4. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

4.1 QUESTIONS FROM – ORDINARY COUNCIL MEETING – 27 MAY 2026

Courtney Wright

Question:

The Shire of Narrogin was asked at a previous meeting if they would consider waiving the fee for the John Higgins Centre for a meeting of the Narrogin East Neighbourhood Collective.

Response from CEO:

I will take this on notice and follow up.

A review of the minutes from the 17 December 2025 Ordinary Meeting of Council, the former Chief Executive Officer advised that Council need to formally consider any proposal to advertise an event or waive facility hire fees unless it was within his delegation.

5. PUBLIC QUESTION TIME

5.1 Courtney Wright

Question:

Due to the El Nino event approaching Australia, can the Shire consider waiving the fees and charges for bee keepers?

Response:

The Shire President advised he would take this on notice.

Question:

Would you consider changing the Shire's Policy on removing street trees to install fencing to include a caveat that the trees are to be offered for reuse by the community.

Response:

The CEO advised he would take note of that request.

Cr Fisher requested clarification on whether that would include the town and rural properties and Ms Wright answered yes.

5.2 Brian Seale

Question:

Can council adopt an item which includes the CEO's delegations to other staff?

The CEO responded that the Council only employs the CEO and can make a decision to delegate to officers as well as the CEO.

Summary

The Shire of Narrogin has received a Development Application seeking approval for an oversized outbuilding at Lot 47 (No. 49) Doney Street, Narrogin.

The proposal seeks variations to the deemed- to- comply provisions of the Residential Design Codes relating to outbuilding area, wall height, ridge height and boundary setbacks. One objection was received during the advertising period.

In accordance with Delegation 10.3 - Control of Planning Matters, the application is referred to Council for determination. Officers recommend refusal.

Background

The subject property is located at Lot 47 (No. 49) Doney Street, Narrogin and is zoned Residential under Local Planning Scheme No. 3 with a residential density coding of R12.5.

The site has an area of approximately 1,095.21m² and contains a recently approved dwelling and associated garage, together with an approved retaining wall.

Prior to lodgement, preliminary planning advice was provided regarding the applicable Residential Design Code requirements relating to outbuilding size, height and setbacks.

The applicant subsequently lodged a Development Application seeking approval for an outbuilding measuring approximately 24 metres in length by 14 metres in width, with a total floor area of approximately 336m², wall height of approximately 4.6 metres, ridge height of approximately 5.23 metres, rear setback of approximately 1.0 metre and side setbacks of approximately 1.36 metres.

The application identifies the purpose of the outbuilding as personal hobby and storage use.

Consultation

The proposal was advertised in accordance with Clause 64 of Schedule 2 of the Planning and Development (Local Planning Schemes) Regulations 2015.

Written notice was issued to six adjoining and nearby landowners considered likely to be affected by the proposal. Advertising was undertaken for a period of fourteen (14) days.

One submission was received objecting to the proposal. The submission raised concerns regarding the size of the proposed outbuilding, reduced setbacks and potential impacts on adjoining properties. The submitter also noted that the site appeared capable of accommodating a more compliant development outcome.

The submission has been considered as part of the officer assessment and is attached to this report for Council's consideration.

Statutory Environment

The following legislation and planning framework apply to this proposal:

- *Planning and Development Act 2005*;
- Planning and Development (Local Planning Schemes) Regulations 2015;
- Shire of Narrogin Local Planning Scheme No. 3; and
- Residential Design Codes Volume 1.

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Sustainability & Climate Change Implications

- Environmental - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.
- Economic - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.
- Social - There are no significant identifiable social impacts arising from adoption of the officer's recommendation.

Financial Implications

Application for Development Approval fee of \$147 has been paid to the Shire of Narrogin and borne by the applicant.

There are no known meaningful financial implications relative to this matter in excess of officer time and minor administrative costs.

The proposal has no impact on the Council's Long Term Financial Plan.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027		
Objective:	3.	Environment Objective (Conserve, protect and enhance our natural and built environment)
Outcome:	3.4	A well maintained built environment
Strategy:	3.4.1	Improve and maintain built environment

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
That Council approves a development that is inconsistent with the Residential Design Codes, Residential zone objectives and officer recommendation, resulting in adverse impacts on neighbouring properties and potential reputational or compliance risks to the Shire. Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of 6 has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The proposal has been assessed against Clause 5.4.3 (Outbuildings) and Clause 5.1.3 (Lot Boundary Setbacks) of the Residential Design Codes Volume 1.

The deemed-to-comply provisions provide for a maximum outbuilding area of 60m² or 10% of the site area, whichever is the lesser, a maximum wall height of 2.4 metres, a maximum ridge height of 4.2 metres and setbacks in accordance with Table 2a.

The proposal seeks approval for an outbuilding with a floor area of approximately 336m², representing approximately 30.7% of the site area. The proposal also includes a wall height of approximately 4.6 metres, ridge height of approximately 5.23 metres, rear setback of approximately 1.0 metre and side setbacks of approximately 1.36 metres.

Accordingly, the proposal exceeds the deemed-to-comply provisions relating to floor area, wall height, ridge height and setbacks.

The Residential Design Codes define an outbuilding as an enclosed non-habitable structure detached from a dwelling and may include a detached garage. Officers note the site already contains an approved dwelling and garage. The proposed outbuilding exceeds the floor area of the approved dwelling and would become the dominant built form on the site rather than remaining ancillary to the residential use.

The objectives of the Residential zone seek to facilitate housing, high quality residential built form and development that is compatible with and complementary to residential development. Officers consider the scale, bulk and siting of the proposed outbuilding is not consistent with these objectives.

Design Principle P3 of Clause 5.4.3 seeks to ensure outbuildings do not detract from the streetscape or visual amenity of residents or neighbouring properties. Officers are not satisfied that the proposal meets this Design Principle, having regard to the size of the outbuilding, the reduced setbacks sought and the absence of any supporting planning justification addressing the variations proposed.

One submission was received objecting to the proposal on the grounds of the size of the outbuilding, reduced setbacks and potential impacts on adjoining properties. These concerns are considered relevant planning considerations and are consistent with concerns identified through the officer assessment.

Having regard to the extent of the variations sought, the scale of the proposed outbuilding, the objectives of the Residential zone and Design Principle P3 of the Residential Design Codes, officers do not support the proposal and recommend refusal.

OFFICER'S RECOMMENDATION & COUNCIL RESOLUTION 240626.04

Moved: Cr Broad

Seconded: Cr Fisher

That with respect to the Development Application for a Proposed Oversized Outbuilding at Lot 47 (No. 49) Doney Street, Narrogin, Council **REFUSE** the Development Application for the following reasons:

1. The proposed outbuilding area of approximately 336m² exceeds the deemed-to-comply outbuilding area of 60m² or 10% of the site area, whichever is the lesser, as provided under Clause 5.4.3 of State Planning Policy 7.3 - Residential Design Codes Volume 1.
2. The proposed wall height of approximately 4.0 metres exceeds the deemed-to-comply wall height of 2.4 metres under Clause 5.4.3 of State Planning Policy 7.3 - Residential Design Codes Volume 1.
3. The proposed ridge height of approximately 5.23 metres exceeds the deemed-to-comply ridge height of 4.2 metres under Clause 5.4.3 of State Planning Policy 7.3 - Residential Design Codes Volume 1.
4. The proposed rear setback of approximately 1.0 metre and side setback of approximately 1.36 metres are not consistent with the setback requirements of Table 2a of State Planning Policy 7.3 – Residential Design Codes Volume 1.
5. The scale, bulk and siting of the proposed outbuilding are not considered consistent with the objectives of the Residential zone under Local Planning Scheme No. 3, which seek development that is compatible with and complementary to residential development.

6. The proposed outbuilding exceeds the floor area of the approved dwelling and garage and is not considered ancillary or subordinate to the primary residential use of the land.
7. The Local Government is not satisfied that the proposal meets Design Principle P3 of Clause 5.4.3 of State Planning Policy 7.3 - Residential Design Codes Volume 1, which seeks to ensure outbuildings do not detract from the streetscape or visual amenity of residents or neighbouring properties.
8. One submission was received from an adjoining landowner objecting to the scale of the proposed outbuilding, reduced setbacks and potential impacts on residential amenity.

Advice Notes:

1. If the applicant and/or owner are aggrieved by this decision, there may be a right of review under Part 14 of the *Planning and Development Act 2005*. An application for review must be lodged with the State Administrative Tribunal within 28 days of the date of this decision.

Summary

Council have received a petition for a footpath to be installed and to have the speed limit reduced to 20kmh in Sydney Hall Way.

Background

The Shire of Narrogin Administration received a petition from Diane Ferguson on 29 May 2026, who requested that a footpath be installed in Sydney Hall Way, from Lock Street to the park and also requested that the No Heavy Vehicle Parking signs be replaced with 20kmh speed signs.

The petition contained the signatures of seven residents from Sydney Hall Way and was subsequently referred to Council for consideration at the Ordinary Council Meeting (OCM) that was held on 27 May 2026, where Council resolved to accept the petition and referred it to the CEO for a report, Resolution 270526.02.

