#### 4. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

#### 5. PUBLIC QUESTION TIME

#### 5.1 QUESTION FROM BRIAN SEALE

1. "Will the Council consider slightly modifying two recommendations in the Agenda, Item 10.3.5, the rate exemption request, to 'decline' rather than 'refuse', so that the wording reflects that Council has considered the request; and Item 10.4.1, the 50% discount request, to read 'approve' rather than 'endorse', as the term 'endorse' suggests the request has been considered before Council's deliberation."

Response from the Shire President:

The Shire President acknowledged the suggestions, noting that the Elected Members would consider them at the appropriate time in the agenda.

#### 5.2 QUESTIONS FROM ANDREW BORTHWICK

1. "Why was I not advised, nor did I receive correspondence, regarding my rates and the payment process for late rates?"

Response from the Chief Executive Officer:

The Chief Executive Officer advised that he recalled someone saying at the question time two months earlier that someone hadn't allegedly not received their rates however weren't advised who they were and asked to be advised. As far as he was aware we had not received that advice. Now that has been confirmed he would investigate whether it can be confirmed whether Mr Borthwick did not receive his notice and if so why and communicate directly with Mr Borthwick about those findings.

2. "An email was sent to the CEO and Councillors in March 2024 regarding historical road grading on Yilliminning Road, including shoulder maintenance and widening. How many of the CEO and Councillors have travelled this road?"

Response from the Shire President:

The Shire President noted that the Administration will review the original email and the matters raised, determine what actions have occurred, and request the Administration to provide a response to Mr Borthwick.

3. "Is Council prepared to hold an additional Renewable Energy Transition Session with updated / current data?"

Response from the Shire President:

The Shire President advised that the session was an information evening to share what the Council or proponents of Powering WA knows about the renewables within the Shire. No additional session is currently planned and the information presented was peer reviewed and whilst some of it was 10 years old, the most current peer renewed data available.

4. "Some of the information presented was approximately 11 years old. Is that appropriate for current consideration?"

Response from the Shire President:

The Shire President advised that all information presented was peer-reviewed. The Shire hosted the forum but was not responsible for producing the material presented.

The Shire President noted that PoweringWA will be holding a follow-up information session, details of which will be advised. Community members are encouraged to direct technical questions to PoweringWA.

#### 5.3 QUESTIONS FROM MARION PRICE

1. "On behalf of Robert Lange (East Neighbourhood Collective): Did the Councillors ever ask ratepayers their thoughts on green energy before welcoming renewable energy developers, and if so, how?"

Response from the Shire President:

The Shire President responded that energy transition mandates sit with the State Government. The Shire did not initially approach or invite renewable energy developers to the district.

2. "On behalf of Robert Lange (East Neighbourhood Collective): When local government proposes changes to land, there are obligations to notify the community. Does this apply to agricultural land, if so, when does the community have the opportunity to voice its comments? If not, why not?"

Response from the Shire President:

The Shire President responded that once the Development Application has been lodged it is then advertised to the public via the relevant Government Agency.

Response from the Chief Executive Officer:

The CEO advised that the State undertakes an advertising and community consultation period of approximately 90 days. Local governments typically have a 30-day consultation period. Rezoning requests generally require local government approval unless overridden by the State. The Shire's Local Planning Scheme does not exclude renewable energy companies, and the State Government has determined that the use is not inconsistent. Planning schemes are controlled by the State Government of Western Australia.

3. "Can the Narrogin East Neighbourhood Collective hold a meeting to present the information they have gathered?"

Response from the Shire President:

The Shire President responded yes.

#### 5.4 QUESTIONS FROM ALICEN JOHNSON

1. "Given that there are 11 projects proposed, would the Shire support the Narrogin East Neighbourhood Collective publicly by directly advising developers that the Shire of Narrogin is not a suitable location for these developments?"

Response from the Shire President:

The Shire President advised that Council could discuss the question and consider what such an approach may achieve.

Response from the Deputy Shire President:

The Deputy Shire President reminded attendees that Council's adopted documents, outlining its position and related policy matters, are available on the Shire's website.

2. "Have any committees been formed by Council regarding these new energy developments coming to Narrogin?"

Response from the Shire President:

The Shire President responded that no committees have been formed.

3. "What is happening with Christmas decorations in the town of Narrogin?"

Response from the Shire President:

The Shire President advised that staff can no longer access parapets for safety reasons. Decorations have begun to be installed at the NRLC, Mackie Park, and the Town Hall. Some CBD lighting infrastructure may be replaced to allow Christmas lighting to be installed.

Response from the Chief Executive Officer:

The CEO noted that lights are installed by 1 December each year as standard practice. Access to private property and some buildings previously used is now restricted due to WHS concerns. Council has a budget for Christmas lighting and has investigated replacement options for the CBD for next Budget.

#### 5.5 QUESTIONS FROM COURTNEY WRIGHT

1. "Has the Shire engaged directly with Indigenous community members regarding sacred sites located on Shire or other property? There is no documentation available at the Shire office, and will the Shire investigate these sites or communicate with the State authority to obtain information?"

Response from the Chief Executive Officer:

The CEO advised that Planning and other Shire Officers are well versed in the relevant legislation. Information about registered sites is available on the State's online database. Some sites are located on private land, including west of the townsite and within Narrogin itself. Local elders are referring certain areas to the responsible State agency. The Department of Planning, Lands and Heritage is responsible for making this information available. The Shire has undertaken its own survey of Gnarojin Brook and liaises with local elders as appropriate from time to time. The website is <a href="https://espatial.dplh.wa.qov.au/ACHIS/index.html?viewer=ACHIS">Aboriginal Cultural Heritage Inquiry System</a> (<a href="https://espatial.dplh.wa.qov.au/ACHIS/index.html?viewer=ACHIS">https://espatial.dplh.wa.qov.au/ACHIS/index.html?viewer=ACHIS</a> )

2. "There may be missing information relating to sites at Birdwhislte Rock."

Response from the Chief Executive Officer:

The CEO encouraged Ms Wright to continue engaging with elders so they can work with the appropriate State entities to undertake research and employ suitable expertise. The CEO confirmed that responsibility for identifying and assessing heritage sites rests with the State, and Elders not local government.

3. "Concerns about microplastics, asbestos distribution, waste removal costs, and community impacts following project completion."

Response from the Chief Executive Officer:

The CEO advised that concerns regarding asbestos and similar issues should be raised during the formal advertising period for the project. Submissions should be made to the assessment authority and the project proponents. Information may also be forwarded to the Shire Administration should it be relevant to any conditions the Shire may consider.

Attachments  1. Minor Entry Statement –	Concept Design

#### **Summary**

At its Ordinary Council Meeting held on 27 August 2025, Council endorsed in principle the concept of replacing minor entry statements for the townsites of Narrogin and Highbury, noting that the Williams-Kondinin Road (Eastern entrance) be proposed as a large entrance statement, and resolved to undertake a 30-day community consultation period prior to making a final decision. The consultation period has been completed with no submissions received. This report now presents the item back to Council for final determination.

The Townscape Advisory Committee (TAC) recommended a concept design (see Attachment 1) for five (5) minor entry statements located in Highbury and Narrogin, to replace existing silo and other entry statements. The Administration undertook community consultation in accordance with Council's previous resolution (270825.03), and no objections or comments were received.

Should Council resolve to accept the minor entry statement concept, then the Administration will implement the project with funding contained within the 2025/26 Budget of up to \$25,000 allocated to Public Art Strategy Implementation.

#### **Background**

As part of the adopted Ten Year Public Art Program 2024 – 2034, the replacement of entry statements features as a project. The TAC has identified this project as a high priority. The Administration has subsequently informally discussed this with elected members at a recent Monthly Briefing Session (MBS) to gauge elected members support, whereby the concept was supported in principle.

At its meeting held on 27 August 2025, Council resolved to endorse the concept in principle, noting that the Williams-Kondinin Road Eastern entrance be proposed as a large entrance statement, and to advertise the proposal for a period of 30 days to invite community feedback prior to making a final decision.

The consultation period commenced on 17 September 2025 and closed on 16 October 2025. No submissions were received.

#### Consultation

Consultation with Elected Members occurred prior to the August 2025 Council Meeting at the monthly informal briefing session, and the TAC recommendation was supported in principle at that time.

In accordance with Council Resolution 270825.03, the Administration undertook a 30-day community consultation process. The proposal and indicative cost were advertised on the Shire's website, Facebook page and public noticeboards, and referred to the Highbury District Community Council Inc. No submissions were received during the consultation period.

The consultation requirements of Council's Community Engagement Charter (Policy 1.14) have therefore been satisfied.

#### **Statutory Environment**

The replacement of the Shire's existing townsite entry statements is subject to compliance with the *Local Government Act 1995*, planning and building regulations, and any relevant policies of the Shire of Narrogin, while there are none known that relate.

Where entry statements are located on or adjacent to road reserves managed by Main Roads WA (MRWA), approvals may also be required from MRWA to ensure compliance with road safety and visibility standards.

#### **Policy Implications**

Council's Policy 1.14 – Community Engagement Charter outlines the Shire's commitment to ensuring that community members are appropriately informed and given the opportunity to contribute to decisions that may affect them. Recognising that some residents may consider the removal and replacement of existing entry statements to be unnecessary, the Administration undertook a transparent engagement process in accordance with this policy, allowing all interested community members a clear opportunity to review the concept designs and provide feedback prior to Council making its final decision.

