On October 14, and met a grey nomad from Australind who regularly visited to enjoy camping by the dam. He told me that he was very surprised to see a rottweiler run across the western dam, which is apparently much shallower in parts than it appears.</p> <p>I mention five important considerations.</p> <p>1. I have been in Narrogin since 1986, and in that tme have witnessed a decline in overall water level, waterside vegetation and bird habitat, and an increase in salinity at the dam inlet. By viewing historical Google Earth images of the dam, I discovered that the dam has completely filled twice in the last 10-15years with many years of low level. The 2013 Google Earth image illustrates a low point for the dam in the filling and evaporating cycle. I recall that the pan evaporation rate in this area is about 1.5 metres per year. When the last jet boat event was held here, water pumped into the course from Railway Dam was not all returned. A jet ski person told me that this was because the mud failed to settle enough.</p>	<p>We fully acknowledge the need for clear and stringent environmental conditions and monitoring protocols for water access from Railway Dam. As part of the management protocols, we will collaborate with the lessee and environmental expertise to define specific conditions, outline monitoring methods, and designate responsibilities for ongoing assessment and reporting.</p> <p>Our emphasis on prioritising recreational and wildlife values over certain activities, such as jet skiing, aligns with our commitment to environmental conservation. The management protocols will consider these values, and appropriate measures will be implemented to ensure a balance that safeguards the ecosystem while allowing for recreational use.</p> <p>Your observations on the historical fluctuations in water levels, salinity increases, and the potential impact of climate patterns are duly noted. These factors will be considered in the ongoing management and decision-making processes. The Council will closely monitor water levels and environmental conditions to adapt strategies as needed.</p>
-----------------	--	---

Summary of Submissions

<p>Consequently, water level in the western dam declined by 15cm from the event. In years with water extraction and the dam receives no inflow, one can expect the level of the western dam to fall by 1.5 to 2.5 metres per annum , and the eastern dam by 1.5 metres. As the climate is currently in El Nino/ positive Indian Ocean Dipole, dry weather is forecast for Western Australia next year, and I expect the western dam will reach a critically low level.</p> <p>2. Algae is starting to become obvious on the water surface. Medical researchers suspect that blue-green algae may be associated with motor neurone disease. If this is shown to be the case, could Council be liable for compensation claims in the future by permitting the use of contaminated water which could be ingested by the public through aerosol action from jet boat spray?</p> <p>3. The deeper eastern dam is essential for wildlife conservation, particularly the unusual piebald turtles, and must be retained in a natural as possible state. I previously recommended deeper connection between the two dams, but now realise that this would just increase siltation and overall water loss. Similarly proposed work on the western dam must ensure that there is no negative consequence for the eastern dam. For example, if the western dam is substantially deepened , it would reduce inflow frequency into the eastern one.</p> <p>4) Archibald Park receives regular runoff, and it would be relatively inexpensive to increase the frequency of filling by constructing a grade bank to divert water on the eastern side that now bypasses all dams. An engineer could assess the</p>	<p>Your point regarding the presence of algae and potential health risks is a serious consideration. We will conduct further investigations into water quality, including the possible association with blue-green algae. The health and safety of the public are paramount, and we will take appropriate measures to address any identified risks. The Shire’s Environmental Health Surveyors with the previous Jet Sprint Event in 2021 and water extraction and return we believe improved the water quality at that time by increasing turbidity and aeration which inhibited the outbreak of blue-green algae at that time. The Shire believes that increased activity such as extraction and retrain (within a short period) (days) would have similar beneficial impacts to water quality. Shire staff believe that the risk of inhalation and subsequent ill health associated with spectators being sprayed with poor quality is extremely unlikely and the lessee will be required to have adequate public liability insurance in the event of any adverse impacts and events.</p> <p>Your recommendation to retain the deeper eastern dam in a natural state for wildlife conservation is well-taken. Proposed works on the western dam will be carefully assessed to ensure they do not negatively impact the eastern dam or the unique wildlife, such as the piebald turtles.</p> <p>Your suggestion to explore alternative water sources for Archibald Park and address erosion concerns is appreciated. Shire employees and or consultant engineers will assess the feasibility of diverting run-off water currently not reaching or bypassing the system and requesting the lessee to implement measures to reduce erosion.</p>
---	---