Consultation

Consultation has been undertaken with the following people,

- The Shire of Narrogin's Executive Manager Infrastructure Services
- Main Roads Western Australia

Statutory Environment

Road Traffic Code 2000, Part 3 Section 11 (2)

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Sustainability & Climate Change Implications

- *Environmental - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.*
- *Economic - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.*
- *Social - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.*

Financial Implications

There are no known meaningful financial implications relative to this matter in excess of officer time and minor administrative cost should Council proceed with the officers' recommendation.

Strategic Implications

Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

At the OCM held on 24 April, 2024 Council adopted the Ten Year Footpath Program (TYFP) 2024/34, resolution 240424.04. A footpath for Sydney Hall Way, from Lock Street to the park is identified in that program for an estimated value of \$15,840 ex GST in the 2032/33 financial year.

The TYFP is a component of the Shire's Long-Term Financial Plan. The Administration recommends that it continue to be implemented annually, as currently adopted, to support sound financial management and meet community expectations. It is further recommended that this position be outlined in a response to Diane Ferguson.

Traffic counts were conducted at two separate locations in Sydney Hall Way over a period of 27 days.

Attachment 2 shows the data from these counts which can be summarised as follows;

- Average Vehicles Per Day is 147.5
- 96.6% of the vehicles were doing the speed limit or less
- 3.4% of the vehicles were speeding

The traffic count data was provided to Main Roads Western Australia (MRWA) as well as a request to investigate the possibility of changing the speed limit to 20kmh. MRWA advised:

- *Speed limits are determined using a consistent, evidence-based process that considers the street environment, including road function, road design, surrounding land use, and the level of interaction between different road users.*
- *While Main Roads policy supports lower speed environments in appropriate contexts, it does not provide for a 20 km/h regulatory speed limit to be applied on general residential streets.*
- *A key consideration in setting speed limits is that they must be reasonable to drivers, meaning they should align with the physical characteristics of the road and the surrounding environment. Traffic counts on this road show compliance at 96.6% for the 50 km/h zone.*
- *Introducing a 20 km/h limit on a typical residential street, without the level of traffic calming, constrained geometry, or high number of pedestrian movements and/or pedestrian priority treatments associated with shared zones would not generally be considered consistent with current policy.*
- *Based on this, a 20 km/h limit would not be supported on Sydney Hall Way.*
- *If there are specific safety concerns at this location, these may be more appropriately addressed through localised traffic management treatments.*

The Administration considers that introducing a speed limit inconsistent with the standard limit for built-up areas would likely lead to confusion among motorists. Furthermore, as this proposal is not supported by MRWA, an appropriate response to this effect should be provided to Diane Ferguson.

OFFICER'S RECOMMENDATION

That with respect to the Petition for a Speed Change and Footpath in Sydney Hall Way, Council:

1. Authorise the Chief Executive Officer to prepare a letter to Diane Ferguson advising that a change to the speed limit on Sydney Hall Way is not supported, and noting that construction of a footpath is scheduled in the current Ten Year Footpath Program for 2032–33.

COUNCIL RESOLUTION 240626.05 – Alternative Recommendation

Moved: Cr Bartron

Seconded: Cr Pomykala

That with respect to the Petition for a Speed Change and Footpath in Sydney Hall Way, Council:

1. Include the construction of a footpath on the western part of Sydney Hall Way from Lock Street to the intersection near the park in the 2026/27 budget. Remove the Floreat Street footpath from Falcon to Furnival Street to be reviewed in the 2027/28 footpath program.
2. Request Main Roads Department of WA to install stop or give way signs and road markings to two road intersections:
 - Lock Street and Sydney Hall Way
 - Sydney Hall Way on itself (next to the park)

For: President Ballard, Cr Broad, Cr Bartron, Cr Pomykala, Cr Fisher, Cr McNab

Against: Nil

Carried by Simple Majority 6/0

Reasons for Alternative Motion

Council agreed to the alternate recommendation for the installation of a footpath as requested in the petition and to request from Main Roads the installation of either a Stop sign or Give Way sign and road markings at the two road intersections of Lock Street and Sydney Hall Way and on Sydney Hall Way on itself.

TO WHOM THIS MAY CONCERN

I am writing to the Shire to propose and forward a request to have **Speed Traffic Signs and a footpath** when entering SYDNEY HALL WAY.

There are 2 faded unreadable parking signs as you enter Sydney Hall Way, not properly set in the ground either. Where these signs are, could be replaced with **speed signs – a limit of 20kms per hour.**

Why, because, Vehicles entering and exiting, they go too fast, as they round the corners of Lock Street and to enter around the Sydney Hall Way Street.

Also I point out, that there is no footpath to walk/ride on, between Lock Street and the Corner of Sydney Hall Way, ie to the playground park. People can only use the road. Prams, gophers and pedestrians, cannot walk on the edge of the road, as it is sandy and gravelly, therefore are walking on the road.

My personal opinion, is that I think the Shire has not seen the growth of the number of people - families, and children that now are residing in Sydney Hall Way. There has been approximately 4 new families that have moved into the Street, in the last 6 months, warranted to provide an upgrade to the services, that I have mentioned. (Once upon a time, Sydney Hall Way, had been home to retired farmers, to reside in Narrogin).

EXAMPLES- WHAT NOW IS HAPPENING

- Kids are all over the road, no footpath, going to and from school.
- Weekdays, from 7.30am onwards, the traffic is full on – commuters going to work, and home, also to the child care address, to school etc
- On weekends, and after school, the park, is very pro active, as the little road built for the children to ride on is very successful along with the playground facility. Even other families from other areas in town, come to use this park, it is very popular.
- People walking their dogs, and prams.
- Bicycle riders, scooters and now Gophers.
- A private Child Care has opened, hence more vehicle traffic flow.
- Heavy Vehicles – Servicing the back entrance of the Narrogin Nursing Home, supplying Kleenheat Gas, Food Trucks, Waste Disposal and the employees that work at the Nursing Home

ITS ONE BUSY STREET NOWADAYS

Thanking you for giving the time to address my letter. Attached are some signatures slips from residents of Sydney Hall Way that totally agree that we need **Speed Signs and a Footpath, please.**

Hopefully this will provide some action in the near future, and be catered for in the next budget.

Kind regards,

Dianne Ferguson, 63 Sydney Hall Way, Narrogin

Summary

In accordance with the Local Government Financial Management Regulations (1996), Regulation 34, the Shire is to prepare a monthly Statement of Financial Activity for notation by Council.

Background

Council is requested to review the May 2026 Monthly Financial Reports.

Consultation

Consultation has been undertaken with the Executive Manager Corporate & Community Services.

Statutory Environment

Local Government (Financial Management) Regulations 1996, Regulation 34 applies.

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Sustainability & Climate Change Implications

- Environmental - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.
- Economic - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.
- Social - There are no significant identifiable social impacts arising from adoption of the officer's recommendation.
- Climate Change – There are no significant identifiable climate change impacts arising from the adoption of the officer's recommendation.

Financial Implications

All expenditure has been approved via adoption of the 2025/2026 Annual Budget or resulting from a Council resolution.

Council is requested to review the May 2026 Monthly Financial Report, noting that Council is advised of the following matters:

- Rates received to 31 May 2026 is \$7.59m (90.2%) of the total to be collected, with \$829k (9.8%) to be collected, compared with \$7.41m (87.9%) and \$1.02M (12.1%) as at April 2026. It should be noted that of this amount there is approximately \$208k related to Pensioner Rate Deferments. Payments received during April totalled \$187,942, with 552 assessments paying by instalments. The final instalment was due 27/03/2026.
- Trade Debtors – the 90+ days debtors sits at \$106k. The Executive Manager Corporate and Community Services is monitoring collection action on the remaining balances before 30 June 2026.
- Monthly Summary Information Graphs - as part of our ongoing commitment to financial transparency and effective budget management, some clarification regarding the phasing of expenditure in relation to the budget adopted in July each year is provided.

While the budget provides an annual allocation of funding, actual expenditure throughout the year may not always align perfectly with the anticipated monthly distribution. This is particularly relevant when considering the default phasing of expenditure, which is often spread evenly (at 1/12 per month or an initial 8.33% cumulative) depending on the nature of the expenses.

For administrative efficiency, the predicted phasing or timing of expenditure is not adjusted on a month-by-month basis to reflect actual variations. This means that while the financial report (and in particular the graphs) may show timing differences, these are not necessarily an indication of overspending or underspending, but rather a reflection of how expenses naturally fluctuate due to operational requirements, project timelines, and external factors.

It is important to view the financial report with this in mind and understand that variances are a normal part of financial management. The finance team continuously monitors and manages these variations to ensure overall budget integrity and adherence to Council's financial objectives.