#### **Sustainability & Climate Change Implications**

*Environmental* - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.

*Economic* - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.

Social - The installation of town entry statements is expected to deliver positive social outcomes for the Shire and wider community. Such statements contribute to a stronger sense of identity and civic pride by visually representing the character and values of the town. They create a welcoming impression for residents, visitors and potential investors, reinforcing the town's profile as a vibrant and attractive place to live, work and visit. Town entry statements can also encourage community connectedness, as they often become a source of local pride and a symbol of belonging, while enhancing the town's overall visual amenity.

#### **Financial Implications**

Through a cost enquiry with a local steel fabricator by a committee member of the TAC regarding the concept design at Attachment 1, the indicative costing given was \$2,000 ex GST each to supply the design inclusive of rustic steel sign, mini orb backing, laser cut lettering and upright posts.

Landscaping similar to the concept design with two grass trees (Axanthorrhoea) and some locally sourced granite rocks would take the total for each of the five minor entry statements to approximately \$5,000.

The total cost of up to \$25,000 municipal funding for the five minor entry statements is contained in the 2025/26 Budget, under Other Culture, Job IO113.

#### **Strategic Implications**

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of two (2) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

#### **Comment/Conclusion**

Council previously endorsed the concept for five (5) minor entry statements in principle and resolved to seek community feedback prior to finalising the decision. The consultation period has now concluded with no submissions received.

The four (4) minor entry statements proposed to replace existing silo and other entry statements include the following locations:

- 1. Highbury x 2, one at either end of the Highbury townsite on Great Southern Highway (GSH). Instead of Welcome to Narrogin, the entry will read Welcome to Highbury with the Shire logo on it and keeping the same theme as the other three. Replaces two current entry signs;
- 2. Narrakine Road at the junction of Fleay Road. Replaces a silo entry statement; and
- 3. Narrogin Harrismith Road on entry to town. This is a new entry statement not replacing one.

The attached design has been indicatively costed by a local steel fabricator at \$2,000 ex GST. Add supply of landscaping materials and labour (inhouse) then each minor entry statement would cost around \$5,000 ex GST. There is a provision of \$25,000 in the current 2025/26 Budget for Public Art of which would cover the expense of supply and install of all five minor entry statements.

Acceptance of the design will allow Administration to commence fabrication and installation within the allocated 2025/26 budget.

Should Council resolve to accept the recommendation, then the TAC will commence further discussions and design the large entry statements under a similar concept design, and present the design and costings to Council in due course for consideration and resolution.

The four (4) large entry statements are proposed to be located at:

- 1. Williams Kondinin Road (East entry to town from Wickepin). Replaces a silo entry statement;
- 2. Williams Kondinin Road (West, near the Cemetery). Replaces a silo entry statement;
- 3. Great Southern Highway (entering from Wagin). Replaces a silo entry statement; and
- 4. Great Southern Highway (entering from Cuballing). Replaces a silo entry statement.

#### OFFICER'S RECOMMENDATION

That, with respect to the proposed replacement of minor entry statements for the townsites of Narrogin and Highbury, Council:

- 1) Note that the 30-day community consultation period, undertaken in accordance with Council Resolution 270825.03, has concluded with no submissions received;
- 2) Endorse the minor entry statement concept design as presented in Attachment 1 to be located at the following four (4) locations:
  - a) Highbury x 2, one at either end of the Highbury townsite on Great Southern Highway (GSH). Instead of Welcome to Narrogin, the entry will read Welcome to Highbury with the Shire logo on it and keeping the same theme as the other three. Replaces two current entry signs;
  - b) Narrakine Road at the junction of Fleay Road. Replaces a silo entry statement; and
  - c) Narrogin Harrismith Road on entry to town. This is a new entry statement not replacing one.

Authorise the Chief Executive Officer to proceed with procurement, fabrication and installation of the four minor entry statements within the 2025/26 Budget allocation.

#### **COUNCIL RESOLUTION 261125.03**

Moved: Cr McNab Seconded: Cr Bartron

That, with respect to the proposed replacement of minor entry statements for the townsites of Narrogin and Highbury, Council:

- 1) Note that the 30-day community consultation period, undertaken in accordance with Council Resolution 270825.03, has concluded with no submissions received;
- 2) Endorse the minor entry statement concept design as presented in Attachment 1, on the top of pages 54 and 55 of the agenda, without the # symbol, and simply the words 'Welcome to Narrogin, Love the Life,' utilising the wheat and brook motifs, to be located at the following four (4) locations:
  - a) Highbury x 2, one at either end of the Highbury townsite (wheat motif) on Great Southern Highway (GSH). Instead of Welcome to Narrogin, the entry will read Welcome to Highbury with the Shire logo on it and keeping the same theme as the other three. Replaces two current entry signs;
  - b) Narrakine Road at the junction of Fleay Road (brook motif). Replaces a silo entry statement; and
  - c) Narrogin Harrismith Road on entry to town (brook motif). This is a new entry statement not replacing one.
- 3) Authorise the Chief Executive Officer to proceed with procurement, fabrication and installation of the four minor entry statements within the 2025/26 Budget allocation.

This approach allows sufficient time for thorough research and ensures that comprehensive responses can be provided to all Elected Members ahead of the meeting, facilitating informed discussion and decision-making.

#### **Statutory Environment**

The Local Government Act 1995, Section 6.8 (2)(b) and Local Government (Financial Management) Regulations 1996, clause 13 relates.

#### **Policy Implications**

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

#### **Sustainability & Climate Change Implications**

Environmental – There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.

*Economic* – There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.

Social – There are no significant identifiable social impacts arising from adoption of the officer's recommendation.

#### **Financial Implications**

All expenditure has been approved via adoption of the 2025/2026 Annual Budget or resulting from a Council resolution.

#### **Strategic Implications**

Shire of Narrogin Strategic Community Plan 2017-2027				
Objective:	4.	Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)		
Outcome:	4.1	An efficient and effective organisation		

#### **Risk Implications**

#### Risk Matrix

Conseque	nce	Insignificant	Minor	Moderate	Major	Catastrophic
Likelihood		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of two (2) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or

extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

- 1. Monthly Financial Report for October 2025; and
- 2. Capital Projects Tracker October 2025.

#### **Summary**

In accordance with the Local Government Financial Management Regulations (1996), Regulation 34, the Shire is to prepare a monthly Statement of Financial Activity for notation by the Council.

#### **Background**

The Council is requested to review the October 2025 Monthly Financial Report.

#### Consultation

Consultation has been undertaken with the Executive Manager Corporate & Community Services.

#### **Statutory Environment**

The Local Government (Financial Management) Regulations 1996, Regulation 34 applies.

#### **Policy Implications**

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

#### **Sustainability & Climate Change Implications**

*Environmental* - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.

*Economic* - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.

Social - There are no significant identifiable social impacts arising from adoption of the officer's recommendation.

#### **Financial Implications**

Council is requested to review the October 2025 Monthly Financial Report, noting that Council is advised of the following matters:

- Rates Payments received during October totalled \$763,346, with 590 assessments paying by instalments.
- Monthly Summary Information Graphs as part of our ongoing commitment to financial transparency and effective budget management, some clarification regarding the phasing of expenditure in relation to the budget adopted in July each year is provided.

While the budget provides an annual allocation of funding, actual expenditure throughout the year may not always align perfectly with the anticipated monthly distribution. This is particularly relevant when considering the default phasing of expenditure, which is often spread evenly (at 1/12 per month or an initial 8.33% cumulative) depending on the nature of the expenses.

For administrative efficiency, the predicted phasing or timing of expenditure is not adjusted on a month-by-month basis to reflect actual variations. This means that while the financial report (and in particular the graphs) may show timing differences, these are not necessarily an indication of overspending or underspending, but rather a reflection of how expenses naturally fluctuate due to operational requirements, project timelines, and external factors.

It is important to view the financial report with this in mind and understand that variances are a normal part of financial management. The finance team continuously monitors and manages these variations to ensure overall budget integrity and adherence to Council's financial objectives.

Should any material changes arise that require formal budget adjustments, these will be brought to Council for consideration in the usual manner.

#### **Strategic Implications**

Shire of Narrogin Strategic Community Plan 2017-2027						
Objective:	4.	Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)				
Outcome:	4.1	An efficient and effective organisation				

#### **Risk Implications**

Shire's Financial position.					
As the monthly report is a					
legislative requirement,					
non-compliance may					
result in a qualified audit.					

#### Risk Matrix

Consequence		Insignificant	Minor	Moderate	Major	Catastrophic
Likelihood		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of three (3) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

## SHIRE OF NARROGIN NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 31 OCTOBER 2025

#### 1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

#### **BASIS OF PREPARATION**

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

#### Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996, prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 11 November 2025

#### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

#### **MATERIAL ACCOUNTING POLICES**

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

#### Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
  - · Property, plant and equipment
  - Infrastructure
- · Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Measurement of employee benefits
- Estimation uncertainties and judgements made in relation to lease accounting

#### **KEY INFORMATION**

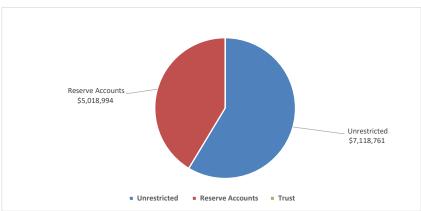

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 7 - Other assets.