Summary of Submissions

	<p>feasibility of obtaining more water via the Foxes Lair-Commonage diversion drain. At present there very little flow from this bank due to high rainfall/runoff threshold, extensive ponding, and a dam on McNab's property that captures small water flows.</p> <p>5) Erosion and siltation are a concern. In my submission on the Railway Dam Management Plan and in subsequent emails I highlighted serious erosion on the slope below the entry/BBQ/parking area and gave recommendations including two grade banks to stop gully erosion. Council only smoothed the gullied surface, and constructed the lower bank, which has now silted and breached due to active gullying upslope. In other emails I have identified erosion and ponding problems in land in the immediate catchment. In my opinion a qualified waterway engineer's appraisal is required to reduce siltation and maximise runoff from the catchment.</p>	<p>It is acknowledged that some treatments were undertaken with more desirable to minimise erosion and silt build up, particularly on the Railway Dam section and staff will again assess what measures can be put in place and or improved.</p>
<p>Public 3</p>	<p>I have a query regarding the use of the Railway Dam for filling Archibald Park for the use of Jet Boat racing and the subsequent return of potentially contaminated water. Jet boats use Methanol, unleaded fuel and oils in their engines. How are these going to be prevented from entering the dam if there is a spill or accident during an event? Who will monitor or gauge the level of the dam and decide if there is enough water in the dam to also facilitate boat race. DMIRS are the governing body for the sport, if there is a major incident, how will this effect Narrogin Shire?</p>	<p>To prevent the entry of methanol, unleaded fuel, and oils into Railway Dam in the event of a spill or accident during a jet boat racing event, strict safety measures and spill response protocols will be implemented. Additionally, thorough pre-event inspections and safety briefings will be conducted to minimise the risk of accidents.</p> <p>Dam levels will be monitored by designated personnel to assess whether there is sufficient water to facilitate jet boat racing events safely. The decision to proceed with racing events will be based on ensuring an adequate water depth that meets safety standards and minimises environmental impact.</p> <p>In the event of a major incident, the Narrogin Shire will collaborate closely with all relevant Agencies and Departments to ensure a coordinated and effective response. The Shire will work in tandem with those Agencies and Departments to address any potential consequences arising from incidents during jet boat racing events.</p> <p>The Shire takes the safety of its residents and the environment seriously. In the event of a major incident during jet boat racing, the Shire will work in accordance with established emergency response procedures. This may involve activating emergency services, coordinating with</p>

LAND ACT 1933

(Section 33(2))

VESTING ORDER

DOLA File 10104/906

I, Major General Philip Michael Jeffery, Officer of the Order of Australia, Military Cross, Governor of the State of Western Australia, do hereby in pursuance of the powers enabling me in that behalf, and under and by virtue of the provisions of Section 33(2) of the Land Act 1933, direct that Reserve No 20939 (Narrogin Lots 1133, 1560 and 1594)

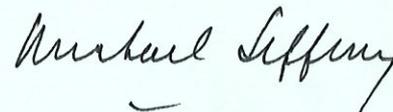

vest in and be held by the Town of Narrogin

for the designated purpose of "Parkland and Recreation"

with power, subject to the approval in writing of the Minister for Lands to each and every lease or assignment of lease being first obtained, to lease the whole or any portion thereof for any term not exceeding twenty one (21) years from the date of the lease.

Given under my hand, at Perth

this day
31 JAN 1995
of 19

**TOWN CLERK
TOWN OF NARROGIN
PO BOX 188, 89 EARL STREET
NARROGIN W.A. 6312**

Dear Sir

Reserve No. 20939 (Narrogin lots 1133, 1560 & 1594)

I advise for your information that Executive Council has revoked the Order in Council gazetted on 20 December 1985 vesting Reserve No. 20939 in the Town of Narrogin for the designated purpose of "Parkland and Recreation".

Furthermore, Reserve No. 20939 shall vest in the Town of Narrogin with power, subject to the approval in writing of the Minister for Lands to each and every lease or assignment of lease being first obtained, to lease the whole or any portion thereof for any term not exceeding twenty one (21) years from the date of the lease.