Should any material changes arise that require formal budget adjustments, these will be brought to Council for consideration in the usual manner.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027	
Objective	4. Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1 An efficient and effective organisation

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to monitor the Shire's ongoing financial performance would increase the risk of a negative impact on the Shire's Financial position. As the monthly report is a legislative requirement, non-compliance may result in a qualified audit.	Rare (1)	Minor (2)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

Risk Matrix

Consequence Likelihood		Insignificant 1	Minor 2	Moderate 3	Major 4	Catastrophic 5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; work health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of three (3) has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 16 June 2026

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICES

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Measurement of employee benefits
- Estimation uncertainties and judgements made in relation to lease accounting

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 7 - Other assets.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

Attachments	1. Schedule of Accounts Paid – May 2026

Summary

Council is requested to note the payments as presented in the Schedule of Accounts Paid for May 2026.

Background

Pursuant to *Local Government Act 1995*, Section 6.8 (2)(b), where expenditure has been incurred by a local government, it is to be reported to the next Ordinary Meeting of Council.

Consultation

Consultation has been undertaken with the Executive Manager Corporate and Community Services.

Elected Members are encouraged to direct any queries regarding specific items within the Schedule of Accounts Paid to the Executive Manager Corporate & Community Services via email prior to the meeting. This approach allows sufficient time for thorough research and ensures that comprehensive responses can be provided to all Elected Members ahead of the meeting, facilitating informed discussion and decision-making.

Statutory Environment

Local Government Act 1995, Section 6.8 (2)(b) and Local Government (Financial Management) Regulations 1996, clause 13 relates.

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Sustainability & Climate Change Implications

- Environmental - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.
- Economic - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.
- Social - There are no significant identifiable social impacts arising from adoption of the officer's recommendation.
- *Climate Change – There are no significant identifiable climate change impacts arising from the adoption of the officer's recommendation.*

Financial Implications

All expenditure has been approved via adoption of the 2025/2026 Annual Budget or resulting from a Council resolution.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027	
Objective	4. Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1 An efficient and effective organisation

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to present a detailed listing of payments in the prescribed form would result in non-compliance with the Local Government (Financial Management) Regulations 1996, clause 13, which may result in a qualified audit.	Rare (1)	Minor (2)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

Risk Matrix

Consequence		Insignificant	Minor	Moderate	Major	Catastrophic
Likelihood		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; work health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of two (2) has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Summary

To consider the annual review of the Corporate Business Plan as required by the *Local Government Act 1995*.

Background

The Corporate Business Plan (CBP) and the Strategic Community Plan are two core components of integrated planning for the future. They are supported by informing strategies such as the Long-Term Financial Plan, Workforce Plan and Asset Management Plans.

Consultation

Consultation has been undertaken with the following Officers:

- Chief Executive Officer;
- Executive Management Team.

Statutory Environment

The following legislation applies:

Local Government Act 1995:

- Section 5.56 (1) A local government is to plan for the future of the district.
- Section 6.2 – Local government to prepare annual budget.

Local Government (Administration) Regulations 1996:

- Regulation 19DA (4) – A local government is to review the current corporate business plan for its district every year.

Policy Implications

There are no Council policies associated with this item.

Sustainability & Climate Change Implications

- *Environmental - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.*
- *Economic - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.*
- *Social - There are no significant identifiable social impacts arising from adoption of the officer's recommendation.*

Financial Implications

The proposed modifications for year one of the CBP will be reflected in the Draft Annual Budget for 2026/27.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027		
Objective:	4.	Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1	An efficient and effective organisation
Strategy:	4.1.1	Continually improve operational efficiencies and provide effective services
Strategy:	4.1.2	Continue to enhance communication and transparency

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)

Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of 6 has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The current Corporate Business Plan was adopted by Council on 26 June 2024.

The Plan has been updated by:

Forecast Statement of Funding and Capital Program:

Our Vision:

“A leading regional economic driver and a socially interactive and inclusive community”

Review

Our Mission: Provide leadership, direction and opportunities for the community.

Key Principles: In achieving the Vision and Mission, we will set achievable goals and work with the community to maintain a reputation of openness, honesty and accountability. In doing so, we will:

- respect the points of view of individuals and groups;
- build on existing community involvement;
- encourage community leadership;
- promote self-reliance and initiative;
- recognise and celebrate achievement;
- support the principles of social justice; and
- acknowledge the value of staff and volunteers.

Foreward

The Strategic Community Plan outlines community long term (10+ years) vision, values, aspirations and priorities, with reference to other Shire plans, information and resourcing capabilities.

This plan, the Corporate Business Plan, provides the internal business planning tool that translates Council priorities into operations within the resources available. It details the services, operations, projects, and the associated cost, the Shire intends to deliver over the next four years.

The Shire of Narrogin acknowledges the Noongar people as traditional custodians of this land and their continuing connection to land and community. We pay our respect to them, to their culture and to their Elders past and present.

Planning Framework

This Corporate Business Plan 2026-2030, together with the Strategic Community Plan 2017-2027, is the Shire of Narrogin's Plan for the Future and has been prepared to achieve compliance with *the Local Government (Administration) Regulations 1996*.

Under *Local Government (Administration) Regulations 1996* Regulation 19DA (3),

"A Corporate Business Plan" for a district is to:

- a) set out, consistently with any relevant priorities in the Strategic Community Plan, a local government's priorities for dealing with the objectives and aspirations of the community in the district; and
- b) govern a local government's internal business planning by expressing a local government's priorities by reference to operations that are within the capacity of the local government's resources; and
- c) develop and integrate matters relating to resources, including asset management, workforce planning and long-term financial planning."

In the preparation of the annual budget the local government is to have regard to the contents of the Plan for the Future as per Section 6.2(2) of the *Local Government Act 1995*.

Development of the Plan has also been influenced by the Department of Local Government, Sport and Cultural Industries Framework and Guidelines for Integrated Planning and Reporting.

Strategic Community Plan

The Narrogin community had a strong involvement and voice in the development of the Strategic Community Plan. Commencing in January 2017, the community were invited to share their visions and aspirations for the future of Narrogin, and the Plan has subsequently been reviewed and updated to reflect the community aspirations.

The community shared what they considered most special about the district and their aspirations for the future. The sense of community and a country town feel was highly regarded along as was the multicultural community and the history of the district. It was evident the community values their natural environment and the many native reserves. High quality regional sporting and recreation facilities, along with medical and education services available in Narrogin were also important.

The community strongly identified their desire for further economic development, supporting current local industry whilst pursuing opportunities for economic diversity and growth.

This information provided a valuable insight into the key issues and aspirations, as perceived by the local community. Importantly for the Council, these views have helped establish clear priorities and shaped the visions, values, objectives and strategies contained within the Strategic Community Plan 2017 - 2027.

Planning Framework (continued)

Corporate Business Plan

Achieving the community's vision and the Shire's strategic objectives requires the development of actions to address each strategy contained within the Strategic Community Plan. Careful operational planning and prioritisation is required to achieve the outcomes due to the constraints of limited resources. This planning process is formalised by the development of this Corporate Business Plan. The Corporate Business Plan then, in turn, converts the Strategic Community Plan into action via the adoption of an Annual Budget.

The Corporate Business Plan must be reviewed annually to assess the progress of projects and realign the Plan's actions and priorities based on current information and available funding.

Actions requiring funding will only be undertaken once approved within the statutory budget and subject to funding availability. Along with achieving the community aspirations and objectives the Corporate Business Plan draws on information contained within the following strategic documents.

Asset Management Plans

The Shire has developed Asset Management Plans for major asset classes in accordance with the Asset Management Policy. The Asset Management Plans form a component of an overall Asset Management Strategy which addresses the Shire's current asset management processes and sets out the steps required to continuously improve the management of Shire controlled assets.

Capital renewal estimates contained within the Asset Management Plans have been considered to the extent the financial and workforce resources are available to enable the renewals to occur.

Workforce Plan

The Workforce Plan provides the workforce management and resource strategies necessary to deliver the objectives, outcomes and strategies of the Shire's Strategic Community Plan.

Workforce issues have been considered during the development of this Corporate Business Plan and the financial impacts of the Workforce Plan captured within the Long Term Financial Plan. A combination of workforce and financial constraints has influenced the prioritisation of actions within this Plan.

Long Term Financial Plan

The Shire of Narrogin is planning for a positive and sustainable future. The Shire seeks to maintain, and where possible, improve service levels into the future while maintaining a healthy financial position.

During the development of this Corporate Business Plan, the Long Term Financial Plan was updated to confirm the financial capability to undertake the planned actions and ensure integration with this Plan. The results of this update are reflected within the Forecast Statement of Funding on the following page.

Review of Plan

In accordance with statutory requirements, the Corporate Business Plan is reviewed and updated annually. The review of this Plan occurred following a major review of the Strategic Community Plan in 2017.

Forecast Statement of Funding

The following Statement is extracted from the Long Term Financial Plan and draft budget 2025/26 to provide an indication of the activities proposed in the Corporate Business Plan. This forecast is underpinned by a number of assumptions that provide a reasonable estimate of activity and should not be construed as final or relied upon for investment activities.