#### **KEY INFORMATION**

## Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

## Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

#### Reportable Value

In accordance with Local Government (Financial Management) Regulation 17A(2), the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Amounts shown above include GST (where applicable)

#### **KEY INFORMATION**

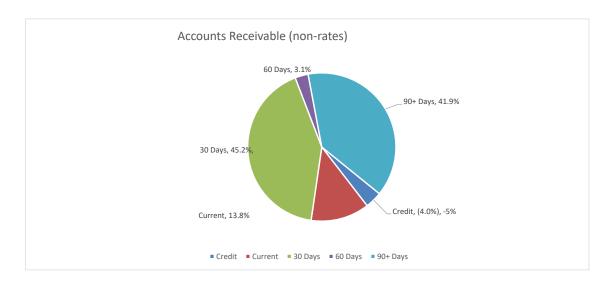

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

#### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

## **KEY INFORMATION**

## Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### **KEY INFORMATION**

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

## KEY INFORMATION

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

All lease repayments were financed by general purpose revenue.

#### **KEY INFORMATION**

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Amounts shown above include GST (where applicable)

#### **KEY INFORMATION**

#### **Provisions**

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **Employee Related Provisions**

#### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

#### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

## Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

## **Summary**

Council is requested to consider proposed amendments to the 2025/26 Schedule of Fees and Charges – Community Assisted Transport Services (CATS) fees, as detailed below.

## **Background**

A recent review of Patient Assisted Transport Scheme (PATS) reimbursements undertaken by WA Country Health Service has resulted in significant increases to the reimbursements paid to patients, with an increase from \$0.26c per kilometre to \$0.40c per kilometre. As a result, there is currently a considerable variation between the PATS reimbursement and the Shire of Narrogin CATS fees.

The current PATS reimbursements and CATS fees and the proposed amended CATS fees are as follows (all exc. GST):

Patient Assisted Transpo	,	Shire of Narrogin Community Assisted Transport Services (CATS) Fees				
Journey	Current approx.	Current Fee	Amended Fee			
	\$	\$	\$			
Narrogin - Perth	159.00	115.00	165.00			
Narrogin - Perth (via Williams)	135.00	Not listed	165.00			
Narrogin - Bunbury	138.00	Not listed	140.00			
Narrogin - Busselton	174.00	130.00	175.00			
Narrogin - Joondalup	178.00	Not listed	180.00			

Currently there are no fees specified for journeys from Williams – Perth, Narrogin – Bunbury and Narrogin – Joondalup. These have now been included to provide clarification for administration.

In addition, Narrogin – Perth via Williams has been set at the same rate as Narrogin – Perth. It should be noted that the Administration is currently negotiating with several adjoining local governments to where the Shire of Narrogin's service is provided to their residents, to seek a contribution to the operating deficit.

#### Consultation

The Manager Community Services has consulted with the Homecare Finance & Administration Supervisor, Executive Manager Corporate & Community Services, and the Chief Executive Officer.

## **Statutory Environment**

The Local Government Act 1995, Sections 6.16 and 6.19 relate as follows:

- "(1) A local government may impose\* and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed.
- \* Absolute majority required.
- (2) A fee or charge may be imposed for the following
  - (a) providing the use of, or allowing admission to, any property or facility wholly or partly owned, controlled, managed or maintained by the local government;
  - (b) supplying a service or carrying out work at the request of a person;
  - (c) subject to section 5.94, providing information from local government records;
  - (d) receiving an application for approval, granting an approval, making an inspection and issuing a licence, permit, authorisation or certificate;
  - (e) supplying goods;
  - (f) such other service as may be prescribed.
- (3) Fees and charges are to be imposed when adopting the annual budget but may be
  - (a) imposed\* during a financial year; and
  - (b) amended\* from time to time during a financial year
- \* Absolute majority required."

and

"If a local government wishes to impose any fees or charges under this Subdivision after the annual budget has been adopted it must, before introducing the fees or charges, give local public notice of \_\_\_\_

- (a) its intention to do so; and
- (b) the date from which it is proposed the fees or charges will be imposed."

## **Policy Implications**

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

## **Sustainability & Climate Change Implications**

*Environmental* - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.

*Economic* - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.

Social - The proposed amendments to the 2025/26 Fees and Charges will more closely align the CATS fees to the PATS reimbursements.

## **Financial Implications**

The additional revenue will have a very minor impact overall on the 2025/26 budget; however it will reduce the overall net annual operating costs of the CATS vehicle. This will result in a reduction to annual contributions required from the Shire of Narrogin and other contributing Shires to cover an annual operating cost deficit, should there be one.

## **Strategic Implications**

Shire of Narrogin Strategic Community Plan 2017-2027						
Objective:  4. Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of six (6) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or

extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

## **Comment/Conclusion**

The 2025/26 Schedule of Fees and Charges – Community Assisted Transport Services (CATS) have been reviewed in response to recent increases in the Patient Assisted Transport Scheme (PATS) reimbursements. The proposed amendments to the CATS fees will more closely align the CATS fees to the PATS reimbursements.

#### 10.3.4 NARROGIN PRIMARY SCHOOL – REQUEST TO WRITE OFF INTEREST ON RATES

## **Summary**

The Council was asked to consider writing off an amount of \$1,128.03 of accrued interest on Assessment Number A340002, relating to the Narrogin Primary School.

## **Background**

The following timeline of events relates:

25 August 2025: The Narrogin Primary School contacted the Shire as follows "On last year's notice we were charged \$1067.16 for overdue interest, which we believe was truly unfair as it was a fault on your end with the account name being changed the year before to Dept of Education, and I couldn't pay the account until it was in the correct name of our school.

This was a huge delay error on the Shires behalf. I would appreciate my query from this year to be sorted as quickly as possible so we are not slugged with another overdue interest fee which is not our fault."

06 September 2024: The Narrogin Primary School made a combined payment covering both the 2023/24 and 2024/25 rate periods, totalling \$18,024.14.

This payment included \$1,077.10 in penalty interest, leaving an outstanding balance of \$48.07. Since that date, additional interest of \$2.86 has accrued, bringing the total penalty interest charged on the assessment to \$1,128.03.

15 October 2025: An investigation was undertaken to determine why the account name changed from "Narrogin Primary School" to "Department of Education."

Records indicate that on 4 January 2023, a former employee merged two names and addresses within the system. This action appears to have caused the name change to "Department of Education."

As the original records involved in the merge no longer exist, this conclusion cannot be definitively proven. However, it remains the most plausible explanation for the change and supports the school's claim regarding the error.

24 October 2025: The Narrogin Primary School paid the 2025/26 rates, excluding interest as outlined above.

#### Consultation

Consultation between the Narrogin Primary School, the Chief Executive Officer and Manager Corporate Services have resulted in an agreement that the school pay the 2025/26 rates, excluding interest, pending this report.

## **Statutory Environment**

The Local Government Act 1995 Section 6.12 Power to defer, grant discount, waive or write off debts, relates.

- "(1) Subject to subsection (2) and any other written law, a local government may
  - a) when adopting the annual budget, grant\* a discount or other incentive for the early payment of any amount of money; or
  - b) waive or grant concessions in relation to any amount of money; or
  - c) write off any amount of money, which is owed to the local government.
- \* Absolute majority required.
- (1) Subsection (1)(a) and (b) do not apply to an amount of money owing in respect of rates and service charges.
- (2) The grant of a concession under subsection (1)(b) may be subject to any conditions determined by the local government.
- (3) Regulations may prescribe circumstances in which a local government is not to exercise a power under subsection (1) or regulate the exercise of that power."

It is also noted that the Council's Delegation 3.7 references write-off sundry and rate debts. This matter is outside the scope of Delegation 3.7 due to the value involved and is presented to Council for determination.

## **Policy Implications**

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

## **Sustainability & Climate Change Implications**

*Environmental* – There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.

*Economic* – There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.

Social – There are no significant identifiable social impacts arising from adoption of the officer's recommendation.

## **Financial Implications**

The financial implications relative to this matter are of a minor nature and have no significant upon Council's overall financial interests.

The expenditure is wholly contained in the budget, referenced by GL3030125 (penalty interest received). The current value of the write-off is \$1,128.03 as of 10 November 2025.

The proposal has no impact on the Council's Long Term Financial Plan.

## **Comment/Conclusion**

Investigations support the Narrogin Primary School's claim that the rate record was changed into the incorrect ratepayer, and their claim for write off of the interest is supported by management.

- 2. Letters from Noongar Boodja Land Sub Pty Ltd

## **Summary**

On the 24 September 2025, the Shire received an application from the Noongar Boodja Land Sub Pty Ltd, seeking an exemption from rates.

## **Background**

The application received from the Noongar Boodja Land Sub Pty Ltd seeks an exemption from rates, pursuant to the provisions of S6.26 of the Local Government Act 1995, based on the land being used for charitable purposes:

- A321400 is vacant land located at 31 Lefroy Street, Narrogin Rates \$1,340 plus Emergency Services Levy \$108; and
- A340325 is vacant land located at 5 Range Road, Narrogin Rates \$1,340 plus Emergency Services Levy \$108.

The Noongar Boodja Land Sub Pty Ltd is registered with the Australian Charities and Not-for-Profits Commission, and the applications state that both lots are uncleared vacant land held by the Native Title Charitable Trust and they advise that they are used solely for charitable purposes.

## Consultation

The Chief Executive Officer and Executive Manager Corporate & Community Services have been consulted.