Notice to this effect was published in the Government Gazette dated 3 February 1995 and I enclose a print showing the said reserve with the relevant Vesting Order.

Yours faithfully

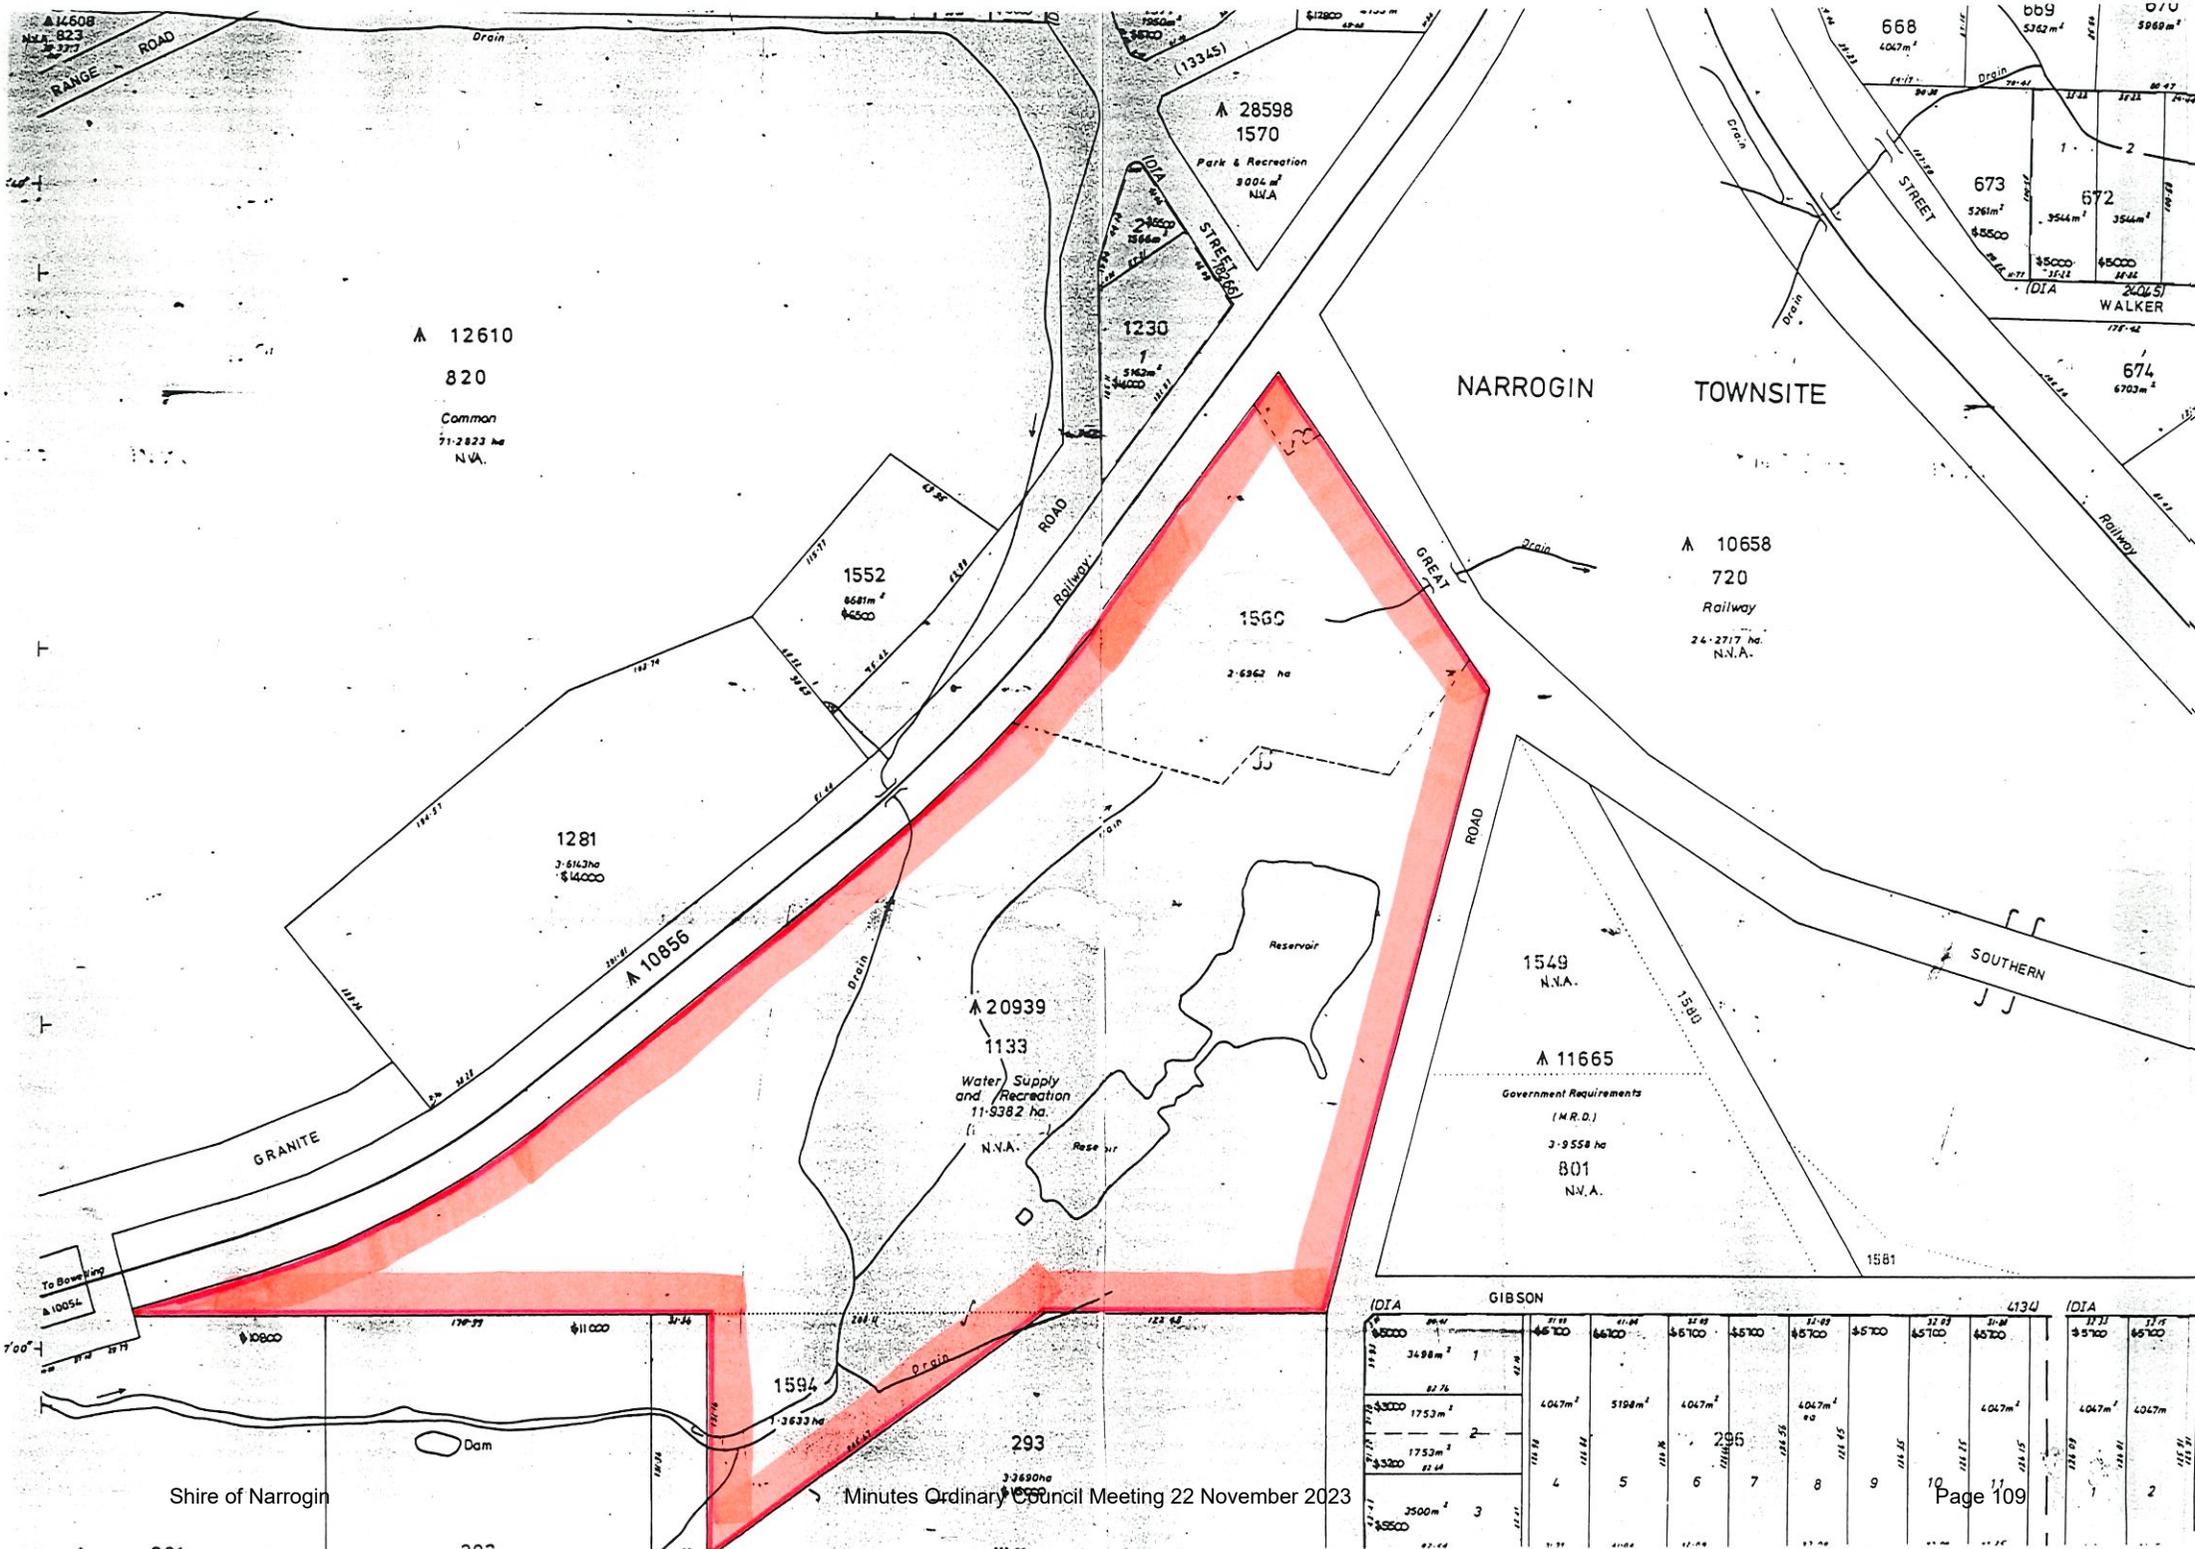

C.D.M.

Attachments	1. CONFIDENTIAL Nominations Citizen of the Year (provided under separate cover)

Summary

The Council is requested to consider the recommendations made by the Australia Day and Honours Advisory Committee, for the Citizen of the Year Awards 2023, to be held at the Australia Day Community Breakfast at Mackie Park on Wednesday 26 January 2024. The categories are:

- Community Citizen of the Year;
- Senior Citizen of the Year;
- Young Citizen of the Year; and
- Active Citizenship (group or event).

Background

The nomination campaign has been notably successful this year, resulting in a total of 15 applications and 14 nominees. This achievement can be attributed to the Ambassador Media Program, where recipients from the previous year actively supported the campaign and encouraged the community to make nominations.

Consultation

Consultation has occurred with the following:

- Chief Executive Officer; and

- Australia Day and Honours Advisory Committee.

Statutory Environment

Selection guidelines provided by the Australia Day Council state the following:

“In choosing the recipients of the Community Citizen of the Year Awards, regard is given to the nominee’s achievements in the year immediately prior to receiving the award, as well as their past achievements and ongoing contribution to the community.”