Service Delivery

The Shire of Narrogin delivers services to its community in line with its mission, values and four key strategic objectives as set out within the Strategic Community Plan.

Each of the four objectives has several outcomes the Shire seeks to achieve over the 10+ years of the Strategic Community Plan. For each objective, one or more desired outcomes has been defined along with strategies to achieve the outcomes.

The outcomes were developed after considering the community engagement process and other external factors such as the available plans published by other government agencies.

The tables on the following pages detail future actions to be undertaken for each strategy. Prioritisation of the actions is reflected by the square indicating when the action is planned to be undertaken. This prioritisation guides the delivery of services and implementation of the actions.

The table below summarises the desired outcomes under each of the four key themes and strategic objectives.

	Objectives	Outcomes	
ECONOMIC	<i>Support growth and progress, locally and regionally</i>	Outcome 1.1 Outcome 1.2 Outcome 1.3 Outcome 1.4	Growth in revenue opportunities Increased tourism An effective well maintained transport network Agriculture opportunities maintained and developed

Measuring Success

The intended outcome of this Plan is to align the community's visions and aspirations for the future of the Shire of Narrogin to the Shire's objectives. Success will be measured by both quantifiable and non-quantifiable outcomes.

Key performance measures provide an indication of whether the Shire is meeting the objectives and will be monitored and reported. The measures for each objective are provided in the table below.

	Objectives	Key Performance Measures
ECONOMIC	<i>Support growth and progress, locally and regionally</i>	- Population statistics - No. of development approvals - Assessed vacancy rates (business and residential) - No. of building approvals
SOCIAL	<i>To provide community facilities and promote social interaction</i>	- Social media activity - Community participation levels in recreation activities and events - Recreation Centre usage rates - Reduction in anti-social behaviour
ENVIRONMENT	<i>Conserve, protect and enhance our natural and built environment</i>	- Statutory asset management ratios - Compliance with statutory reviews required by the Local Planning Framework - Compliance with statutory requirements for the review of the Municipal Heritage Inventory
CIVIC LEADERSHIP	<i>Continually enhance the Shire's organisational capacity to service the needs of a growing community</i>	- Statutory financial ratios - Employee retention rates - Volunteer levels

Summary

This agenda item outlines the process of setting of Gross Rental Valuation (GRV) Differential Rates for the 2026/27 financial year and the advertising of the Shire's Notice of Intention to Levy Differential Rates for 2026/27.

Background

During the merger negotiations between the former Town of Narrogin and former Shire of Narrogin, it was agreed to a phasing-in period of ten (10) years to achieve the same GRV rate in the dollar between the Shire and Town ratepayers. It was also agreed that the Shire's Highbury residents GRV Minimum would be set to 75% of the Town's Minimum Payments at year 10. To achieve this outcome, differential rating for GRV properties was introduced in the 2016/17 financial year. The parity rate increase will be in addition to any across-the-board rating increase that are imposed on all rate payers.

Differential rating is required when a local government wishes to have two or more different rates in the dollar for the same rating category i.e. Unimproved Valuation (UV) or GRV. The *Local Government Act (WA) 1995* sets out which characteristics must be used to determine how individual rating assessments can be grouped together.

Those approved characteristics can be summarised as follows:

- Town planning zone;
- Purpose or land usage;
- Vacant land, and
- Newly amalgamated/merged local governments.

The *Local Government Act 1995* places several constraints on the setting of both a differential rate in the dollar and differential minimum payments as well as advertising and other reporting requirements. To achieve the agreed 10-year rate parity, Council has adopted Policy 3.6 Rating – Merger Parity Transition. This policy describes the methodology of achieving rating equity between the two former local Governments.

The transition period in the policy was subsequently extended to eleven (11) years due to the Covid-19 pandemic and the decision by Council not to increase rates in the 2020/21 financial year.

Whilst the policy reflects the Memorandum of Understanding between the former Shire of Narrogin and former Town of Narrogin (MOU), Council should be aware that Local Government (Financial Management) Regulations 1996 Regulation 52A - Characteristics prescribed for differential general rates (*Local Government Act 1995* s. 6.33) limits the use of those characteristics described in the MOU for a maximum of five (5) years.

The 2026/27 financial year is the eleventh and final year of implementation of the MOU agreement. It should be noted the current land zoning and land usage allows the continuation of arrangements negotiated in the MOU and carried forward into Council Policy 3.6 – Merger Parity Transition.

Consultation

Consultation has been undertaken with the following officers:

- Elected Members via the Monthly Briefing Session held in June 2026;
- Chief Executive Officer;
- Executive Manager Corporate & Community Services; and
- Manager Corporate Services.

Statutory Environment

Local Government Act 1995:

- Section 6.32 Rates and service charges;
- Section 6.33 Differential general rate;
- Section 6.35 Minimum payment;
- Section 6.36 Local government to give notice of certain rates;
- Section 5.63 (1)(b) Some interests need not be disclosed; and
- Local Government (COVID19 Response) Order 2020 (Order) published 8 May 2020.

Local Government (Financial Management) Regulations 1996:

- Part 3 - 23 Rates information required;
- Part 5 - 52A Characteristics prescribed for differential general rates (Act s. 6.33); and
- Part 5 - 56 Rate notice, content of etc. (Act s. 6.41).

Department of Local Government, Sport and Cultural Industries' Rating Policies:

- Differential Rates; and
- Minimum Payments.

The proposed differential rate schedule must be advertised for a minimum of 21 days. This period allows ratepayers the ability to consider the proposed rates and make any submissions prior to Council adopting the rates in the dollar as part of the budget adoption process.

The first day it is possible to publicly advertise the proposed rates in dollar, is Thursday 25 June 2026 and allowing for 21 full days, the submission period would end on Thursday 16 July 2026.

As the highest rate in the dollar in each rating class is not more than twice the lowest, Ministerial approval is not required.

Policy Implications

Council Policy 3.6 Rating – Merger Parity Transition. This policy describes the methodology of achieving rating equity between the two former local Governments.

Sustainability & Climate Change Implications

- *Environmental - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.*
- *Economic - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.*
- *Social - There are no significant identifiable social impacts arising from adoption of the officer's recommendation.*

Financial Implications

The rate level set by Council will underpin its ability to provide services and facilities for the 2025/26 Financial Year (and into the future).

The annualised Consumer Price Index (CPI) for March 2026 (Perth) is 2.9% pa. The estimated Local Government Cost Index for 2025/26 is 3.8% and in early June 2026 the Fair Work Commission announced a 4.75% increase to the National Minimum Wage and minimum award wages.

Council Policy prescribes the parity annual percentage increase as described below:

Annual Parity Factor Compounding % Increase	Annual % Increase - Compounding
Unimproved Value	3.21%
Unimproved Value - Minimum	5.48%
Gross Rental Value	6.92%
Gross Rental Value - Minimum	5.48%
Minimum – Rural Townsite (75%) Lesser Minimum	2.49%

Three (3) rating models have been prepared using the methodology (Attachment 1) of Council Policy 3.6 Rating – Merger Parity Transition which is premised rate increases of 3% (Model A), 4% (Model B) or 4.5% (Model C).

Unimproved Valuations (UV) are reviewed by Landgate annually. For 2026/27 the UV valuations have increased overall by 11.27% and take effect from 1 July 2026. Valuation changes for individual assessments may vary affecting ratepayers differently, either positively or negatively.

Gross Rental Valuations (GRV) are reviewed by Landgate every five (5) years, with the last revaluation being dated 1 August 2023 with effect from 1 July 2024 for 2024/25. Valuation changes for individual assessments may vary affecting ratepayers differently, either positively or negatively.

In accordance with Council practice, annual valuation movements have been factored back to eliminate any increase/decrease in Shire rate revenue from such valuation changes. Rate in the dollar changes are based on the factor back figure.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027		
Objective:	4	Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1	An efficient and effective organisation
Strategy:	4.1.1	Continually improve operational efficiencies and provide effective services

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Council does not endorse the rate in the dollar recommendation, resulting in reduced proposed revenue for 2026/27	Rare (1)	Minor (2)	Low (1-4)	Asset Sustainability	Accept Officer Recommendation

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of four has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

Model C (Attachment 1) is the preferred funding model as it allows for satisfactory levels of asset management to occur and community service levels to be maintained. The Administration is recommending Model C for advertising.

INCLUDING STATEMENT OF RATING INFORMATION

JUNE 2026

NOTICE OF INTENTION TO LEVY DIFFERENTIAL RATES 2026/27

In accordance with section 6.36 of the Local Government Act 1995, the Shire of Narrogin hereby gives notice of its intention to impose the following differential rates and minimum payments.

Rate Code Description	Rate in the \$	Minimum Payment \$
GRV Urban	12.7777c	1,400.00
GRV Rural	12.1615c	1,391.00
GRV Rural – Highbury Townsite	12.1615c	1,070.00

The figures shown above are estimates and may change as part of Council deliberations after consideration of any submissions and the requirements of meeting the next year's Budget.