## **Statutory Environment**

The Local Government Act 1995, Section 6.26, relates as follows:

- "(1) Except as provided in this section all land within a district is rateable land.
- (2) The following land is not rateable land
  - (a) land which is the property of the Crown and
    - (i) is being used or held for a public purpose; or
    - (ii) is unoccupied, except —

- (I) where any person is, under paragraph (e) of the definition of owner in section 1.4, the owner of the land other than by reason of that person being the holder of a prospecting licence held under the Mining Act 1978 in respect of land the area of which does not exceed 10 ha or a miscellaneous licence held under that Act;
- (II) or (II) where and to the extent and manner in which a person mentioned in paragraph (f) of the definition of owner in section 1.4 occupies or makes use of the land; and
- (b) land in the district of a local government while it is owned by the local government and is used for the purposes of that local government other than for purposes of a trading undertaking (as that term is defined in and for the purpose of section 3.59) of the local government; and
- (c) land in a district while it is owned by a regional local government and is used for the purposes of that regional local government other than for the purposes of a trading undertaking (as that term is defined in and for the purpose of section 3.59) of the regional local government; and
- (d) land used or held exclusively by a religious body as a place of public worship or in relation to that worship, a place of residence of a minister of religion, a convent, nunnery or monastery, or occupied exclusively by a religious brotherhood or sisterhood; and
- (e) land used exclusively by a religious body as a school for the religious instruction of children; and
- (f) land used exclusively as a non-government school within the meaning of the School Education Act 1999; and
- (g) land used exclusively for charitable purposes; and
- (h) land vested in trustees for agricultural or horticultural show purposes; and
- (i) land owned by Co-operative Bulk Handling Limited or leased from the Crown or a statutory authority (within the meaning of that term in the Financial Management Act 2006) by that co-operative and used solely for the storage of grain where that co-operative has agreed in writing to make a contribution to the local government; and
- (j) land which is exempt from rates under any other written law; and
- (k) land which is declared by the Minister to be exempt from rates.
- (3) If Co-operative Bulk Handling Limited and the relevant local government cannot reach an agreement under subsection (2)(i) either that co-operative or the local government may refer the matter to the Minister for determination of the terms of the agreement and the decision of the Minister is final.
- (4) The Minister may from time to time, under subsection (2)(k), declare that any land or part of any land is exempt from rates and by subsequent declaration cancel or vary the declaration. (5) Notice of any declaration made under subsection (4) is to be published in the Gazette.
- (6) Land does not cease to be used exclusively for a purpose mentioned in subsection (2) merely because it is used occasionally for another purpose which is of a charitable, benevolent, religious or public nature.

'Charitable purposes' is not currently defined in the Local Government Act 1995 or other statutes; rather charity is defined at common law.

Categories of charitable purposes includes:

- Trusts for the relief of poverty;
- Trusts for the advancement of education
- Trusts for the advancement of religion; and
- Trusts for other purposes beneficial to the community.

The Western Australian case law (arising from both the Courts and the State Administrative Tribunal) summarise that for a purpose to be charitable –

- a) it must fall within the purposes set out in the Statue of Elizabeth I, or by Lord Macnaghten (above); and
- b) there must be a public benefit, being a benefit directed to the general community, or to a sufficient section of the community to amount to the public.

Australian case law has found that some incidental uses of the land does not destroy the exclusiveness of the use of the land for charitable purposes and so fall within sub-section 6.26(2)(g). The proper test for determining whether land is used exclusively for charitable purposes is:

- a) if land is used for a dual purpose, then it is not used exclusively for charitable purposes although one of the purposes is charitable; and
- b) if the use of the land for a charitable purpose produces a profitable by-product as a mere incident of that use, the exclusiveness of the charitable purpose is not thereby destroyed.

In these two cases, the properties are clearly vacant land and cannot be demonstrated as providing charitable activities, or used for charitable purposes, and therefore rate exemption is recommended to be refused.

## **Policy Implications**

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

## **Sustainability & Climate Change Implications**

*Environmental* – There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.

*Economic* – There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.

Social – There are no significant identifiable social impacts arising from adoption of the officer's recommendation.

## **Financial Implications**

Should the Council support the officer's recommendation, there are no financial implications.

#### **Comment/Conclusion**

The Administration, in considering case law since 1995, has determined that the Noongar Boodja Land Sub Pty Ltd have not demonstrated eligibility for exemption from rates for charitable purposes, or any other reason, on either of these two lots. The lots are clearly vacant, as acknowledged by the applicant. Long-standing case law has consistently upheld the position of local governments in refusing rate exemption applications where land remains undeveloped (is not used).

Shire Of Narrogin 89 Earl Street, Narrogin WA 6312 enquiries@narrogin.wa.gov.au

To the CEO and Councillors,

Statement Outlining the Nature of the Noongar Boodja Land Sub Pty Ltd's Operations as per the Rates Exemption Application Form

5 Range Road (Lot 1693 on DP 172874) Narrogin is an uncleared vacant Lot.

The Lot is owned freehold by the Noongar Boodja Trust, through its holding entity the Noongar Boodja Land Sub Pty Ltd, and was acquired by the trust 24 January 2022.

The Noongar Boodja Trust is a registered charity that advances the culture, social and public welfare of Aboriginal and Torres Strait Islander people, specifically the Noongar People of the Noongar Nation, and in accordance with the trust deed. The Noongar Land Sub Pty Ltd is a wholly owned subsidiary of the Noongar Boodja Trust, that holds the legal title to all land and management orders on bare trust for the Noongar Boodja Trust. The Noongar Land Sub Pty Ltd is also a registered charity.

Section 6.26 of the Local Government Act 1995 sets out a wide range of circumstances in which land is not rateable land. Section.6.26(2)(g) provides that land is not rateable land if the land is used 'exclusively for a charitable purpose'. As both the Noongar Boodja Trust and Noongar Land Sub Pty Ltd are both registered charities, and as the seven beneficiaries of the trust are, or are capable of being endorsed as, eligible charities by the Commissioner of Taxation, we maintain that the above Lot 1693 on DP 172874 is not rateable land on the grounds that the land is used exclusively for a charitable purpose.

The Lot has no occupants, no buildings and no operational use.

Council has zoned the land Public Open Space.

Shire Of Narrogin 89 Earl Street, Narrogin WA 6312 enquiries@narrogin.wa.gov.au

Dear Dale Stewart,

## Re: Request for rates exemption for land held by the Noongar Boodja Trust

We write to you in our capacity as trustee for the Noongar Boodja Trust. The Noongar Boodja Trust is the special purpose charitable trust that receives, holds and manages all of the assets arising from the South West Native Title Agreement between the state of Western Australia and the Noongar People.

I write generally about the rateability of land held by the Noongar Boodja Trust, and also specifically in relation Lot 1693, which is referred to as "5 Range Road" on the rates notice issued to the Noongar Boodja Land Sub Pty Ltd by the Shire of Narrogin, issued date of 15/08/2025, Assessment Number A340325. This Lot is owned freehold by the Noongar Boodja Trust, through its holding entity the Noongar Boodja Land Sub Pty Ltd.

The Noongar Boodja Trust is a registered charity that advances the culture, social and public welfare of Aboriginal and Torres Strait Islander people, specifically the Noongar People of the Noongar Nation, and in accordance with the trust deed. The Noongar Land Sub Pty Ltd is a wholly owned subsidiary of the Noongar Boodja Trust, that holds the legal title to all land and management orders on bare trust for the Noongar Boodja Trust. The Noongar Land Sub Pty Ltd is also a registered charity.

#### **Error in the Rate Record**

Section 6.26 of the Local Government Act 1995 sets out a wide range of circumstances in which land is not rateable land. Section.6.26(2)(g) provides that land is not rateable land if the land is used 'exclusively for a charitable purpose'. As both the Noongar Boodja Trust and Noongar Land Sub Pty Ltd are both registered charities, and as the seven beneficiaries of the trust are, or are capable of being endorsed as, eligible charities by the Commissioner of Taxation, we maintain that Lot 1693 on DP 172874 is not rateable land on the grounds that the land is used exclusively for a charitable purpose.

The Trust holds and uses the Property for the benefit of the Noongar People pursuant to the South West Native Title Settlement. The Trust is bound by its governing documents to use the Property exclusively for that purpose.

Where land is used for the purpose of improving the economic position, social condition and traditional ties of an Aboriginal community, that will generally be a charitable use of the land: Shire of Derby-West Kimberley v Yungngora Association (2007) 157 LGERA 238; [2007] WASCA 233 at [54]. We confirm that the Trust uses the Property exclusively for such purposes.

Pursuant to the Noongar (Koorah, Nitja, Boordahwan) (Past, Present, Future) Recognition Act 2016 (WA), the Parliament of Western Australia has expressly acknowledged the living cultural, spiritual, familial and social relationship that the Noongar People have with Noongar land (which includes the Property): s 5(2)(a). The Trust's use of the Property to promote and preserve the Noongar People's spiritual and cultural connections with their land is an exclusively charitable purpose.

Further, and without prejudice to the above, we note that the Trust does not (and presently cannot) use the Property for any commercial purpose and derives no income from the Property. Before taking any substantive steps with respect to the Property, the Trust is obliged under the trust deed to consult with the Noongar Advisory Company and the Noongar Regional Corporation and to carefully consider, in a culturally appropriate way, how the land can best serve the spiritual, social and economic interests of the Noongar People. The important consultation work is ongoing.

Requiring the Trust to pay rates while establishing these necessary consultation processes occur would seem to be an unintended consequence of the South West Native Title Settlement, and at odds with community expectations. We also observe that the local government would not suffer any prejudice by reason of granting this exemption given that the Property was not rateable land prior to being assigned to the Trust.