A nominee need only be nominated once to be considered. The number of nominations received per nominee bears no weight in their selection.”

“All nominees should uphold standards of conduct that will not risk placing the Award Program or Local Government’s reputation into disrepute.”

Criteria provided by the Australia Day Council states:

Nominees for the individual award categories (Community Citizen of the Year, Young and Senior) must demonstrate active positive community engagement and meet the following criteria:

- Significant contribution to the local community;
- Demonstrated leadership on a community issue resulting in the enhancement of community life;
- A significant initiative which has brought about positive change and added value to community life;
- Inspiring qualities as a role model for the community;
- Nominees for the group/event award category must demonstrate community engagement and meet any or all of the following criteria;
- Group/event that creates community engagement;
- Group/event that creates initiatives for new employment;
- Created significant initiative that brought positive change; and
- Consideration should also be given to Gender, Age, Ethnicity, Cultural background and Field of Endeavour to help ensure recipients are representative of our diverse society.”

Policy Implications

The Councils’ Policy Manual contains no policies that relate and nor are there any proposed.

Financial Implications

There are no significant financial implications relative to this matter other than additional employee costs and minor administrative costs.

Strategic Implications

Outcome:	2.3	Existing strong community spirit and pride is fostered, promoted and encouraged
Strategy:	2.3.2	Engage and support community groups and volunteers
Strategy:	2.3.3	Facilitate and support community events

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
A lack of nominations for the Citizen Awards	Possible (3)	Moderate (3)	Medium (5-9)	Engagement Practices	Manage by ensuring a dedicated program of advertising and promotion of the awards ad event by the Community Development Team

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of nine (9) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

A total of 15 nominations were received from members of the community across the following categories:

- Eight (8) Community Citizen of the Year;
- Three (3) Senior Citizen of the Year;
- One (1) Young Citizen of the Year; and
- Two (2) Active Citizenship (group or event).

Voting Requirements

Simple Majority

OFFICERS' RECOMMENDATION AND COUNCIL RESOLUTION 221123.11

Moved: Cr Pomykala

Seconded: Cr Fisher

That Council with respect to the Citizen of the Year Awards 2023, endorse the recommendations of the Australia Day and Honours Advisory Committee as per the confidential attachment, and these remain embargoed until the winners are announced on Australia Day 2024.

CARRIED 7/0

For: President Ballard, Cr Broad, Cr Fisher, Cr Bartron, Cr Pomykala, Cr Wiese, Cr McNab.

11. ELECTED MEMBERS' MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

Nil

12. NEW BUSINESS OF AN URGENT NATURE APPROVED BY THE PERSON PRESIDING OR BY DECISION OF THE MEETING

12.1 COLES NARROGIN EXTENDED TRADING HOURS

The Chief Executive Officer advised that he had received a request from the Manager of Coles Narrogin post the close of the Agenda requesting that the Council give consideration to extended trading (beyond currently permitted) for the Saturday and Sunday immediately prior to Christmas Day 2023.

The Shire President advised that he was prepared to accept the item as new business.

8.15pm - Cr Fisher declared a Financial Interest and left the meeting.

OFFICER RECOMMENDATION AND COUNCIL RESOLUTION 221123.13

Moved: Cr McNab

Seconded: Cr Wiese

That with respect to the request from Coles Narrogin to extend their trading hours from the current trading hours approved, the Council authorise the Chief Executive Officer to lodge an application to the Department of Mines, Industry Regulation and Safety in support of the application as follows:

- 7am to 7pm on Saturday 23 December 2023 (currently 8am – 5pm) and;
- 7am to 6pm on Sunday 24 December 2023 (currently 11am – 5pm).

CARRIED 6/0

For: President Ballard, Cr Broad, Cr Bartron, Cr Pomykala, Cr Wiese, Cr McNab.

Against: Nil

8.17pm Cr Fisher re-entered the meeting.

13. CLOSURE OF MEETING

There being no further business to discuss, the Presiding Member declared the meeting closed at 8.17 pm and pursuant to resolution 261022.009 of 26 October 2022, reminded Councillors of the next Ordinary Meeting of the Council, scheduled for 7.00 pm on 13 December 2023, at this same venue.