Electors and Ratepayers are invited to make written submissions on the proposed differential and minimum rates and any related matters for Council's consideration by **4:00pm Thursday 16 July 2026** via email enquiries@narrogin.wa.gov.au. Alternatively, they can be submitted to the undersigned before the due date.

Electors and ratepayers may view a document describing the objects and reasons for each proposed rate and the minimum payment at the Shire of Narrogin offices and libraries during normal working hours or at <https://www.narrogin.wa.gov.au/news/>.

SUPPORTING STATEMENT OF RATING INFORMATION 2026/27

(Including Objects and Reasons for the Rating Structure)

This Statement is published by the Shire of Narrogin in accordance with Section 6.36 of the Local Government Act 1995 to advise the public of its objectives and reasons for implementing differential rates.

The purpose of levying property rates is to meet Council's budget requirements in each financial year and in future periods, to deliver services, facilities and community infrastructure to the district as a whole. Property valuations provided by the Valuer General (Landgate) are used as the basis for the calculation of rates each year.

Section 6.36 of the Local Government Act provides the ability to differentially rate properties based on certain characteristics. The application of differential rating maintains equity in the rating of properties across the Shire.

During the merger negotiations between the Shire and Town of Narrogin, it was agreed that the former Shire Rate Payers will be provided a 10-year period to achieve rating parity with the former Town of Narrogin Rate Payers. Due to Covid-19, there was no increase applied in 2020-21 and therefore it is noted that 2026/27 will be the eleventh and last year of the parity transition period.

Powers to Rate Property

There are two property valuation methods available under Section 6.28 of the Act, Gross Rental Value (GRV) and Unimproved Value (UV).

GRV is 'the gross annual rental that the land might reasonably be expected to realise if let on a tenancy agreement from year to year upon condition that the landlord is liable for all rates, taxes and other charges thereon and the insurance and other outgoings necessary to maintain the value of the land'.¹

UV land is 'valued as if it has had no improvements (as though) it remains in its original, natural state, any land degradation is taken into account'.¹

As a default, a local government sets a single general rate in the dollar for each valuation type (GRV and UV). This is termed a uniform general rate in the valuation dollar and applied to all properties within a valuation type regardless of their land use.

Rather than adopting a single uniform general rate, a local government may apply different rates in the dollar within either valuation category (GRV or UV). A differential rate can be applied using the following characteristics, or combination thereof:

- The zoning of the land;
- The predominant use (as determined by the local government);
- If the land is vacant or not.

Location can only be used as a characteristic in setting a differential rate in very limited circumstances (namely a Lesser minimum rate).

¹ Landgate, Rating and Taxing Valuations Publication , February 2012

Objections and Appeals to a Valuation

Objections to valuations must be lodged with the Valuer General's Office within 60 days after issue of the rates notice. Rates are still required to be paid by the due date if an objection is lodged with a refund paid if the objection is successful. Forms are available from the Shire Office or on the Shire website.

Under the provisions of the Local Government Act 1995, a property owner is able to lodge an objection to rates imposed by a Council on the following grounds:

- There is an error on the rate assessment, either in respect to the owners or property details; or
- The characteristics of the land differ from that used in the differential rating system.

The objection is to be received within 60 days of the issue of the rate notice. Please contact Landgate staff if you would like to discuss this matter further.

Exemptions, Instalments, Concessions and Waivers

The Shire requires organisations seeking exemption from rates in accordance with section 6.26 of the Act to make application to the Council for determination.

The Shire will provide concessions to Pensioners in accordance with the requirements of the Rates and Charges (Rebates and Deferments) Act 1992.

The Council will offer two rate payment options as follows:

- Payment in full 35 days after the date of service appearing on the rate notice; and
- Four instalments.

Interest on overdue rates not paid in accordance with the two payment options will be subject to an overdue interest rate set by the Council at the time of adoption the annual budget.

Ratepayers with unpaid and overdue rates may be offered a scheme of arrangement for payment, subject to the approval of the Chief Executive Officer.

GROSS RENTAL VALUES (GRV)

The Local Government Act 1995 provides that properties of a non-rural purpose be rated using the Gross Rental Valuation (GRV) as the basis for the calculation of annual rates. Property values are independently assessed for all GRV properties every five years in rural (non-metropolitan) areas of WA.

The base GRV valuation is effective from 1 July 2024. Interim valuations are provided to the Shire regularly by the Valuer General if changes, such as subdivisions or strata title of property, amalgamations, building constructions, demolition, additions and/or property rezoning occur during the year. In such instances, the Shire amends the valuation on record and recalculates the rates for the affected properties for the purpose of issuing an interim rate notice.

The general rates for the 2026/27 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

GRV – Differential Rates

The Council intends to adopt differential rating principles for GRV category properties based upon the land use as follows:

GRV Urban

GRV properties used as General Residential, Commercial, Vacant, Miscellaneous, Multi Residential, Industrial under the former Town of Narrogin's Town Planning Scheme No 2.

Objects and Reasons

To allow the Shire to impose a higher rate in the dollar to the GRV - Urban ratepayers to allow the phasing in of rate parity with Urban Ward ratepayers.

During the merger negotiations between the former Shire and Town of Narrogin, it was agreed that the former Shire ratepayers will be allowed a 10-year period to achieve rating parity with the former Town of Narrogin Rate Payers.

Differential Rate Category	Rate in the \$	General Minimum Payment
GRV Urban	12.7777c	\$1,400.00

GRV Rural

GRV Properties zoned Rural Townsite, Industrial and Special Rural under the former Shire of Narrogin's Town Planning Scheme No 2.

Objects and Reasons

To allow the Shire to set a lower rate in the dollar to GRV - Rural ratepayers to allow for the phasing in of rating parity over a 10-year period.

During the merger negotiations between the Shire and Town of Narrogin, it was agreed that the former Shire Rate Payers will be allowed a 10-year period to achieve rating parity with the former Town of Narrogin Rate Payers.

Differential Rate Category	Rate in the \$	General Minimum Payment
GRV Rural	12.1615c	\$1,391.00

UNIMPROVED VALUES (UV)

The Shire does not intend to differentially rate UV category properties.

Minimum Payments

Applying a minimum payment seeks to ensure all ratepayers contribute to basic services and facilities and Council has determined two levels of General minimums and one Lesser minimum.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

Lesser Minimum Payment

A Lesser minimum of \$1,070.00 is proposed for assessments in the Highbury Townsite. During the merger negotiations between the Shire and Town of Narrogin, it was agreed that the former

Shire Ratepayers will be allowed a 10-year period to achieve rating parity with the former Town of Narrogin Ratepayers to reflect their smaller impact on services.

Summary

The following information is presented to Council for authorisation to write off any sundry outstanding debts.

Background

As part of the preparation of the Shire's end of year finance accounts, a review of the Shire's outstanding sundry debts has been undertaken.

All outstanding sundry debtor invoices followed the Shire's debt recovery process, including an offer to contact the Shire should the customer be experiencing any difficulty in making payment. No further action was taken with the invoices as it would cost the Shire more in debt recovery costs than the outstanding amounts.

Consultation

Consultation has been undertaken with the following Officers:

- Chief Executive Officer;
- Executive Manager Corporate & Community Services;
- Manager Corporate Services;
- Acting Manager Homecare Services.

Statutory Environment

Section 6.12 (1) (c) of the *Local Government Act 1995* states that "a local government may write off any amount of money, which is owed to the local government".

Unrecoverable debts up to the individual value of \$100.00 may be written off under Council Delegation 3.7, whilst those over \$100.00 are to be brought to Council for write off on at least an annual basis pursuant the Shire's Compliance & Governance Calendar.

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Sustainability & Climate Change Implications

- Environmental - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.
- Economic - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.
- Social - There are no significant identifiable social impacts arising from adoption of the officer's recommendation.

Financial Implications

Details of the proposed write offs are shown in the Confidential Attachment. If authorised, the write-offs will reduce the revenue expected to be collected in the 2025/26 financial year by \$1,816.57.

Strategic Implications

Shire of Narrogin Strategic Community Plan 2017-2027		
Objective:	4.	Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1	An efficient and effective organisation
Strategy:	4.1.1	Continually improve operational efficiencies and provide effective services

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Whilst the amount is relatively small, if the Council does not write off debts deemed by management as uncollectable it could result in the Shire incurring additional irrecoverable costs in attempting to collect, and or artificially raises the end of year surplus position, giving an inflated view of that position. Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of 4 has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The debts requested to be written off in this report are deemed irrecoverable and considered to be minor in value. Please refer to the confidential Attachment 1 provided for details.

Summary

Council is requested to endorse the Beverley–Narrogin Transport Trail – Volume 1: Strategic Plan; Beverley–Narrogin Transport Trail–Volume 2: Feasibility Study; and Interconnecting Wheatbelt Rail Trails concept and advocate to the State Government for funding to progress the 250+ km regional cycling and walking network.