We therefore respectfully request that the Shire correct the rate record to show that the Property is not rateable land and reimburse the Trust for rates paid pursuant to the Rates Notice.

Should you have any questions about our request or any related matters, we would be pleased to meet with you or your staff to assist you in making your determination in relation to our request.

Yours faithfully

Shire Of Narrogin 89 Earl Street, Narrogin WA 6312 enquiries@narrogin.wa.gov.au

Dear Dale Stewart,

## Re: Request for rates exemption for land held by the Noongar Boodja Trust

We write to you in our capacity as trustee for the Noongar Boodja Trust. The Noongar Boodja Trust is the special purpose charitable trust that receives, holds and manages all of the assets arising from the South West Native Title Agreement between the state of Western Australia and the Noongar People.

I write generally about the rateability of land held by the Noongar Boodja Trust, and also specifically in relation Lot 1701, which is referred to as "31 Lefroy Street" on the rates notice issued to the Noongar Boodja Land Sub Pty Ltd by the Shire of Narrogin, issued date of 15/08/2025, Assessment Number A321400. This Lot is owned freehold by the Noongar Boodja Trust, through its holding entity the Noongar Boodja Land Sub Pty Ltd.

The Noongar Boodja Trust is a registered charity that advances the culture, social and public welfare of Aboriginal and Torres Strait Islander people, specifically the Noongar People of the Noongar Nation, and in accordance with the trust deed. The Noongar Land Sub Pty Ltd is a wholly owned subsidiary of the Noongar Boodja Trust, that holds the legal title to all land and management orders on bare trust for the Noongar Boodja Trust. The Noongar Land Sub Pty Ltd is also a registered charity.

#### **Error in the Rate Record**

Section 6.26 of the Local Government Act 1995 sets out a wide range of circumstances in which land is not rateable land. Section.6.26(2)(g) provides that land is not rateable land if the land is used 'exclusively for a charitable purpose'. As both the Noongar Boodja Trust and Noongar Land Sub Pty Ltd are both registered charities, and as the seven beneficiaries of the trust are, or are capable of being endorsed as, eligible charities by the Commissioner of Taxation, we maintain that Lot 1701 on DP on plan 9267 is not rateable land on the grounds that the land is used exclusively for a charitable purpose.

The Trust holds and uses the Property for the benefit of the Noongar People pursuant to the South West Native Title Settlement. The Trust is bound by its governing documents to use the Property exclusively for that purpose.

Where land is used for the purpose of improving the economic position, social condition and traditional ties of an Aboriginal community, that will generally be a charitable use of the land: Shire of Derby-West Kimberley v Yungngora Association (2007) 157 LGERA 238; [2007] WASCA 233 at [54]. We confirm that the Trust uses the Property exclusively for such purposes.

Pursuant to the Noongar (Koorah, Nitja, Boordahwan) (Past, Present, Future) Recognition Act 2016 (WA), the Parliament of Western Australia has expressly acknowledged the living cultural, spiritual, familial and social relationship that the Noongar People have with Noongar land (which includes the Property): s 5(2)(a). The Trust's use of the Property to promote and preserve the Noongar People's spiritual and cultural connections with their land is an exclusively charitable purpose.

Further, and without prejudice to the above, we note that the Trust does not (and presently cannot) use the Property for any commercial purpose and derives no income from the Property. Before taking any substantive steps with respect to the Property, the Trust is obliged under the trust deed to consult with the Noongar Advisory Company and the Noongar Regional Corporation and to carefully consider, in a culturally appropriate way, how the land can best serve the spiritual, social and economic interests of the Noongar People. The important consultation work is ongoing.

Requiring the Trust to pay rates while establishing these necessary consultation processes occur would seem to be an unintended consequence of the South West Native Title Settlement, and at odds with community expectations. We also observe that the local government would not suffer any prejudice by reason of granting this exemption given that the Property was not rateable land prior to being assigned to the Trust.

We therefore respectfully request that the Shire correct the rate record to show that the Property is not rateable land and reimburse the Trust for rates paid pursuant to the Rates Notice.

Should you have any questions about our request or any related matters, we would be pleased to meet with you or your staff to assist you in making your determination in relation to our request.

Yours faithfully

Vanessa Bray

Authorising Officer	Dale Stewart – Chief Executive Officer

# Summary

The applicant seeks Council approval to waive hire fees for the Narrogin Town Hall for the 2026 Narrogin Senior High School Ball or alternatively to reduce the applicable fee to that which was imposed in the preceding year on the basis that the event is a student-led fundraising initiative.

## **Background**

The Administration has received a request from Narrogin Senior High School seeking a reduction in the hire fee for the Narrogin Town Hall for the 2026 School Ball. The School advises that, under the Shire's adopted 2025/26 Fees & Charges Schedule, the applicable fee has increased from \$486.50 in 2024/25 to \$1,690.00 in 2025/26, a substantial rise that has created financial difficulty for a student-funded event.

The School Ball is organised entirely through student fundraising efforts, and the increased fee has prompted the School to seek the Shire's consideration for discounted hire charges to maintain affordability and accessibility for all attendees.

There are no previous Council decisions relating to this specific request.

## Consultation

Internal consultation was undertaken with the Chief Executive Officer and the Executive Manager Corporate & Community Services to determine an appropriate recommendation. Both officers supported presenting the request to Council as a once-off discount, noting the significant fee increase and the student-funded nature of the event.

External consultation was limited to the applicant, Narrogin Senior High School, who submitted the request in writing. No further external consultation or community engagement was required, as the matter relates solely to a one-off concession for a specific school event and does not impact broader community policy or the adopted Fees and Charges Schedule. This approach aligns with Council Policy 1.14 – Community Engagement.

The School has been notified of the request being referred to the Council meeting of 26 November 2025 and have been invited to attend should they wish to observe proceedings. No further consultation is recommended; however, any future review of fee concessions for school events would require appropriate community engagement.

## **Statutory Environment**

The Local Government Act 1995, Section 6.12 (1)(b) – Power to defer, grant discounts, waive or write off debts, relates as follows:

- "(1) Subject to subsection (2) and any other written law, a local government may
  - (b) waive or grant concessions in relation to any amount of money".

Further Council Delegations 3.11 Donations/Sponsorship – Financial and In-Kind Works/Services and 11.2 Discount/Waiver/Subsidy of Facility Hire Fees are relevant but could only have been exercised by the Chief Executive Officer under delegated authority for local community, charitable, or not-for-profit organisations, as they expressly exclude corporate, government, or private institutions.

In other words, these delegations were not applicable in this instance, and in any event are limited to a maximum of \$500 (ex GST) per request.

To qualify under these delegations:

- the event must be for the specific benefit of the local community; and
- each request from the organisation must not exceed \$500 ex GST.

## **Policy Implications**

The Council's Policy Manual contains no policies that specifically relate to one-off fee concessions for school events, nor are there any proposed. The recommendation to grant a 50% discount for the 2026 Narrogin Senior High School Ball is made under Council's discretion in accordance with the Local Government Act 1995 and the Shire of Narrogin Local Laws governing public halls and facilities.

## **Sustainability & Climate Change Implications**

*Environmental* – There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.

*Economic* – While the recommendation supports a community event, there is a minor economic risk that the school or other groups may expect similar discounts in future. This risk is mitigated by clearly communicating that the 50% discount is a one-off concession for the 2026 School Ball and does not necessarily set a precedent.

Social – The recommendation has a positive social impact by supporting local youth and the wider community. Granting the discounted hire fee ensures the School Ball remains accessible and inclusive for all students, fostering engagement and participation in a valued milestone event.

## **Financial Implications**

The proposed 50% discount will reduce the Narrogin Town Hall hire fee from \$1,690.00 to \$845.00 (including GST) for the 2026 School Ball, representing a reduction in revenue of \$845.00. While this is considered manageable within the Shire's budget, it should be noted that the Town Hall incurs significant ongoing costs for management and maintenance and operates at a considerable annual loss.

The expenditure associated with this one-off concession is wholly contained within the adopted budget and has no impact on the Council's Long Term Financial Plan. There are no additional asset management implications arising from the officer's recommendation.

If recommended, the School will be advised that the discount is a one-off arrangement and that all future venue hire fees will be applied in accordance with the adopted Fees and Charges Schedule, reviewed by the Council every year.

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and risk ratings of eight (8) and six (6) have been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

## Comment/Conclusion

Council is asked to consider a request from Narrogin Senior High School for a reduced hire fee for the Narrogin Town Hall for the 2026 School Ball. The request arises due to a substantial increase in the 2026 fee from \$486.50 in 2024/25 to \$1,690.00, which has created financial pressure on a student-led fundraising initiative.

One option for Council is to approve a 50% discount, reducing the fee to \$845.00. This option supports a valued youth and community event, ensures inclusivity and accessibility for all students, and demonstrates Council's commitment to community engagement. The main disadvantage is the minor reduction in revenue and the potential expectation of similar discounts in future; however, this risk can be managed by clearly communicating that this is a one-off concession.

A second option is to approve no discount, requiring the full fee of \$1,690.00 to be paid. While this maintains full revenue and avoids setting a precedent, it places a financial burden on students and their families, may reduce participation, and could result in the Ball being unable to proceed due to insufficient funds. In a relatively small town like Narrogin, this outcome may be perceived negatively by the community and could impact the Shire's reputation for supporting local youth and community events.

A third option is to offer a lesser discount (for example, 25%). This would provide partial financial support while reducing revenue loss, but it may still create financial difficulty for students and would deliver a less significant social benefit compared with a 50% concession.

On balance, it is recommended that Council approve a 50% discount for the 2026 School Ball. The reasoning for this recommendation includes:

- The School Ball is a unique, student-led fundraising event, and the substantial increase in fees presents a barrier to participation.
- The Town Hall is an iconic and established venue for this annual milestone, contributing to community identity and youth engagement.
- The proposed discount is a one-off arrangement, mitigating potential expectations or precedent issues, and aligns with Council's discretion under the Local Government Act 1995 and the Shire's Local Laws.

Supporting the event demonstrates Council's commitment to fostering positive partnerships with local schools and youth development in the community, while also maintaining the Shire's good standing with residents.

That with respect to the request from Narrogin Senior High School for a reduced hire fee for the 2026 School Ball – Narrogin Town Hall, Council:

- 1) Approve a 50% discount to the Narrogin Town Hall hire fee for the 2026 School Ball, reducing the total fee from \$1,690.00 to \$845.00 (including GST); and
- 2) Request that the Chief Executive Officer advise Narrogin Senior High School that the 50% discount for the 2026 School Ball is a one-off concession, does not set a precedent, and that future hire fees will apply as per the adopted Fees and Charges Schedule (reviewed yearly) and acknowledge that the discount supports the student-led fundraising event, ensures inclusivity, and reflects the Shire's commitment to youth and community engagement.

The Shire President foreshadowed a motion to charge last year's fee, should this motion be lost.

Mr Dale Stewart Chief Executive Officer Shire of Narrogin 89 Earl Street Narrogin WA 6312

Subject: Request for In-Kind Donation / Discount - 2026 Narrogin SHS School Ball Venue Hire

Dear Mr Stewart,

On behalf of the 2026 Narrogin Senior High School Student Prefects and our School Ball Committee, I am writing to respectfully request consideration for an in-kind donation or discount for the hire of the Narrogin Town Hall for our upcoming 2026 School Ball.

We understand that the Shire's updated 2025/2026 fee schedule now categorises school events under "State Government Not-for-Profit Commercial Rates," resulting in a substantial increase in venue hire costs — from \$486.50 in 2025 to \$1,690.00 in 2026.

As a public school, we aim to provide all students with equitable opportunities to participate in milestone events such as the School Ball, which is entirely funded through student-led fundraising and contributions. The significant increase in hire costs presents a challenge for our students and their families, particularly in maintaining affordability and inclusivity for all attendees.

The Narrogin Town Hall has long been a valued and iconic venue for our annual School Ball, offering students a memorable experience in a beautiful local setting. We would be sincerely grateful if Council could consider an in-kind contribution or reduced hire rate equivalent to the 2025 fee of \$486.50 to support this important community and youth event.

We truly appreciate the ongoing support of the Shire of Narrogin and its commitment to fostering positive partnerships with local schools.

Thank you for your time and consideration of our request. We look forward to your favourable response.

Yours sincerely,

and some

## **Summary**

Council is requested to consider the nominations received for the positions of Community Members on the Australia Day and Honours Advisory Committee (Australia Day Committee), the Townscape Advisory Committee (Townscape Committee), and the newly established Inclusive Community Advisory Network (iCAN) Reference Group.

## **Background**

In accordance with the Local Government Act 1995 and pursuant to the Shire's Terms of References and the Standard Conditions for Establishment, the terms of the former Townscape Advisory Committee and former Australia Day and Honours Committee expired, and the Committees were disbanded, pending the outcome of the Biennial Local Government Election, which was held on 18 October 2025.

At the Ordinary Council Meeting held on 22 October 2025, Council endorsed the establishment of the Australia Day and Honours Advisory Committee, Townscape Advisory Committee, and the Inclusive Community Advisory Network (iCAN) Reference Group, and adopted the Terms of Reference and Standard Conditions accordingly.

The tenure for the members of a committee or reference group (including community members) (Section 5.11 of the Local Government Act 1995) is for a maximum of two years, concluding at each ordinary local government election.

#### Consultation

The Shire invited nominations to fill the positions of community members, being four (4) on the Townscape Advisory Committee, three (3) on the Australia Day and Honours Advisory Committee, and five (5) on the Inclusive Community Advisory Network Reference Group. The Administration advertised the vacancies through the Narrogin Observer and the Shire's website, Facebook page, and public noticeboards. The closing date for submissions was 14 November 2025.

The Shire Administration also wrote to the previous members of the committee and reference groups, inviting them to reapply.

## Statutory Environment

The Local Government Act 1995 Sections 5.8, 5.9, 5.10, and 5.11 apply.

"5.8. Establishment of committees

A local government may establish\* committees of 3 or more persons to assist the council.

Four late nominations were received for the position of Community Member on the iCAN Reference Group. Accordingly, the Officer's Recommendation has been updated to include these additional nominations. As not all nominees submitted the required nomination form, a form has been prepared for Council's consideration on their behalf. Should Council appoint any of the nominees, they will be required to complete the nomination form, acknowledging and agreeing to comply with the Shire of Narrogin's Code of Conduct for Council Members, Committee Members and Candidates.

Nominations were received as follows:

- Emma Pedey
- Heather Waters
- Melissa Tinker
- Kerrianne O'Hara-Donnelly

#### **Attachments**

- 1. Request For Quotation (RFQ) 25/26-05 issued by the Shire of Narrogin
- 2. CONFIDENTIAL Attachment RFQ submitted by Great Southern Waste Disposal Commercial (Under Separate Cover)

#### **Summary**

Council is requested to consider awarding the contract for the operation and maintenance of the Narrogin Waste Management Facility at Lot 1633, 46 White Road Narrogin to Great Southern Waste Disposal (GSWD), who has made a submission for the sum of \$403,000.00 pa excluding GST.

#### **Background**

The Shire of Narrogin currently contract out the Operation and Maintenance of the Narrogin Waste Management Facility at Lot 1633, 46 White Road Narrogin to Great Southern Waste Disposal (GSWD). The contract had expired on 30 June 2025 and was renewed for 3 months to 30 September 2025.

On the 3 September 2025, a Request for Quotation was issued for the operation and maintenance of the Narrogin Waste Management Facility at lot 1633, 46 White Road, Narrogin for a period of three (3) years with an option for a further of one (1) year at the principal's discretion.

The Shire advertised the RFQ through the WALGA Preferred Supplier Program with a total of eleven (11) members of the panel being identified as suitable for invitation to submit a response.

At the close of the submission period on Wednesday 1 October 2025, only one (1) submission was received, that being from Great Southern Waste Disposal (GSWD).

#### Consultation

The following officers have been consulted throughout this process:

- Chief Executive Officer;
- Executive Manager Corporate & Community Services;
- Executive Manager Planning & Sustainability; and
- Acting Executive Manager Technical & Rural Services.

#### **Statutory Environment**

The following statutory environment relates:

- Local Government Act 1995:
  - Local Government (Functions and General) Regulations 1996, Regulation 11(2);
- Environmental Protection Act 1986; and
- Waste Avoidance and Resource Recovery Act 2007.

#### **Policy Implications**

The Purchasing Policy – C14 Local Price Preference Policy.

The design of the RFQ has considered that there has been significant policy, regulatory and industry change within the waste and resource recovery sector. The project has been informed through careful consideration of these changes to ensure progression towards administering kerbside reform and meeting the targets of the Western Australian State Government's objectives for reducing waste and encouraging resource recovery and its alignment to the Waste Avoidance and Resource Recovery Strategy 2030.

#### **Sustainability & Climate Change Implications**

#### Environmental

 The proposed contract supports compliance with Department of Water and Environmental Regulation (DWER) licence conditions, which reduces the risk of adverse environmental impacts such as groundwater contamination or poor waste handling practices.  Continuing professional management of the Facility will contribute to improved resource recovery and alignment with the State Government's Waste Avoidance and Resource Recovery Strategy 2030.

#### **Economic**

- The increase in contract price may affect budget allocations and could reduce the capacity to transfer funds into the Waste Management Reserve. However, secure service delivery provides certainty for future financial planning.
- Potential operational efficiencies (e.g. reviewing opening hours) may reduce long-term costs.

#### Social

- Ensuring continuity of operations at the Facility maintains an essential service to the community and minimises disruption.
- Good management of waste and recycling contributes to community health, amenity, and public confidence in the Shire's services.

#### **Financial Implications**

The Shire's Adopted Budget for 2025/26 has the following provisions:

- GL 21001001 Waste Disposal (Domestic) \$178,810; and
- GL 21100201 Waste Disposal (Commercial) \$92,860, resulting in a total provision for the operations of contract of \$271,670.

The Budget also has proposed 'Transfer' to the Waste Management Reserve of some \$45,000, which might need to be drawn upon (not transferred) to balance the additional impost this year.

For comparative purposes, the current contract, which expired at 30 June 2025, had a total provision of \$205,668 pa.

By way of further background, the current contract was let in 2019 with a 3 (three) + 3 (three) clause, with annual CPI adjustments. Originally let in 2019 at \$180,000 pa and extended in 2022 at \$197,016 pa, it could be argued that with the effluxion of time and cost pressures for wages, fuel, post COVID and housing, that there was an inevitable 'price jump' expected with the current proposal. Added to that there is little 'competition' in the market, this jump is possibly not unexcepted, however Shire staff whilst predicting price escalation have not included the Adopted Budget sufficient funds to meet the jump from \$271k to \$403k.