Background

The Beverley–Narrogin Transport Trail originated from a collaborative initiative involving the Shires of Beverley, Brookton, Pingelly, Cuballing and Narrogin. The participating local governments successfully secured funding through the WA Bicycle Network Grants Program to undertake a feasibility study and strategic planning process for a long-distance cycling and walking trail linking the five local government areas. The resulting Strategic Plan identified a proposed 105-kilometre transport trail connecting Beverley, Brookton, Pingelly, Popanyinning, Cuballing and Narrogin through a combination of off-road and on-road trail experiences. The study concluded that the project was feasible and recommended that the concept be further pursued.

The proposed trail consists of two complementary components. The “Green Route” is an off-road shared-use trail designed for cyclists, walkers and families, while the “Orange Route” is an on-road cycle touring route utilising scenic Wheatbelt roads and providing access to a range of natural, heritage and tourism attractions. Together, the routes provide opportunities for active recreation, tourism development, improved regional connectivity and enhanced access to the unique landscapes and communities of the Wheatbelt.

The Strategic Plan identified a number of potential benefits arising from the project, including increased visitation, economic stimulation for local businesses, expanded recreational opportunities, improved community health and wellbeing outcomes, and stronger connections between participating communities. The feasibility work estimated that, under conservative scenarios, the trail could attract more than 12,000 users annually and generate significant economic activity across the region through increased visitor expenditure and longer visitor stays.

Since completion of the Beverley–Narrogin studies, additional regional investigations have been undertaken to consider how the corridor could integrate with other existing and proposed rail trail and cycling initiatives across the Wheatbelt and South West. In 2026, Broadview Consult prepared the Wheatbelt Rail Trail report, which consolidated several previous studies undertaken between 2008 and 2025, including the Beverley–Narrogin Transport Trail, Narrogin–Williams Rail Trail, Darkan–Williams Rail Trail and Avon Central Coast Cycling Strategy. The report examined opportunities to establish a connected Wheatbelt Rail Trail network linking multiple local government areas and connecting to established trail assets such as the Bibbulmun Track, Munda Biddi Trail and Kep Track.

The Wheatbelt Rail Trail report identified the Beverley–Narrogin corridor as the preferred Stage 1 component of a broader regional trail network and described it as the backbone of the proposed Wheatbelt Rail Trail initiative. The report concluded that the corridor offers the strongest opportunity for early implementation due to its strategic location, proximity to the Perth metropolitan market, existing tourism infrastructure and ability to deliver regional economic, tourism, health and community benefits. It further recommended that participating local governments adopt a coordinated regional approach to governance, advocacy and funding attraction to progress the project as a staged regional initiative.

The Wheatbelt Rail Trail report estimates that Stage 1 would deliver approximately 107 kilometres of connected trail linking six communities across five local governments and establish the governance and delivery framework required for future stages of the network. The report also identifies a number of key matters requiring further investigation, including governance arrangements, corridor access negotiations with ARC Infrastructure and the Public Transport Authority, funding pathways, engineering requirements and long-term maintenance responsibilities.

Council is now being requested to consider whether it wishes to formally support the Beverley–Narrogin corridor as Stage 1 of the proposed Wheatbelt Rail Trail initiative and continue participating in regional discussions relating to governance, advocacy and funding opportunities.

Consultation

Extensive community consultation was undertaken as part of the Beverley–Narrogin Transport Trail Feasibility Study in 2025, including five Public Open Houses across the corridor towns and an online survey that received 375 responses. Of respondents, 95% indicated they would use the trail and 65% said they would use both routes. Councillors from the five partner Local Governments attended Open Houses and expressed informal support for the project. In addition, broad support for the concept was articulated through social media.

Formal engagement with landholders, ARC Infrastructure, the Public Transport Authority, Noongar Traditional Owners and other key stakeholders has been undertaken by the consultant and the views expressed have been integrated into the Strategic Plan and Feasibility Study where possible. No further public consultation is required prior to Council endorsing the trail concept and advocacy position.

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of nine (9) has been determined for this item. Any item with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The Beverley–Narrogin Transport Trail has evolved from a standalone trail proposal into a strategically significant regional initiative that forms the foundation of the broader Wheatbelt Rail Trail network. The completed feasibility and strategic planning work demonstrates that the project is achievable and has the potential to deliver long-term tourism, economic, recreational and community benefits for Narrogin and the wider Wheatbelt region.

While substantial planning, funding and stakeholder negotiations remain necessary before construction could occur, endorsement of the proposed recommendations would not commit the Shire to immediate capital expenditure. Rather, it would confirm Council's support for continued regional collaboration and advocacy aimed at progressing governance arrangements, corridor access discussions and future funding opportunities for Stage 1 of the Wheatbelt Rail Trail initiative.

As the southern anchor community of the proposed Stage 1 corridor, Narrogin is well positioned to benefit from increased visitation, enhanced regional connectivity, new tourism opportunities and broader economic development outcomes associated with the establishment of a connected Wheatbelt trail network. Accordingly, officer support is provided for the recommendations contained within this report.

10.4 OFFICE OF THE CHIEF EXECUTIVE OFFICER

10.4.1 ANNUAL REVIEW OF DELEGATION REGISTER

File Reference	13.5.6
Disclosure of Interest	Neither the Author nor Authorising Officer have any Impartiality, Financial or Proximity Interests that requires disclosure.
Applicant	Shire of Narrogin
Previous Item Numbers	Nil
Date	12 June 2026
Author	Danielle van Rooyen - Business Development and Innovation Officer
Authorising Officer	Michael Cole – Chief Executive Officer
Attachments	Delegations Register – Reviewed 25 May 2026

Summary

Council is requested to consider the annual review of the Delegations Register, in accordance with section 5.46(2) of the *Local Government Act 1995*.

The Delegations Register was last endorsed by Council on 28 May 2025 and the required annual review has now been completed.

As a result of the review, the following changes are proposed:

- Minor administrative and legislative updates throughout the Register;
- An amendment to Delegation 3.11 – Donations/Sponsorship – Financial and In-kind Works / Services; and
- Amendments to Delegations 12.2, 12.3, 12.4 and 12.9 relating to permitted sub-delegate positions.

The reviewed Delegations Register is now presented for Council's consideration and endorsement.

Background

The Delegations Register documents all powers and duties delegated by Council to the Chief Executive Officer (CEO) and other officers, as well as any sub-delegations made by the CEO, in accordance with various pieces of legislation.

Section 5.46(2) of the *Local Government Act 1995* requires that all delegations be reviewed at least once every financial year, and that all delegations be made and kept in writing.

The last review of the Delegations Register was endorsed by Council at its meeting held on 28 May 2025.

An internal review has now been undertaken to ensure the Register remains accurate, reflects current legislative references, and continues to meet operational requirements. The review also provided an opportunity to propose minor amendments and clarifications to specific delegations to support better governance practices.

Consultation

Consultation has occurred with the following:

- Chief Executive Officer; and
- Executive Managers.

Statutory Environment

- Section 5.42 – Council may delegate powers or duties to the Chief Executive Officer (CEO) by an absolute majority decision;
- Section 5.43 – Specifies limits on delegations to the CEO;
- Section 5.44 – Allows the CEO to delegate powers or duties to other employees, provided the delegation is in writing;
- Section 5.46(2) – Requires all delegations to be in writing and reviewed at least once every financial year.

Policy Implications

There are no direct policy implications arising from the review of the Delegations Register.

Sustainability & Climate Change Implications

- Environmental - There are no significant identifiable environmental impacts arising from adoption of the officer's recommendation.
- Economic - There are no significant identifiable economic impacts arising from adoption of the officer's recommendation.
- Social - There are no significant identifiable social impacts arising from adoption of the officer's recommendation.

Financial Implications

There are no known meaningful financial implications relative to this matter more than officer time and minor administrative costs.

The proposal has no impact on the Council's Long Term Financial Plan.

Strategic Implications

The review of the Delegations Register supports the Shire of Narrogin's Strategic Community Plan 2017–2027, specifically:

Shire of Narrogin Strategic Community Plan 2017-2027		
Objective:	4.	Civic Leadership Objective (Continually enhance the Shire's organisational capacity to service the needs of a growing community)
Outcome:	4.1	An efficient and effective organisation
Strategy:	4.1.1	Continually improve operational efficiencies and provide effective services
Strategy:	4.1.2	Continue to enhance communication and transparency

Risk Implications

A risk assessment has been undertaken in accordance with the Risk Management Framework. The results are detailed in the table below.

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to complete the annual review of the Delegations Register, as required under sections 5.42, 5.43, 5.44, and 5.46(2) of the <i>Local Government Act 1995</i> (WA), may result in non-compliance with statutory obligations and minor reputational impact. Unlikely	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of three (3) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The review of the Delegations Register has been completed in accordance with section 5.46(2) of the *Local Government Act 1995* (WA), ensuring that all delegations remain current, legally compliant and operationally effective.

The review identified a number of administrative and legislative amendments throughout the Register.

The review also identified the need to amend Delegation 3.11 – Donations/Sponsorship – Financial and In-kind Works / Services. The current delegation permits the Chief Executive Officer to approve in-kind works and services up to \$500 ex GST in any financial year. The adopted 2026/27 Fees and Charges indicate that a full day hire of the John Higgins Centre is \$653 including GST. As a result, the existing threshold no longer accommodates a full day in-kind facility hire. It is therefore proposed that the threshold be increased to \$700 ex GST to ensure the delegation remains practical and aligned with current fees and charges.

In addition, Delegations 12.2 (Things to be done on land not local government property), 12.3 (Works on land outside the district), 12.4 (Materials from land not under local government control) and 12.9 (Temporary road closures) currently permit sub-delegation to the position of Manager Operations.

As the Manager Operations position no longer exists and its responsibilities have been divided between the positions of Manager Infrastructure – Rural and Manager Infrastructure – Urban, amendments are proposed to update the permitted sub-delegate positions accordingly.

As these positions are identified within the Council delegation itself under "Sub-delegation permitted to", Council approval is required to amend the Register. Following Council approval, the Chief Executive Officer may update the corresponding sub-delegations.

The reviewed Delegations Register is presented to Council for consideration and endorsement. It is recommended that Council endorse the updated Register to maintain good governance and ensure compliance with legislative requirements.

PREFACE

The Delegations Register is the compiled decisions of Council to the CEO, employees and other officers, authorising them to act on behalf of Council on specific matters. The power for Council to delegate is contained within the relevant Act.

Delegations are over-ridden by –

- Commonwealth and State legislation and regulations,
- the Local Planning Scheme
- Local Laws
- Council resolutions

Delegations override –

- Council Policy
- Executive Instructions
- Local Government Guidelines –
 - o although are not decisions of Council, close observance is strongly recommended
- administrative directions/instructions

The decisions can be made at any time and may be varied at Council's discretion. Delegation is binding on employees and officers unless discretion is stated. Delegated power is to be considered as Council's instructions.

The Local Government Act requires –

- delegations to be made by an absolute majority of Council
- annual review and resolution
- places restrictions and limitations.

Please bear in mind, that the Local Government Act cannot authorise a delegation made under other legislation, unless that legislation allows. A delegation must be made in accordance with its head of power, or it is invalid.

Within the Delegations Register is a detailed outline of –

- how delegations are to be made
- who they be made to
- the authority by which they are made
- limitations and restrictions etc.

The Delegation Functions, Conditions and Sub-Delegations Permitted are resolved by Council. Sub-Delegations by the CEO within the permissions approved by Council, are at the discretion of the CEO. All procedural or reference information may be amended or updated by the Chief Executive Officer if required.

Local Planning Scheme

Shire of Narrogin Local Planning Scheme No 3 (LPS 3)

Unless stated otherwise, the Local Government Act 1995 section 5.42 is the fundamental statutory context for Council to make the delegations.

Local Government Act 1995 –

5.42. Delegation of some powers and duties to CEO

- (1) A local government may delegate* to the CEO the exercise of any of its powers or the discharge of any of its duties under –
 - (a) this Act other than those referred to in section 5.43; or
 - (b) the Planning and Development Act 2005 section 214(2), (3) or (5).

* *Absolute majority required.*

- (2) A delegation under this section is to be in writing and may be general or as otherwise provided in the instrument of delegation.

Various other legislative instruments empower or require Council to make delegations. The legislative empowerment is stated within each delegation.

Council expects the CEO to apply the provisions of the Local Government Act s.5.44 and other legislation to delegate powers and duties to other employees, including s.5.44(3) powers and duties which have been delegated to the CEO under s5.42.

Corporate context

The Council is responsible for functions and activities under numerous Acts and other legislation, many of which permit Council to delegate responsibilities and authority to various officers, and to stipulate conditions, standards or methods of control and management.

This Delegations Register has been prepared to complement a range of obligations imposed by legislation including local laws, and various document adopted by Council.

The order of priority for compliance is –

1. Federal and State legislation and regulations,
2. The Local Planning Scheme,
3. A specific resolution of Council,
4. Delegations Register – being specific authorisations resolved by Council, and having a statutory context under the Local Government Act,
5. Local Planning Policy – as it is made under the authority of the Local Planning Scheme, by resolution of Council,
6. Council Policy – being instructions resolved by Council on how particular matters are to be dealt with,
7. Executive Instruction – standing instructions or procedures issued by the CEO,
8. Administrative directions or instructions.

Although not decisions of Council, and therefore not a requirement of staff, consideration should be given to the following as being best practice –

- DLGCI Guidelines
- WALGA Councillors Manual, Practice Notes etc.

Unless specifically resolved that a delegation is to be included in the Delegations Register, it is considered that it is for a specific matter and is not a general or on-going Delegation.

There are some Delegations that have specific legislative provision, and these are noted in the individual Delegation.

Definitions

The LG Act has not defined the term “delegation” or “delegated power”. However:

s.5.16 refers to “... the exercise of any of its powers and duties ...”

s.5.42 refers to “... the exercise of any of its powers or the discharge of any of its duties ...”

The following terms used in this document apply insofar as they are consistent with enabling legislation.

authority means the permission or requirement for Council, a Committee or a person to act in accordance with:

- the Local Government Act, Regulation or other legislation,
- a delegation made by Council,
- a policy made by Council, or
- a specific decision by Council, or
- Standard Procedural Direction given or authorised by the CEO.

delegation means the authority for a Committee, the CEO or other person to exercise a power, or discharge a duty, as conferred by absolute majority decision of council under the provisions of the relevant legislation.

Council Policy is the standing instruction resolved by Council as to how a particular matter is to be implemented:

Executive Instruction means the requirement for a staff member to act in accordance with a direction given by the CEO.

Planning Policy is established under the Planning & Development Act 2005, and the local planning scheme, and has mandatory procedures to adopt, amend or revoke.

Guidelines No.17 – Delegations (Department of Local Government)

The Department of Local Government and Communities has published Guidelines for the formation of Delegations.

The Guidelines outline the concept of “delegation” and “acting through” in parts 3 and 4, particularly in paragraph 13 where it is stated –

... the key difference between a delegation and “acting through” is that a delegate exercises the delegated decision making function in his or her own right. The principal issue is that where a person has no discretion in carrying out a function, then that function may be undertaken through the “acting through” concept. Alternatively, where the decision allows for discretion on the part of the decision maker, then that function needs to be delegated for another person to have that authority.

In effect, “acting through” is an action that could reasonably be expected to be carried out as the result of a decision by Council (e.g. advertising of a tender), or as a function reasonably expected of the position that a person holds.

Not all matters which will be recorded in Policy are “acting through” matters. Similarly, not all “acting through” matters will be listed. Policy describes how that action or some other action is to be carried out.

Making, amending and revoking delegations

Delegations from Council may be made, amended or revoked at any time by an absolute majority of Council.

Where permitted by Council in the delegation, the CEO may authorise a secondary delegation at any time.

Delegations from the CEO to other employees are at the discretion of the CEO and do not require a Council resolution. The CEO can delegate a power or duty, the exercise or discharge of which has been delegated by a local government to the CEO, subject to any conditions imposed by the local government on its delegation to the CEO (s.5.44 (3)).

It is a requirement that the use of all delegated authority is recorded but it is not a requirement to report the use of delegated authority to Council.

Council may impose limitations on secondary delegation or the functions delegated as they see fit. The CEO is not obligated to delegate the whole or any delegation authorised by Council, but may choose not to or place further limitations on the delegation.

However, unless specifically resolved that the authority is to be included in the Delegations Register, the authority to act is for a specific matter, and is not a general or on-going delegation.

Use of delegations

Delegations are made to assist with the smooth operation of the organisations, and allow appropriate levels of authority to determine a wide range of matters.

There is no requirement for any authorised person to use a delegation. It is at the person's discretion whether or not to exercise a delegated authority, and they may refer the matter to a higher level at any time, should it appear in their judgement to be the best option.

Record of use of delegations

The Act requires that the use of each delegation is recorded, but does not require that the use is reported to Council, nor does it specify recording or listing the use in a particular format. Such requirements would result in an unwieldy volume of work that is unproductive.

However, in some instances, the use of the delegation is of sufficient importance that Council should be advised so as to be aware of the impact of the decision made.

In order to reduce the unnecessary paperwork burden as far as is possible, the formal record of use of a delegation is the document that is produced in the normal course of administration of the matter. This document may be a form approving or refusing an application, a letter, batch approval for payment of creditors, file note, email or similar.

All these satisfy the requirement of the State Records Office for recordkeeping.

Review of delegations

A delegation has effect for the period of time specified in the delegation or indefinitely if no period has been specified.

It is a requirement of the Local Government Act s5.18 and s.5.46 (1) that all delegations made under the authority of that Act be reviewed by the delegator at least once in each financial year.

Any decision to amend or revoke a delegation by a local government is to be by an absolute majority s.5.45 (1) (b).

Review of delegations from the Council to committees and the CEO will be carried out before the end of each financial year and preferably in conjunction with the annual review of Council policies.