The price also no doubt reflects increasing scrutiny of the management of the operations of facility by both the Department of Water and Environmental Regulation (DWER) and also Shire Officers in achieving greater compliance with licence obligations.

The Shire of Narrogin's Long Term Financial Plan includes projections and assumptions regarding the cost of the operation and Maintenance of the Narrogin Waste Management Facility. This RFQ will allow Council to project the cost of these services more accurately over the long term.

All costs for the operation and Maintenance of the Narrogin Waste Management Facility will be set out in the forthcoming 2025/26 Budget Review to provide funds for on-going improvements of the facility and also identify any savings as necessary.

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of twelve has been determined for each item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

#### **Comment/Conclusion**

The RFQ for the Operation and Maintenance of the Narrogin Waste Management Facility was advertised through the WALGA Preferred Supplier Program and closed on 1st October 2025. The RFQ document was made available to 11 WALGA preferred suppliers through the WALGA eQuotes portal as follows:

- Great Southern Waste Disposal (GSWD);
- Warren Blackwood Waste;
- Hastie Waste Pty Ltd;
- Pure Environmental WA;
- Cleanaway Pty Ltd;
- Veolia Recycling & Recover Pty Ltd;
- SOLO Resource Recovery;
- Stondon Pty Ltd;
- Eastern Metropolitan Regional Council;
- Western Metropolitan Regional Council; and
- North West Alliance Pty Ltd.

Only one (1) written was received, that being from GSWD, during the advertising period. All 11 companies that were requested to provide a quote are prequalified WALGA preferred suppliers and have relevant experience for these works. We believe the limited response to be consistent with the 'industry', large, multinational corporates tend to manage large urban / metropolitan waste sites, and don't normally compete for smaller sites, where the incumbent has knowledge and already established set up costs. GSWD is also the Shire's incumbent waste and recycling collection contractor, with an established local presence and understanding of the Facility. It is noted that the Facility is open to the public, and therefore with contractors and Shire employees present as follows:

- Monday 9:00am 5:00pm;
- Tuesday Closed;
- Wednesday 9:00am 5:00pm;
- Thursday 9:00am 5:00pm;

- Friday 9:00am 5:00pm;
- Saturday 10:00am 4:00pm; and
- Sunday 10:00am 4:00pm.

Consideration could be given to the 'opening' hours of the facility, which could reduce contractual and Shire Employees costs, however this has not been factored in at the moment.

Officers believe that appropriate consultation has occurred, and the matter is now presented to Council for consideration.

While the submitted price of \$403,000 per annum is significantly higher than the current budget allocation of \$271,670, it reflects increased compliance requirements, operating costs (post-COVID wage, fuel, and housing pressures), and heightened scrutiny from regulators. This cost escalation, was not fully expected, and highlights the need for Council to consider long-term financial sustainability in the waste management space.

Given the importance of maintaining continuity of operations at the Facility and the limited competition in the market, it is recommended that Council support continuation of service with GSWD. At the same time, it is recommended that Council request the Chief Executive Officer to enter into negotiations with the preferred contractor, noting that services are presently being delivered on a month-to-month, and authorise the Chief Executive Officer to use his best endeavours to achieve a reduction in the submitted contract price within parameters agreed behind closed doors and to remain entirely confidential until or if of a satisfactory contract price and term (maximum 4 years) can be achieved.

#### **Voting Requirements**

Simple Majority

This following motion was moved and seconded at the Council's Meeting of 22 October 2025.

#### OFFICERS' RECOMMENDATION & COUNCIL MOTION

Moved: Cr Fisher Seconded: Cr Pomykala

That with respect to awarding the Request for Quote (RFQ 25/26-05) through the WALGA Preferred Supplier Program for the Operation and Maintenance of the Narrogin Waste Management Facility, Council:

- 1) Authorise the Chief Executive Officer to enter into negotiations with Great Southern Waste Disposal (GSWD), to request a reduction in the submitted contract price of \$403,000 per annum (ex GST) to the maximum of the amount agreed behind closed doors;
- 2) Subject to satisfactory negotiations in the opinion of the Chief Executive Officer, and achievement of part 1), award the Contract for the Operation and Maintenance of the Narrogin Waste Management Facility (RFQ 25/26-05) to Great Southern Waste Disposal for an initial period of two (2) years, with an option to extend for a further period of up to two (2) years at the Chief Executive Officer's discretion;
- 3) Subject to parts 1) and 2), authorise the Shire President and Chief Executive Officer to sign and affix the Common Seal to the contractual documents.

The following motion, which was put and carried, deferred the above motion to the Meeting of 25 November 2025 (this meeting).

#### PROCEDURAL MOTION 221025.13

Moved: Cr Wiese Seconded: Cr Broad

That the item and motion be deferred until the next Council Meeting whereupon the Chief Executive Officer can provide benchmark costs attributed to relative refuse sites of other local governments and to liaise with the current contractor in relation to those costs and concerns regarding the value of the RFQ submitted.

**CARRIED 7/0** 

For: President Ballard, Cr Broad, Cr Fisher, Cr Bartron, Cr Pomykala, Cr Wiese, Cr McNab

Against: Nil

Further to the above, the Administration then undertook research into comparable refuse sites from other local governments and provided this information confidentially and separately to Elected Members.

The matter was also discussed at the Monthly Briefing Session held on 12 November 2025. Subsequently, the Executive Manager Planning & Sustainability met with the contractor in accordance with Council's resolutions.

The outcome of these negotiations was presented behind closed doors and as a result Officers provided the Council with an amended Officers' Recommendation, which was subsequently carried via an amendment to the original motion.

Refer the subsequent page for the outcome.

#### 1.5 **CONTACT PERSON**

Respondents should not rely on any information provided by any person other than the person listed below:

RFQ Enquiries contact person		
Name: Peter Toboss		
Telephone:	9890 0900	
Email:	eho@narrogin.wa.gov.au (Email enquiries preferred)	

#### 1.6 QUOTATION BRIEFING/SITE INSPECTION

A site inspection meeting is optional. Respondents are encouraged to contact the nominated representative for this RFQ to arrange a site inspection prior to **4:00pm**, **Thursday**, **25 September 2025**.

The site inspection will provide respondents with the opportunity to seek clarification on any matters with the contact person before the closing date of this Request for Quotation.

#### 1.7 EVALUATION PROCESS

This is a Request for Quotation (RFQ).

Your Quotation will be evaluated using information provided in your Quotation.

The following evaluation methodology will be used in respect of this Request:

- (a) Quotations are checked for completeness and compliance. Quotations that do not contain all information requested (e.g. completed Respondent's Offer and Attachments) may be excluded from evaluation.
- (b) Quotations are assessed against the Selection Criteria. Contract costs are evaluated, (e.g. Quoted prices) and other relevant whole-of life costs are considered.
- (c) The most suitable Respondents may be shortlisted and may also be required to clarify their Quotation, make a presentation and demonstrate their experience. Referees may also be contacted prior to the selection of the successful Respondent.

A Contract may then be awarded to the Respondent, whose Quotation is considered the most advantageous Quotation to the Principal.

## 1.8 SELECTION CRITERIA

The Contract may be awarded to a sole Respondent who best demonstrates the ability to carry out the operation and maintenance of the White Road Waste Management Facility at a competitive price. The quoted prices will be assessed together with qualitative and compliance criteria to determine the most advantageous outcome to the Principal.

The Principal has adopted a best value for money approach to this RFQ. This means that, although price is considered, neither the Quotation containing the lowest price will not necessarily be accepted, nor will the Quotation ranked the highest on the qualitative criteria.

A scoring system will be used as part of the assessment of the qualitative criteria. Unless otherwise stated, a quotation that provides all the information requested will be assessed as satisfactory. The extent to which a Respondent demonstrates greater satisfaction of each of these criteria will result in a greater score. The aggregate score of each Quotation will be used as one of the factors in the final assessment of the qualitative criteria and in the overall assessment of value for money.

#### 1.8.1 Compliance Criteria

These criteria are detailed within Part 6 of this document and will not be point scored. Each Quotation will be assessed on a Yes/No basis as to whether the criterion is satisfactorily met. An assessment of "No" against any criterion may eliminate the Quotation from consideration.

#### 1.8.2 Qualitative Criteria

In determining the most advantageous Quotation, the Evaluation Panel will score each Respondent against the qualitative criteria as detailed within Part 6 of this document. Each criterion will be weighted to indicate the relative degree of importance that the Principal places on the technical aspects of the goods or services being purchased.

**NOTE**: It is essential that Respondents address each qualitative criterion. Information that you provide addressing each qualitative criterion will be point scored by the Evaluation Panel. Failure to provide the specified information may result in elimination from the Quotation evaluation process or a low score.

## 1.8.3 Price Considerations

Price is considered to be crucial to the outcome of the contract.

The quoted price will be considered along with related factors affecting the total cost.

Include any items that may affect any pricing outcomes (e.g. Regional Price Preference Policy).

#### 1.9 PRICE BASIS

All prices offered under this RFQ are to be fixed for the term of the Contract. Quoted prices must include Goods and Services Tax (GST).

Unless otherwise indicated prices quoted must include, but not limited to, all travel to and from the landfill site, landfill site consumables for use by Respondent and employee/s and all practicable necessities for the purpose of landfill site operation and management and all applicable levies, duties, taxes and charges. Any charge not stated in the Quotation as being additional will not be allowed as a charge for any transaction under any resultant Contract.