The CEO will review delegations to staff as required on changeover of staff or change of staff functions and will review all delegations at least once in the financial year in accordance with the legislation.

Primary delegation

The primary delegation recipient includes the person acting in that position should the named recipient be absent from duty. This provision does not apply where the named person is on duty, but not present at the office at the time.

Secondary delegation by CEO

The CEO is expected and encouraged to further delegate to appropriate officers, subject to the limitations imposed by the Local Government Act, other enabling legislation, or the conditions of the delegation made by Council to the CEO –

- s.5.43 – limits on delegations to CEO
- s.5.44 (1) – does not permit the CEO to delegate the capacity to further delegate, and further stipulates that the delegation may only be to employees
 - o no such stipulation is made for delegations under other legislation
- s.5.46 – requires the CEO to review sub-delegations to other employees at least annually

The delegation by the CEO is to be –

- by signed document to the person,
- a copy to be retained by them.

Notes

No delegated power for –

- legislation not listed,
- Meeting Procedure Local Law – not required

Authorised persons exercise their authority directly from the Act, Regulation or local law that refers to “an authorised person”, and may be appointed directly by Council, or by the CEO under delegated power.

Where the Act, Regulation or local law refers to “local government” the function must be exercised through a formal delegation.

Where the Act, Regulation or local law refers to “Council”, it means the elected members in session.

Appointments of persons other than employees are to be referred to Council for determination.

Some appointments can be made independent of employment with the Shire, and unless revoked or otherwise limited, the appointment continues to remain valid. This is the case with Fire Control Officers, Authorised Dog Control Officers etc. Their appointment means –

- the community member is an officer of the local government,
- as an officer the local government, there is a duty of care to the person, as well as to the community, and must ensure that the person is adequately resourced for the task, including training, equipment etc, as necessary,
- as an officer of the local government, there is a legal responsibility for their actions, and in making the appointment there is an obligation to be satisfied that the person is appropriate and competent to exercise the authority.

As these appointments mean that the person is an officer of the local government for that specific purpose, they have the statutory authority to commit the local government to particular actions, initiate various proceedings etc, as listed in the authorising Act, and as permitted or limited by Council or the CEO.

When making an appointment, the CEO must be certain that the person appointed is capable of undertaking the role, is suitable, and provide the necessary resources for the role to be carried out such as training, equipment, etc.

This delegation does not apply to allocation of statutory functions made by the CEO to fulfil legislative requirements undertaken as a component of administrative tasks.

 - ii) The affixing of the Common Seal to the document in accordance with Section 9.49(2).
- b) The Common Seal is affixed to the document in the presence of the Shire President and Chief Executive Officer, each of whom are to sign the document to attest that the Common Seal was affixed in accordance with S9.49A(3).
- c) Documents that have the Common Seal affixed to them are to be recorded in the Common Seal Register.
- d) Documents defined as Level 1 are:
 - Local Laws (made and amended);
 - Local Planning Schemes (preparation, adoption, repeal or amendment);
 - Any documents for a new, lost or replacement title over land, or to take possession of land;
 - Enabling the Shire to take possession of land for the purpose of public works;
 - Mortgages (that encumber Shire assets);
 - Loans and debentures not included in the Annual Budget; and
 - Power of Attorney to act on behalf of the Shire.

Level 2 Documents require:

- a) Council authorises, the Chief Executive Officer, other Senior employees and/or agents to sign documents on behalf of the Shire in accordance with S 9.49A(4) of the Act.
- b) A Council Resolution authorising execution of the document, or a decision made under delegated authority, or a legislative provision is required prior to the execution of any document listed under Level 2 by an authorised signatory.
- c) This policy does not prevent the execution of any Level 2 documents by the affixing of the Common Seal in accordance with s9.49A(1)(a) of the Act.
- d) Documents defined as Level 2 are:
 - Lease or licence of real property (land and/or buildings), including but not limited to:
 - o Grant of Lease or licence by Shire to a third party;
 - o Shire acquiring lease or licence from another party;
 - o Variation of lease or licence;

Notes

Building permits are separate from Local Planning Scheme functions but are governed by them.

Any authorised person can issue a permit or notice etc – certifications can only be issued by a Registered Building Surveyor

For the purposes of this delegation, a Registered Building Surveyor under contract is considered to be an employee.

The Building Act 2011 requires response –

- within 10 days of lodgment, if a valid CDC is presented, as all assessment and preparation is done prior to lodgment in order to obtain the CDC, accordingly there is no reason that the CEO and other appropriate persons cannot be authorised to approve applications.
- for Class 1 and 10 buildings only, within 25 days of lodgement if a valid CDC is not presented, and the local government is required to source/provide the CDC.

With the Building Act 2011, the functions separated are –

- (a) Issue of permits, notices etc –
 - o does not require a registered person (Registered Building Surveyor), since the Certificate of Design Compliance has to be signed by a registered person
 - o the decision is on the basis of whether all the requirements of CDC have been met, and any appropriate person can do that if authorised
 - o delegation to issue permits can be made under this amended delegation
- (b) Building inspection and certification of plans still requires a registered person –
 - o who is registered as per the Act and Regulations and holding appropriate qualifications
 - o to provide a building certification service

135. Protection from liability for wrongdoing

- (1) An action in tort does not lie against a person for anything that the person has done, in good faith, in the performance or purported performance of a function under a road law.
- (3) A local government is also relieved of any liability that it might otherwise have had for another person having done anything as described in subsection (1) in relation to a function of a local government under section 11, 139 or 141.

141. Closure of roads

- (2) A local government may cause a road in its district to be closed for such period that the local government considers necessary if the local government considers that the road is unsafe for traffic but the road cannot be closed by the local government for more than one month without with the Minister's written approval to do so.

See Events on Roads Regulations –

9. Erection of barriers, signs and other equipment

- (1) A road closure ordered by the Commissioner of Police under Part VA of the Act shall be effected by the erection and maintenance by the local government for the district within which the road concerned is situated of —
 - (a) barriers, being free standing posts and rails, or other barriers which are substantial and uniform in construction;
 - (b) signs, being substantial and uniform in design, with the words "Road Closed" or similar, clearly printed in black letters upon a reflective background; and
 - (c) such other equipment as the local government considers is reasonably necessary to effect the road closure.
- (2) The costs of erecting, maintaining and removing barriers, signs and other equipment to effect a road closure are payable to the local government by the person or body who applied for the order for that road closure.
- (3) A local government may waive the payment of all or any of the costs referred to in subregulation (2).
- (4) Any costs payable to a local government under subregulation (2) may be recovered as a debt due to that local government in a court of competent jurisdiction.

 - (b) the opinions of any other landowners or occupiers adjacent to the affected portion of the road;
 - (c) likely traffic volume other than that of the applicant.

3. The exercise of this delegation is subject to –
 - (a) written application being made;
 - (b) payment of any fee for initial approval and subsequent annual approval;
 - (c) details of position and construction of the gate or other device and any associated fencing being provided;
 - (d) the applicant accepting all liability for every part and aspect of the gate or other device, and associated fencing;
 - (e) accepting responsibility for maintenance of the gated section of road / thoroughfare in a safe and adequate condition;
 - (f) approval for a maximum 12 month period, ending 30 June annually, and may be renewed upon application;
 - (g) imposition of standard conditions, and any further condition considered appropriate by the CEO.
4. The following standard conditions apply to approval of all gates or other devices across roads / thoroughfares –
 - a) the applicant is to maintain the gated section of road / thoroughfare, the gate and any associated fencing in good order;
 - b) the construction of the gates will be to the satisfaction of the Chief Executive Officer;
 - c) the gates cannot be locked;
 - d) the applicant understands that the installation of gates does not prevent access to the road reserve by any person;
 - e) all associated costs for the gates including purchase, signage, installation and maintenance are to be met by the applicant;
 - f) reflective signage, to the satisfaction of the Chief Executive Officer, is to be secured to the gates and kept in good visual condition at all times by the applicant;
 - g) pruning of vegetation is limited to that permitted by the Environment Protection (Clearing of Native Vegetation) Regulations 2004 Schedule 2;
 - h) clearing of vegetation is not permitted without prior Shire approval, and will not be considered unless in compliance with Policy 13.1;
 - i) the gated section of road / thoroughfare, the gate and any associated fencing may be inspected by an authorised person at any time.
5. CEO may apply additional conditions if considered appropriate.
6. If the relevant portion of the road, gate or fencing is not maintained in a safe and adequate standard, or the conditions imposed are not met –
 - a) notice may be issued specifying the remedial action required and the time in which such action is to be completed;
 - b) the approval for the gate may be revoked, and the gate and fencing required to be removed within a specified period;
 - c) the Shire may carry out removal or remedial works, and the applicant charged the cost of removal, maintenance or repairs at private works rates as adopted by Council.
7. Commencement of prosecution is restricted to the CEO, who may instigate action where the offence –
 - (a) is of such severity that the action is appropriate; or
 - (b) an infringement notice remains unpaid after reasonable attempts to obtain payment.