#### 1.10 PRINCIPAL'S POLICIES THAT MAY AFFECT SELECTION

The Shire of Narrogin has a regional price policy that will apply to this selection.

A copy of the policy is available at <a href="https://www.narrogin.wa.gov.au/documents/532/council-policy-manual">https://www.narrogin.wa.gov.au/documents/532/council-policy-manual</a> (Policy No. 3.2 refers).

# 2 CONDITIONS OF QUOTATION

#### 2.1 LODGEMENT OF QUOTATION AND DELIVERY METHOD

All Quotations must be submitted electronically via VendorPanel no later than the Deadline. The Deadline for this Request is 5:00pm (AWST), Wednesday 1 October 2025.

Quotations submitted by any other method, including email, facsimile, or hard copy, will not be accepted. Late submissions cannot be lodged, as VendorPanel will automatically prevent submission after the Deadline.

The Shire shall not be bound to accept the lowest or any quote. The quote is deemed to be accepted when the Shire provides written notification of such acceptance to the successful Contractor and a purchase order is issued to the successful Contractor.

All clarification enquiries and responses given to an individual supplier will be given to all suppliers to whom the RFQ was sent, in order to keep the process fair, equitable and transparent. The Shire of Narrogin shall not be bound to accept the lowest or any quote. The quote is deemed to be accepted when the Shire provides written notification of such acceptance to the successful contractor.

#### 2.2 REJECTION OF QUOTATIONS

A Quotation will be rejected without consideration of its merits in the event that:

- (a) it is not submitted before the Deadline; or
- (b) it is not submitted at the place specified in the Request; or
- (c) it may be rejected if it fails to comply with any other requirements of the Request.

#### 2.3 LATE QUOTATIONS

Quotations received:

- (a) after the Deadline; or
- (b) in a place other than that stipulated in this Request;

will not be accepted for evaluation.

#### 2.4 ACCEPTANCE OF QUOTATIONS

Unless otherwise stated in this Request, Quotations may be for all or part of the Requirements and may be accepted by the Principal either wholly or in part. The Principal is not bound to accept the lowest Quotation and may reject any or all Quotations submitted.

#### 2.5 DISCLOSURE OF CONTRACT INFORMATION

Documents and other information relevant to the contract may be disclosed when required by law under the Freedom of Information Act 1992 or under a Court order.

All Respondents will be given particulars of the successful Respondent or be advised that no Quotation was accepted.

#### 2.6 GENERAL CONDITIONS OF CONTRACT

Quotations shall be deemed to have been made on the basis of and to incorporate the General Conditions of Contract in Part 4.

### 2.7 QUOTATION VALIDITY PERIOD

All Quotations will remain valid and open for acceptance for a minimum period of ninety (90) days from the Deadline or forty-five (45) days from the Principal's resolution for determining the Quotation, whichever is the later unless extended on mutual agreement between the Principal and the Respondent in writing.

#### 2.8 REGIONAL PRICE PREFERENCE

Respondents for these works will be afforded a preference in accordance with Regulation 24A-G of the Local Government (Functions and General) Regulations and the Shire of Narrogin Regional Price Preference Policy.

A copy of the policy is available at <a href="https://www.narrogin.wa.gov.au/documents/532/council-policy-manual">https://www.narrogin.wa.gov.au/documents/532/council-policy-manual</a> (Policy No. 3.2 refers).

#### 2.9 PRECEDENCE OF DOCUMENTS

In the event of there being any conflict or inconsistency between the terms and conditions in this Request and those in the General Conditions of Contract, the terms and conditions appearing in this Request shall have precedence.

#### 2.10 REGISTRATION OR LICENSING OF CONTRACTORS

Where an act or ordinance of the state of Western Australia requires that a Contractor (as defined by the act or ordinance) be registered or licensed to carry out the work described in the Request documents, the Respondent shall state on the Respondent's Offer Form in the space provided, its registration or license number.

The Quotation may not be considered if the Respondent fails to provide such registration or license number.

#### 2.11 ALTERNATIVE QUOTATIONS

Alternative Quotations will be accepted. Quotations submitted as Alternative Quotations or made subject to conditions other than the General and Special Conditions of Contract must in all cases be clearly marked "Alternative Quotation".

The Principal may in its absolute discretion reject any Alternative Quotation as invalid.

Any printed "General Conditions of Contract" shown on the reverse of a Respondent's letter or Quotation form will not be binding on the Principal in the event of a Contract being awarded unless the Quotation is marked as an Alternative Quotation.

#### 2.12 MONETARY VALUES

Monetary values that appear in the Tender, such as provisional sums, prime cost amounts, value of Principal supplied items, etc are net values. They do not include the Goods and Services Tax (GST).

#### 2.13 RESPONDENTS TO INFORM THEMSELVES

Respondents shall be deemed to have:

- (a) examined the Request and any other information available in writing to Respondents for the purpose of tendering. The Principal does not represent that any information made available completely shows the existing Site or sub-surface conditions. The Respondent is to accept full responsibility for their own interpretations, deductions, and conclusions made from the information provided by the Principal;
- (b) examined all further information relevant to the risks, contingencies, and other circumstances having an effect on their Quotation which is obtainable by the making of reasonable enquiries;
- (c) satisfied themselves as to the correctness and sufficiency of their Quotations including quoted prices which shall be deemed to cover the cost of complying with all the Conditions of Quotation and of all matters and things necessary for the due and proper performance and completion of the work described therein;
- (d) acknowledged that the Principal may enter into negotiations with a chosen Respondent. Negotiations shall be carried out in good faith; and
- (e) satisfied themselves they have a full set of the Request documents and all relevant Attachments.

#### 2.14 OWNERSHIP OF QUOTATIONS

All documents, materials, articles, and information submitted by the Respondent as part of or in support of the Quotation will become upon submission the absolute property of the Principal and will not be returned to the Respondent at the conclusion of the Quotation process PROVIDED that the Respondent be entitled to retain copyright and other intellectual property rights therein, unless otherwise provided by the Contract.

#### 2.15 RISK ASSESSMENT

The Principal may have access to and give consideration to:

- (a) any risk assessment undertaken by any approved credit rating agency;
- (b) any financial analytical assessment undertaken by any agency; and
- (c) any information produced by the Bank, financial institution, or accountant of a Respondent,

so as to assess that Quotation and may consider such materials as tools in the Quotation assessment process.

#### 2.16 CANVASSING OF OFFICIALS

If the Respondent, whether personally or by an agent, canvasses any of the Principal's Commissioners or Council Officers (as the case may be) with a view to influencing the acceptance of any Quotation made by it or any other Respondents, then regardless of such canvassing having any influence on the acceptance of such Quotation, the Principal may at its absolute discretion omit the Respondents Quotation from consideration..

#### 2.17 IDENTITY OF THE RESPONDENT

The identity of the Respondent and the Contractor is fundamental to the Principal. The Respondent will be the person, persons, corporation, or corporations named as the Respondent in Part 6 and whose execution appears on the Respondent's Offer in Part 6 of this Request. Upon acceptance of the Quotation, the Respondent will become the Contractor.

#### 2.18 COSTS OF QUOTATIONS

The Principal will not be liable for payment to the Respondent for any costs, losses or expenses incurred by the Respondent in preparing their Quotation Offer.

#### 2.19 QUOTATION OPENING

Quotations will be opened in the Principal's offices, following the advertised Deadline. All Respondents and members of the public may attend or be represented at the opening of Quotations.

The names of the persons who submitted the Quotation by the due Deadline will be read out at the Quotation Opening. No discussions will be entered into between Respondents and the Principal's Officers present or otherwise, concerning the Quotations submitted.

The Quotation Opening will be held on or as soon as practicable after the Deadline at the Shire of Narrogin Administration Centre, 89 Earl Street, Narrogin.

#### 2.20 IN-HOUSE QUOTATIONS

The Principal does not intend to submit an in-house Quotation.

## 3 SPECIFICATION

#### 3.1 INTRODUCTION

The Principal operates and manages the Narrogin Waste Management Facility on lot 1633, 46 White Road, Narrogin. This RFQ is for part of the operation and maintenance of that facility, as set out in the scope of work below.

#### 3.2 BACKGROUND INFORMATION

The Principal operates a Waste Management Facility 46 White Road, Narrogin. The Facility is licenced by the Department of Water and Environmental Regulation to accept the following wastes:

- Category 61: Liquid Waste Facility 1,000 tonnes per annual reporting period;
- Category 62: Solid Waste Facility Combined 8,000 tonnes per annual reporting period; and
- Category 64: Class II or III Landfill Combined 7,500 tonnes per annual reporting period.

Currently the Facility incorporates the following operations:

- Asbestos waste trench;
- Bone trench for butchers waste, dead animals and similar wastes;
- Transfer Station to manage general wastes. This activity is to capture recyclable material, protect the tip face, control vehicle movements and manage where wastes are deposited;
- Recycling bins for cardboard, metal, glass and some plastics;
- Tyres are accepted and stockpiled for waste tyre contractors to collect;
- Putrescible and general household wastes from the kerbside collections; and
- Waste water ponds for septage and grease trap waste.

#### 3.3 SCOPE OF WORK

The scope of works includes the supply of plant, equipment, materials and labour necessary to be able to perform the required work and meet legislative and contractual obligations.

Currently the facility is pushed up on a daily basis.

#### 3.4 SPECIFIC REQUIREMENTS OF THE CONTRACT

#### 3.4.1 Responsibilities of the Contractor
